onerbl LY-666

onerbl Car Adapter Instruction Manual for POIYTL LY-666 Tire Inflator

Model: LY-666 Compatible Adapter

Introduction

This manual provides essential instructions for the safe and effective use of your onerbl Car Adapter, designed specifically for the POIYTL LY-666 LY666 666 Tire Inflator Portable Air Compressor. Please read this manual thoroughly before use and retain it for future reference.

Figure 1: The onerbl Car Adapter. This image shows the compact design of the car adapter, featuring a barrel connector for compatibility with the POIYTL LY-666 tire inflator and a standard car cigarette lighter plug for power input.

Setup

1. **Verify Compatibility:** Ensure your device is the POIYTL LY-666 LY666 666 Tire Inflator Portable Air Compressor. This adapter is specifically designed for this model.

2. **Inspect Adapter:** Before first use, visually inspect the car adapter and its cable for any signs of damage, such as cuts, frayed wires, or bent connectors. Do not use if damaged.
3. **Connect to Inflator:** Insert the barrel connector end of the onerbl car adapter firmly into the DC input port of your POIYTL LY-666 tire inflator.
4. **Connect to Vehicle Power:** Insert the car cigarette lighter plug end of the adapter into your vehicle's 12V DC power outlet (cigarette lighter socket). Ensure a secure connection.
5. **Power On Vehicle:** For optimal performance and to prevent draining your vehicle's battery, it is recommended to start your vehicle's engine before operating the tire inflator.

Operating Instructions

Once the onerbl car adapter is correctly connected to both the POIYTL LY-666 tire inflator and your vehicle's 12V DC power outlet, you can proceed with operating your tire inflator as per its own instruction manual. The car adapter provides the necessary 12V DC power from your vehicle.

- **Power Indicator:** Some car adapters may feature an LED indicator light to confirm power is being supplied. If present, ensure it illuminates when connected.
- **Continuous Use:** Avoid prolonged continuous use that may cause the adapter or vehicle outlet to overheat. Refer to your tire inflator's manual for recommended duty cycles.
- **Disconnecting:** When finished, first turn off the tire inflator, then disconnect the car adapter from the vehicle's power outlet, and finally from the tire inflator.

Maintenance

- **Cleaning:** Disconnect the adapter from all power sources before cleaning. Use a dry, soft cloth to wipe the adapter. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid kinking or tightly wrapping the cable.
- **Inspection:** Periodically inspect the cable and connectors for any signs of wear or damage. Replace the adapter if any damage is observed.

Troubleshooting

Problem	Possible Cause	Solution
Adapter not providing power.	• Loose connection. • Vehicle's 12V outlet fuse blown. • Adapter or cable damage. • Vehicle not running (if required).	• Ensure all connections are secure. • Check and replace vehicle's 12V outlet fuse if necessary. • Inspect adapter for damage; replace if found. • Start vehicle engine.
Adapter or device overheating.	• Prolonged continuous use. • Poor ventilation.	• Allow adapter and device to cool down. • Ensure adapter is not covered during use. • Adhere to tire inflator's duty cycle.

If troubleshooting steps do not resolve the issue, contact customer support.

Specifications

Brand: onerbl

Compatible Devices: POIYTL LY-666 LY666 666 Tire Inflator Portable Air Compressor 25000mAh Battery

Connector Type: Barrel Connector

Input Voltage: 12-24V DC (from vehicle)

Output Voltage: 12V DC (compatible with inflator)

Special Features: Over Voltage Protection, Over Heat Protection, Short Circuit Protection

Color: Black

Manufacturer: Shenzhen Waweis Technology Co., Ltd

ASIN: B0DNZ59WGR

Warranty Information

This onerbl product is tested to ensure it meets the power needs of your device. For specific warranty terms and conditions, please refer to the documentation provided with your purchase or contact the seller directly.
