gearelec GX10

gearelec GX10 Motorcycle Bluetooth Intercom User Manual

Model: GX10 2P | Brand: gearelec

The gearelec GX10 Motorcycle Bluetooth Intercom unit, designed for helmet integration.

INTRODUCTION

The gearelec GX10 Motorcycle Bluetooth Intercom system is engineered to enhance your riding experience by providing seamless communication, high-fidelity audio, and advanced noise cancellation. This manual provides comprehensive instructions for setting up, operating, and maintaining your GX10 intercom to ensure optimal performance and longevity.

KEY FEATURES

- **Crystal Clear Sound & 3EQ-Deep Bass:** Equipped with 40mm large tuning speakers for 3D HiFi stereo sound and three adjustable EQ modes (Breathtaking bass, rich mids, sweet treble).

- **Cutting-edge Noise Reduction:** Utilizes 12th CVC noise-canceling chip, DSP, windproof microphone, and soundproof membrane speaker to eliminate nearly 100% of riding noise, even at speeds up to 80 mph.

- **Minimalist Intercom Pairing Operation:** Supports 2-8 riders for full-duplex intercom in under 10 seconds (max 800M for 2 riders, max 2000M for 8 riders). Features Qualcomm V5.2 BT for improved stability and transmission range, compatible with other brand headsets.

- **Lively Ambiance Light & Easy to Use:** Features cool ambient lighting with colored lights and running lights modes for visibility and style. Includes built-in voice assistant, automatic answering, and recent number redialing.

- **1000mAh Battery Life & IP67-Proof:** Offers 50 hours music playback, 45 hours talk time, and up to 600 hours

standby time with a 1.5-hour full charge. IP67 waterproof and dustproof for use in extreme environments.
Visual representation of the GX10's core functionalities, including Bluetooth 5.2, long battery life, noise reduction, IP67 rating, 40mm speakers, third-party headset pairing, and multi-rider communication.
WHAT'S IN THE BOX

Your gearelec GX10 package includes the following components:

- Manual
- Microphone & Speaker Set (x1)
- Single/Double Sided Adhesives (x1)
- USB Cable (x1)
- Metal Clip (x1)
- Speaker Fasteners (x4)
- Rectangular Fasteners (x2)
- Gift Box
- Bluetooth Headset (x1)
- Mount (x1)

What In The Box

1. Manual ×1
2. Microphone & Speaker Set ×1
3. Single/Double Sided Adhesives ×1
4. USB Cble ×1
5. Metal Clip×1
6. Speaker Fasteners ×4
7. Rectangular Fasteners ×2
8. Gift Box ×1
9. Bluetooth Headset ×1
10. Mount ×1

An overview of all items included in the GX10 product package, along with visual guides for two common installation methods: using a screwless buckle clip or adhesive.

SETUP

1. Charging the Device

Before first use, fully charge your GX10 intercom. Connect the provided USB cable to the charging port on the unit and a compatible USB power source. A full charge takes approximately 1.5 hours.

Fast Charging and 1000mAh Super Large Capacity

Once fully charged you can ride as much as you want

1000mAh

45h	50h	600h	1.5h
Continuous Call	Listen to The Music	Standby Time	Charging Time

The GX10 unit showing its USB-C charging port and indicating its 1000mAh battery capacity, offering 45 hours continuous call, 50 hours music, and 600 hours standby time.

2. Helmet Installation

The GX10 offers two primary installation methods for your helmet: a screwless buckle clip or adhesive mounting. Refer to the 'What's in the Box' image above for visual guidance on both methods.

- **Mounting the Unit:** Choose between the metal clip for a secure, removable attachment or the adhesive mount for a permanent fixture on the side of your helmet.
- **Speaker Placement:** Position the 40mm speakers inside your helmet's ear pockets, ensuring they are aligned with your ears for optimal audio quality. Use the provided fasteners to secure them.
- **Microphone Installation:** Secure the microphone inside the helmet, near your mouth, for clear voice pickup. Ensure it is not obstructed.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Press and hold the Power button until the indicator light turns on.
- **Power Off:** Press and hold the Power button until the indicator light turns off.

Bluetooth Pairing with Mobile Device

To connect your GX10 to your smartphone or other Bluetooth-enabled device:

1. Ensure the GX10 is powered off.
2. Press and hold the Multi-function button until the indicator light flashes rapidly, indicating pairing mode.
3. On your mobile device, enable Bluetooth and search for 'GX10'.
4. Select 'GX10' from the list of available devices to complete pairing.

Intercom Communication

The GX10 supports multi-person intercom for up to 8 riders, with a maximum range of 2000 meters (800 meters for 2 riders).

Illustration of multiple riders connected via the GX10 intercom system, demonstrating its multi-person communication capability and extended range.

