4. SETUP

4.1. Assembly and Placement

The soundbar can be assembled into a single bar or used as two separate tower speakers. Choose the configuration that best suits your space and audio preference.

- **Horizontal Placement:** Align and merge the two sections of the soundbar, then twist to lock them in place.
- **Vertical Tower Placement:** Attach each soundbar section to its respective stand base.
- **Wall Mount:** The soundbar can also be wall-mounted (hardware not included).

4.2. Connecting to Your TV

The soundbar supports multiple connection methods:

- **HDMI ARC:** For the best audio quality and TV remote control integration. Connect the ARC cable from the soundbar's ARC port to your TV's HDMI ARC/eARC port.
- **Optical:** Connect the Optical cable from the soundbar's OPT port to your TV's Optical Out port.
- **AUX:** Connect the 3.5mm AUX cable from the soundbar's AUX port to your TV's Audio Out port.
- **Bluetooth:** For wireless connection from compatible devices.

Note: The soundbar does not support Dolby and DTS audio formats. Please ensure these are turned off in your TV's audio settings and streaming apps (e.g., Netflix, Prime, Hulu, YouTube) to avoid compatibility issues.

4.3. Setup Video Guide

For a visual guide on installation methods, please refer to the video below:

Video: Demonstrates 4 types of placement and installation methods for the soundbar.

5. OPERATING INSTRUCTIONS

5.1. Power On/Off

Press the power button on the soundbar or remote control to turn the unit on or off.

5.2. Input Mode Selection

Use the 'MODE' button on the remote control to cycle through input sources: Bluetooth, ARC, Optical, and AUX. The LED indicator on the soundbar will change color to indicate the active mode.

5.3. Volume Control

Adjust the volume using the '+' and '-' buttons on the remote control. In ARC mode, you may be able to control the volume using your TV remote.

5.4. Equalizer Modes

Optimize your audio experience with three preset equalizer modes:

- **Movie Mode:** Enhances cinematic audio with rich, dynamic sound.
- **Music Mode:** Provides luxurious melodies and balanced audio for music playback.
- **News Mode:** Optimizes dialogue for crystal-clear speech.

3 Equalizer Modes

Customized Sound for Each Scene

5.5. Bluetooth Pairing

To pair a Bluetooth device:

1. Switch the soundbar to Bluetooth mode. The LED indicator will flash.
2. Enable Bluetooth on your device (smartphone, tablet, etc.) and search for 'Assistrust Sound Bar'.
3. Select the soundbar from the list to connect. The LED indicator will turn solid when connected.

5.6. Product in Use Video

6. MAINTENANCE

To ensure the longevity and optimal performance of your soundbar, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the soundbar. Do not use liquid cleaners or abrasive materials.
- **Placement:** Avoid placing the soundbar in direct sunlight, near heat sources, or in areas with high humidity.
- **Storage:** If storing the soundbar for an extended period, disconnect it from power and store it in a cool, dry place.

7. TROUBLESHOOTING

If you encounter issues with your soundbar, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No Sound	Incorrect input mode selected; Cables not connected properly; TV audio output settings incorrect; Dolby/DTS audio enabled on TV.	Ensure correct input mode is selected. Check all cable connections. Adjust TV audio output to PCM/Stereo. Turn off Dolby/DTS on TV and streaming apps.
Bluetooth Not Connecting	Soundbar not in pairing mode; Device too far; Interference.	Ensure soundbar is in Bluetooth pairing mode (flashing LED). Move device closer to soundbar. Avoid obstacles and other wireless devices.
Remote Control Not Working	Batteries low/dead; Obstruction between remote and soundbar; Remote not pointed correctly.	Replace batteries. Remove any obstructions. Point remote directly at the soundbar's sensor.
Sound Distortion	Volume too high; Source audio quality poor.	Reduce volume. Check the quality of the audio source.

If the problem persists, please contact customer support.
