Dyson 533818-01

Dyson Airwrap I.D. 6-In-1 Multi-Styler User Manual

Model: 533818-01

INTRODUCTION

The Dyson Airwrap I.D. 6-In-1 Multi-Styler is engineered to style hair using the Coanda effect, without relying on extreme heat. This manual provides essential information for the safe and effective use of your multi-styler and its various attachments. Please read all instructions carefully before first use and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

- **Keep away from children:** This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.
- **Electrical Safety:** Always ensure the voltage indicated on the appliance corresponds to your mains voltage. Do not use the appliance with a damaged cord or plug. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent, or similarly qualified persons to avoid a hazard.
- **Water and Moisture:** Do not use this appliance near water, in a bathroom, or near a bathtub, shower, basin, or other vessels containing water. Never immerse the appliance in water or any other liquid.
- **Heat:** The appliance and its attachments can become hot during use. Allow them to cool before handling or storing. Do not block the air inlets or outlets during operation.
- **Maintenance:** Unplug the appliance before cleaning. Do not attempt to repair or disassemble the appliance yourself. Contact authorized service personnel for any repairs.

WHAT'S IN THE BOX

Your Dyson Airwrap I.D. Multi-Styler package includes the following components:

- Main Dyson Airwrap i.d. Multistyler unit (the handle)

- 1.6 inches Airwrap Long Barrel
- Conical Airwrap Barrel
- Dryer + Flyaway Smoother attachment
- Large Round Volumizing Brush
- Soft Smoothing Brush
- Presentation case

SETUP INSTRUCTIONS

1. **Unpack:** Carefully remove all components from the packaging. Inspect for any damage.
2. **Connect to Power:** Plug the multi-styler into a suitable electrical outlet (240 Volts).
3. **Attach Styling Head:** Select the desired styling attachment and align it with the main unit. Push firmly until it clicks securely into place.
4. **My Dyson App (Optional but Recommended):** For personalized styling and i.d. curl technology, download the My Dyson App on your smartphone. Follow the in-app instructions to pair your device via Bluetooth and create your hair profile.

OPERATING INSTRUCTIONS

General Operation

The Dyson Airwrap I.D. Multi-Styler features intuitive controls for airflow, temperature, and a cold shot function.

- **Power On/Off:** Use the main power switch located on the handle.
- **Airflow Speed:** Adjust between three precise airflow speeds using the dedicated button.
- **Temperature Control:** Select from three precise heat settings to suit your hair type and desired style.
- **Cold Shot:** Press and hold the cold shot button to set your style with cool air.

Using Attachments

Each attachment is designed for specific styling needs:

- **Fast Dryer:** Use to pre-dry hair to a damp state before styling with other attachments.
- **Conical Airwrap Barrel:** Designed for creating curls and waves, particularly effective for styling close to the hair root. The Coanda airflow attracts and wraps hair automatically.
- **1.6 inches Airwrap Long Barrel:** Creates voluminous curls and waves. Features multi-directional airflow for clockwise and anti-clockwise curls with a single barrel.
- **Large Round Volumizing Brush:** Directs air into the hair to create volume and shape. Ideal for fine, flat hair.
- **Soft Smoothing Brush:** Engineered to smooth and control hair, creating a sleek finish.
- **Dryer + Flyaway Smoother:** A versatile attachment that can be used for both drying and smoothing flyaways for a polished look.

i.d. Curl Technology and App Connectivity

The Dyson Airwrap I.D. is Bluetooth-enabled, allowing for personalized styling through the My Dyson App.

- **Personalized Hair Profile:** Create your unique hair profile in the My Dyson App. This allows the multi-styler

to tailor its settings for optimal results.

- **Automated Curling Sequence:** With i.d. curl technology, the multi-styler can automatically time and adjust the wrap, style, and cold shot phases based on your personalized profile, ensuring consistent curls every time.

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Dyson Airwrap I.D. Multi-Styler.

- **Filter Cleaning:** The filter at the base of the handle should be cleaned regularly to prevent airflow obstruction. Twist and pull down the filter cage, then clean the filter mesh with a soft, dry cloth or brush. Ensure it is completely dry before reattaching.
- **Attachment Cleaning:** Wipe down all attachments with a damp cloth after each use to remove any hair product residue. Ensure attachments are dry before storing.
- **Storage:** Store the multi-styler and its attachments in the provided presentation case to protect them from dust and damage.

TROUBLESHOOTING

If you encounter any issues with your Dyson Airwrap I.D. Multi-Styler, refer to the following common solutions:

Problem	Possible Cause	Solution
Appliance not turning on	No power supply; Damaged cord/plug	Check power outlet and connections. Inspect cord for damage. If damaged, contact Dyson support.
Weak airflow or overheating	Blocked filter; Blocked air inlets/outlets	Clean the filter at the base of the handle. Ensure air inlets and outlets are clear of obstructions.
Attachments not securing properly	Incorrect alignment; Debris in connection point	Ensure attachment is correctly aligned and pushed firmly until it clicks. Check for any debris in the connection area.

Problem	Possible Cause	Solution
Curls not holding or forming	Hair too wet/dry; Incorrect technique; Incorrect heat/airflow settings	Ensure hair is damp (not soaking wet or completely dry). Review styling technique. Adjust heat and airflow settings. Utilize the cold shot to set curls.

For further assistance or issues not listed here, please contact Dyson Customer Support.

TECHNICAL SPECIFICATIONS

Model Number: 533818-01

Product Dimensions: 39.9 x 19.8 x 17.5 cm

Item Weight: 590 g

Wattage: 1300 Watts

Voltage: 240 Volts

Number of Heat Settings: 3

Number of Airflow Speeds: 3