- **Pairing Intercoms:** Follow the specific pairing instructions in your detailed manual for multi-unit connection. The GX10 simplifies this process for quick setup.

- **Initiating Intercom:** Once paired, press the Intercom button to start communication.

- **Ending Intercom:** Press the Intercom button again to end the conversation.

Music Playback & EQ Settings

Enjoy high-fidelity music directly through your helmet speakers.

Two riders on motorcycles, with visual sound waves indicating music sharing and EQ sound settings for personalized audio experience.

- **Play/Pause:** Press the Multi-function button once.

- **Next Track:** Press the '+' button.

- **Previous Track:** Press the '-' button.

- **Volume Adjustment:** Long press '+' for volume up, long press '-' for volume down.

- **EQ Modes:** Cycle through the three EQ modes (Breathtaking bass, rich mids, sweet treble) by double-pressing the Multi-function button.

Phone Calls

- **Answer Call:** Press the Multi-function button once.
- **End Call:** Press the Multi-function button once during a call.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Redial Last Number:** Double-press the '-' button.

Ambiance Light Control

The GX10 features customizable ambient lighting.

A motorcyclist's helmet showcasing the GX10's dynamic marquee and colorful light modes, which can be set to blue, red, or green, enhancing visibility and rider experience.

- **Toggle Light Modes:** Press the Light button (usually a dedicated button or a combination press, refer to specific manual for exact button).
- **Color Options:** Cycle through available colors (e.g., blue, red, green) and marquee effects.

Voice Assistant

Activate your smartphone's voice assistant (Siri, Google Assistant) directly from the GX10.

- **Activate:** Press the Voice Assistant button (refer to specific manual for exact button).

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your gearelec GX10 intercom.

- **Cleaning:** Wipe the unit with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Water Resistance:** The GX10 is IP67 waterproof and dustproof, meaning it can withstand rain, snow, and dusty conditions. However, avoid submerging the unit in water for extended periods. Ensure the charging port cover is securely closed when not charging.
- **Storage:** Store the unit in a cool, dry place when not in use. For long-term storage, charge the battery to about 50% every few months to preserve battery health.

The GX10 intercom unit is shown enduring splashes of water and dust, highlighting its IP67 waterproof and dustproof capabilities for reliable use in challenging environments.

TROUBLESHOOTING

If you encounter issues with your GX10 intercom, try the following solutions:

- **No Power:** Ensure the unit is fully charged. Check the charging cable and adapter.
- **Cannot Pair Bluetooth:** Make sure the GX10 is in pairing mode (rapidly flashing indicator light). Turn off and on your phone's Bluetooth. Clear previous Bluetooth connections on both devices and try again.
- **Intercom Disconnects:** Ensure all units are within the specified range. Check for obstacles that might interfere with the signal. Re-pair the intercom units if necessary.
- **Poor Audio Quality/Noise:** Verify speakers are correctly positioned in the helmet. Ensure the microphone is not obstructed and is close to your mouth. The advanced noise cancellation should handle most environmental noise.
- **Buttons Unresponsive:** Try resetting the device (refer to the full manual for specific reset instructions). Ensure the unit is not exposed to extreme temperatures.
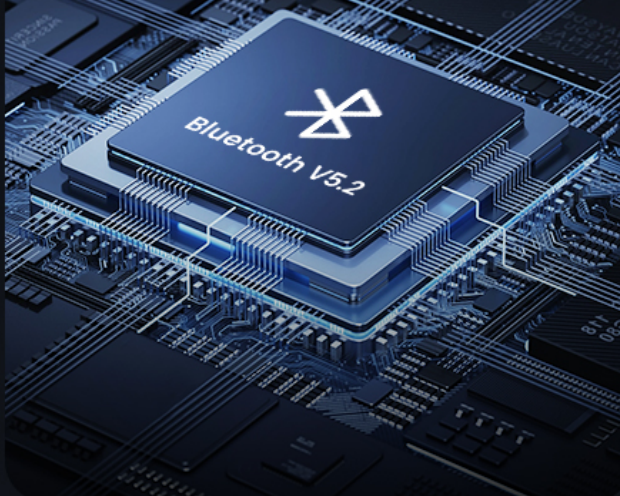

For persistent issues, please refer to the comprehensive user manual or contact gearelec customer support.
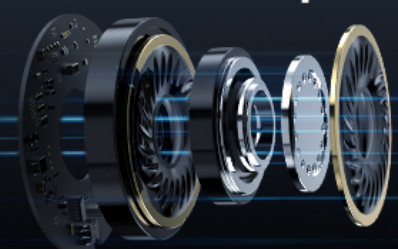

SPECIFICATIONS

Feature	Detail
Model Name	GX10 2P
