

VIVO DESK-KIT-1W8B

VIVO Large Electric Standing Desk 83x30 inch (DESK-KIT-1W8B) User Manual

Model: DESK-KIT-1W8B

1. INTRODUCTION

This manual provides essential information for the safe and efficient operation of your VIVO Large Electric Standing Desk. Please read all instructions carefully before assembly and use to ensure proper function and longevity of the product. This electric standing desk is designed to provide a versatile workstation, allowing for seamless transitions between sitting and standing positions to promote a healthier work environment.

2. SAFETY INFORMATION

- Always follow the assembly instructions carefully.
- Keep fingers and other body parts away from moving parts during height adjustment.
- Do not exceed the maximum weight limit of 220 lbs (100 kg) to ensure stability and prevent damage.
- Ensure the desk is placed on a level surface.
- Do not sit or stand on the desk.
- Ensure all cables are properly managed to avoid entanglement during height adjustments.
- This product is suitable for dry indoor environments only.
- In case of a sudden power failure, the desk can be returned to a flat angle using the emergency power function (if applicable).

3. PACKAGE CONTENTS

Your VIVO Large Electric Standing Desk is shipped in two separate boxes, which may arrive on different days. Please ensure all components are present before beginning assembly.

- Assembly Manual
- Memory Controller
- Desk Frame Components

- 83 x 30-inch Desktop (3-piece)
- Hardware Pack

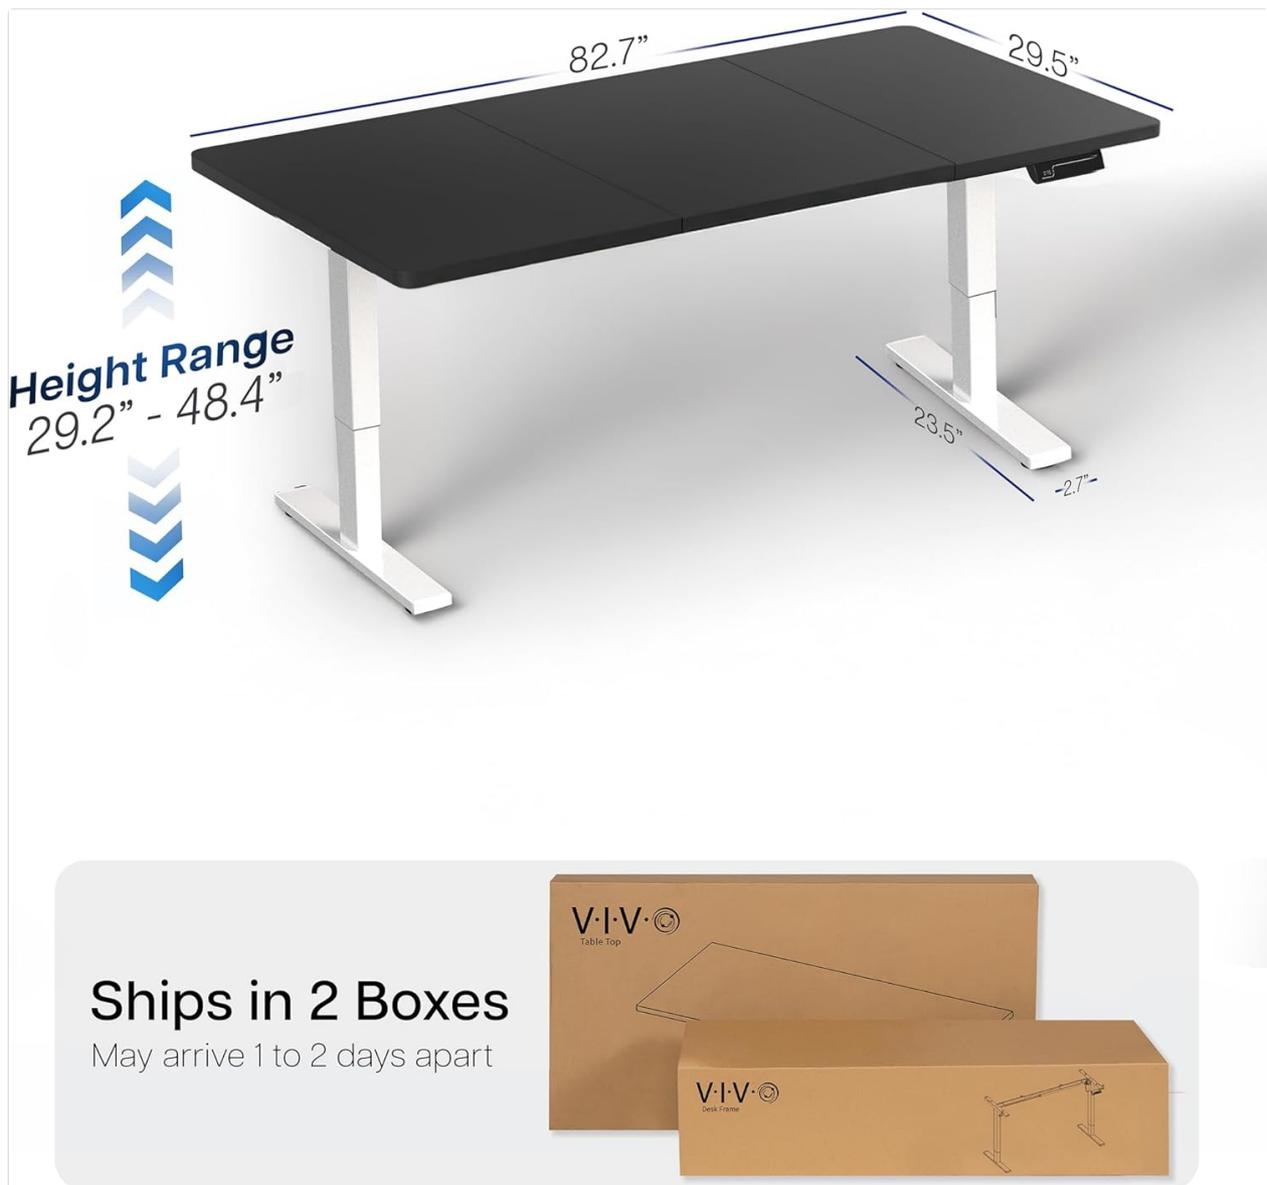

Figure 3.1: The VIVO desk is shipped in two boxes, which may arrive separately.

4. SETUP AND ASSEMBLY

Assembly of the VIVO Large Electric Standing Desk requires careful attention to detail. It is recommended that two people perform the assembly for ease and safety. A screwdriver is recommended for assembly, but other tools are not included.

