## HAUSHOF HH24100

# HAUSHOF Retractable Garden Hose Reel HH24100 User Manual

Model: HH24100 | Brand: HAUSHOF

## INTRODUCTION

This manual provides comprehensive instructions for the HAUSHOF Retractable Garden Hose Reel HH24100. This product is designed to simplify outdoor watering and cleaning tasks with its advanced features, including a 1/2-inch by 130-foot hose, an auto-lock mechanism, a slow return system, and a 180-degree swivel wall-mounted bracket. Please read this manual thoroughly before installation and operation to ensure safe and efficient use.

## PRODUCT FEATURES

- Automatic Rewind Function:** The advanced automatic rewind system facilitates easy hose retraction, eliminating manual coiling. The system locks the hose at any length, offering flexibility for various garden sizes. The built-in spring mechanism is tested for over 8,000 cycles, ensuring long-term reliability.
- High-Pressure Durable Hose:** Equipped with a robust 130-foot, 1/2-inch diameter hose, this reel enhances water flow and pressure by up to 20%. Internally, the hose features German-imported sealing rings and a CNC-machined aluminum alloy shaft, reducing leak risks and extending service life.
- Multi-Function Spray Nozzle:** A versatile nozzle with 10 spray patterns (mist, jet, shower, cone, etc.) is included. This allows adaptation to various needs, such as watering plants, washing vehicles, cleaning patios, or bathing pets.
- UV and Freeze Protection:** Constructed from high-quality, weather-resistant materials, the hose and reel are designed to withstand UV rays, freezing temperatures, and harsh outdoor conditions for dependable year-round performance.
- Easy Assembly and Flexibility:** Includes a 180° swivel wall-mount bracket for full directional coverage. This design allows the hose to follow movement effortlessly, preventing tangles and making watering smoother.

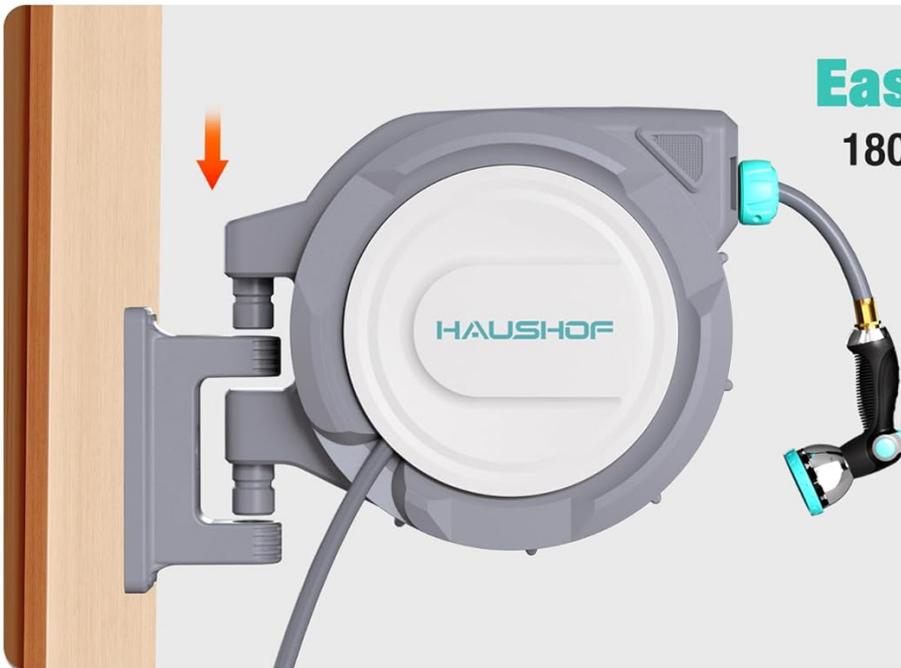

## SETUP AND INSTALLATION

Follow these steps for proper installation of your HAUSHOF Retractable Garden Hose Reel:

- Choose Location:** Select a suitable wall location near a water source.

2. **Mark Drill Points:** Use the provided template to accurately mark the four drill points for the wall mount bracket.
3. **Drill Holes:** Drill holes at the marked points.
4. **Insert Anchors:** Insert the provided screw anchors into the drilled holes.
5. **Mount Bracket:** Secure the wall mount bracket using the provided screws. Ensure it is firmly attached.
6. **Attach Hose Reel:** Slide the hose reel onto the mounted bracket. The design allows for easy attachment and removal.
7. **Connect Water Supply:** Connect the short lead hose from the reel to your outdoor faucet. Ensure all connections are tight to prevent leaks.

