# Sembo Sany Raupenbagger 712038 Instruction Manual

Model: 712038 | Brand: Sembo Block

## 1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Sembo Sany Raupenbagger 712038 building block set. Please read this manual carefully before beginning assembly to ensure correct construction and safe use of the model.

The Sembo Sany Raupenbagger 712038 is a detailed construction model designed for enthusiasts aged 8 and above. It consists of 634 pieces, allowing for the creation of a realistic excavator replica.

## 2. SAFETY INFORMATION

- **Small Parts Warning:** This product contains small parts and is not suitable for children under 3 years old due to choking hazards.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger builders.
- **Material:** The product is made from non-toxic plastic.
- **Handling:** Handle pieces carefully to avoid breakage.

## 3. SETUP AND ASSEMBLY

Follow these steps to set up and assemble your Sembo Sany Raupenbagger 712038 model.

1. **Unpack Components:** Carefully open the packaging and lay out all bags of building blocks. Verify that all 634 pieces are present according to the parts list (usually found at the beginning or end of the included instruction booklet).
2. **Organize Pieces:** Sort the pieces by color, size, or type to facilitate easier assembly.

3. **Follow Instructions:** Refer to the separate, detailed instruction booklet provided with the set. Each step is illustrated to guide you through the construction process.
4. **Secure Connections:** Ensure all blocks are firmly connected to prevent the model from falling apart during play or display.

## 4. OPERATING THE MODEL

---

Once assembled, the Sembo Sany Raupenbagger 712038 model can be interacted with in various ways:

- **Movable Parts:** The excavator features articulated components such as the boom, arm, and bucket. Gently manipulate these parts to simulate digging and lifting actions.
- **Rotating Cabin:** The operator's cabin may rotate on its base. Turn it carefully to position the excavator for different tasks.
- **Track Movement:** The tracks are designed for static display or manual movement. Avoid forcing the tracks if they encounter resistance.

This model is intended for display and light play. Avoid applying excessive force to any part of the model to prevent damage.

## 5. MAINTENANCE

---

Proper care will ensure the longevity and appearance of your building block model.

- **Cleaning:** To clean the model, gently wipe it with a soft, dry cloth. For stubborn dust, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Disassembly:** If disassembling the model, do so carefully to avoid damaging the connection points of the blocks. Store pieces in sealed bags to prevent loss.

## 6. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Missing Pieces:** If you discover missing pieces during assembly, double-check the packaging and all sorted piles. If still missing, contact Sembo Block customer support (refer to the original product packaging or manufacturer's website for contact details).
- **Difficulty Connecting Blocks:** Ensure blocks are aligned correctly. Apply firm, even pressure. If a block is particularly difficult, check for any debris in the connection points.
- **Model Instability:** Review previous assembly steps to ensure all connections are secure and no steps were missed. Loose connections can lead to instability.
