BAOFENG UV-13 Pro Charger Base

BAOFENG UV-13 Pro Charger Base User Manual

Model: UV-13 Pro Charger Base | Brand: BAOFENG

1. Introduction

This user manual provides detailed instructions for the safe and efficient operation of your BAOFENG UV-13 Pro Charger Base. Please read this manual thoroughly before use to ensure proper functionality and to prevent damage to the device or connected equipment. This charger is designed to provide reliable power to your compatible BAOFENG two-way radios.

2. Product Features

- **Advanced Protection Features:** Equipped with low heat dissipation, overcurrent protection, over-temperature protection, short-circuit protection, and high voltage protection to enhance safety and device longevity.
- **LED Indicator:** Provides visual cues for charging status. A red light indicates fast charging, and a green light signals a full charge.
- **Perfect Compatibility:** Designed for seamless operation with original batteries and a range of compatible BAOFENG and TYT radio models.
- **Durable Design:** Constructed for reliable and long-term use.

3. Package Contents

Your package should contain the following items:

- 2 x BAOFENG UV-13 Pro Charger Desktop Base
- 2 x US Adapter (Power Cord)

Image: Two BAOFENG UV-13 Pro charger bases, each with an integrated US power adapter, illustrating the complete package contents.

4. Setup

1. Place the charger base on a stable, flat surface away from direct sunlight, heat sources, and moisture.
2. Plug the US adapter's power cord into a standard 120V AC wall outlet.
3. Ensure the connection is secure. The charger is now ready for use.

5. Operating Instructions (Charging Process)

1. Ensure the charger base is properly connected to a power source.
2. Carefully insert your compatible BAOFENG radio (with battery attached) into the charging slot of the base. Ensure the radio makes full contact with the charging terminals.
3. Observe the LED indicator on the charger base:
    - **Red Light:** Indicates that the battery is currently charging.
    - **Green Light:** Indicates that the battery is fully charged.
4. Once the LED turns green, the battery is fully charged. You may remove the radio from the charger.
5. For optimal battery life, avoid overcharging by removing the radio once fully charged.

Image: Visual representation of the LED indicator states: red for charging and green for fully charged.

Image: A BAOFENG radio securely placed in the charger base, demonstrating how the device sits during charging. Text overlays highlight protection features like overcharger, temperature, overcurrent, short-circuit, and high voltage protection.

6. Compatibility

This charger base is designed for perfect compatibility with your original battery and a variety of two-way radio models. Compatible models include:

- BAOFENG UV-13
- BAOFENG UV-13 Pro (V1, V2)
- BAOFENG UV999
- BAOFENG UV999Pro Max
- BAOFENG P15UV

- TYT UV-88
- TYT UV-99
- K5M
- UV-999

7. Maintenance

- Keep the charger base clean and free from dust and debris. Use a soft, dry cloth for cleaning.
- Avoid exposing the charger to water or excessive humidity.
- Do not disassemble the charger. Refer all servicing to qualified personnel.
- Store the charger in a cool, dry place when not in use.

8. Troubleshooting

Problem	Possible Cause	Solution
Charger LED not lighting up.	No power to the charger, loose connection, or faulty outlet.	Check if the power adapter is securely plugged into the wall outlet and the charger base. Try a different outlet.
Radio not charging (LED remains green or off).	Radio not properly seated, battery fully charged, or battery issue.	Ensure the radio is firmly seated in the charging slot. If the LED is green, the battery is already charged. Test with another compatible radio/battery if available.
Charger or radio becomes excessively hot.	Poor ventilation, faulty battery, or internal issue.	Immediately disconnect from power. Ensure adequate ventilation around the charger. Do not use if overheating persists. Contact support.

9. Specifications

Attribute	Value
Product Dimensions	4.37 x 6.5 x 2.28 inches (11.1 x 16.5 x 5.8 cm)
Item Weight	8.3 ounces (0.24 kg)
Input Voltage	8.4 Volts (DC)
Color	Black
Manufacturer	BAOFENG
Country of Origin	China