**180° FREE  
SWIVEL**

**Easy Installation**  
180° swivel mount wall  
plugs included

The 180-degree swivel bracket allows for flexible movement, and installation is simplified with included wall plugs.

Use the provided template to accurately mark drill points for the wall mount bracket.

This video demonstrates the simple installation process and highlights key features of the HAUSHOF Retractable Garden Hose Reel.

## OPERATION

---

Operating your HAUSHOF Retractable Garden Hose Reel is straightforward:

1. **Extend Hose:** Gently pull the hose to the desired length. The auto-lock mechanism will engage, holding the hose in place.
2. **Adjust Spray Pattern:** Rotate the head of the multi-function spray nozzle to select one of the 10 available patterns.
3. **Control Water Flow:** Use the lever on the spray nozzle to turn the water on or off and adjust the flow intensity.
4. **Retract Hose:** To retract, give the hose a short tug to disengage the auto-lock. The slow return system will then smoothly and safely rewind the hose into the reel.

# RETRACTABLE GARDEN HOSE REEL

Keep Your Garden Neat and Tidy

**VS**

The HAUSHOF Retractable Garden Hose Reel provides convenient watering for your garden, keeping the area tidy.

# SELF-LOCK MECHANISM

The tube automatically locks in place when extended and released  
To unlock, simply pull it again

## Safe & Controlled Hose Retraction

Slowly retracts 130FT hose in 18-20s, preventing dangerous swings

The hose features a self-lock mechanism, allowing it to lock at any desired length for ease of use.

**Flow Control Knob**

**10 PATTERN NOZZLE**  
Choose different pattern according to different situations

The included multi-function spray nozzle offers 10 distinct spray patterns for various watering and cleaning tasks.

## STABLE WATER PRESSURE WATER FLOW + 20%

CLEANING THE FLOOR

WATERING PLANTS

BATHING PETS

WASHING THE CAR

### MAINTENANCE

To ensure the longevity and optimal performance of your HAUSHOF Retractable Garden Hose Reel, consider the following general maintenance tips:

- **Regular Cleaning:** Periodically wipe down the hose and reel casing to remove dirt and debris.
- **Inspect for Leaks:** Regularly check hose connections and the nozzle for any signs of leaks. Tighten connections as needed.
- **Winter Storage:** Although designed with freeze protection, in areas with severe winters, it is recommended to disconnect the hose reel, drain all water, and store it in a frost-free location to prevent potential damage. The

integrated handle allows for easy removal and transport.

- **Hose Inspection:** Inspect the hose for any kinks, cracks, or damage. Replace the hose if significant damage is found to maintain optimal water flow and prevent leaks.

The integrated handle allows for easy removal and transport of the hose reel for storage.

## TROUBLESHOOTING

This section addresses common issues you might encounter with your HAUSHOF Retractable Garden Hose Reel:

- **Hose Not Retracting:** If the hose does not retract, pull it out slightly further until you hear a click, then release it slowly. Ensure there are no obstructions preventing the hose from rewinding.
- **Low Water Pressure:** Check that the water supply faucet is fully open. Inspect the hose for any kinks or blockages. Ensure the spray nozzle is clean and free of debris.
- **Leaks at Connections:** Verify that all hose connections (to the faucet and nozzle) are securely tightened. Check if the rubber washers are properly seated and not damaged. Replace washers if necessary.
- **Nozzle Malfunction:** If the spray patterns are inconsistent or the nozzle is not functioning correctly, ensure it is clean. If issues persist, the nozzle may need replacement.

## SPECIFICATIONS

---

<b>Brand</b>	HAUSHOF
<b>Model Number</b>	HH24100
<b>Hose Length</b>	130 feet
<b>Hose Diameter</b>	1/2 inch
<b>Material</b>	Metal (shaft), PVC (hose)
<b>Color</b>	Black / Grey
<b>Item Weight</b>	17.35 Kilograms
<b>Operation Mode</b>	Automatic
<b>Swivel Angle</b>	180°
<b>Included Components</b>	Hose Reel, 130ft Hose, Multi-Function Spray Nozzle, Wall Mount Bracket, Mounting Hardware (Bolts, Expanding Sleeves), Valve

# NO LEAKS. LONGER LIFE