1. Unpack all components and verify against the parts list in the included Assembly Manual.
2. Assemble the desk frame according to the step-by-step instructions provided in the Assembly Manual. This typically involves attaching the legs to the crossbar and feet.
3. Secure the three-piece desktop panels to the assembled frame. Ensure panels are aligned precisely for a smooth, sturdy surface.
4. Install the control panel (memory controller) to the underside of the desktop in the designated location.
5. Connect the motor and control panel cables to the power source and then to a wall outlet.
6. Perform an initial calibration as per the Assembly Manual to ensure proper height adjustment functionality.

5. OPERATING INSTRUCTIONS

5.1 Height Adjustment

The desk features a powerful electric motor for smooth and precise telescopic height adjustment. The height range is from 29.2 inches (sitting height) to 48.4 inches (standing height).

- Use the **Up** (▲) and **Down** (▼) buttons on the memory controller to manually adjust the desk to your desired height.
- The LED display on the controller shows the current height in inches.

Wide Height Range

Height adjustment range 29.2" - 48.4"

Figure 5.1: Wide height range from 29.2 inches to 48.4 inches.

5.2 Memory Presets

The memory controller allows you to save up to four preferred height settings for quick and easy transitions.

- To save a height: Adjust the desk to your desired height using the Up/Down buttons. Press the 'M' button, then press one of the numbered preset buttons (1, 2, 3, or 4) within 3 seconds. The display will confirm the setting is saved.
- To recall a saved height: Simply press the corresponding numbered preset button (1, 2, 3, or 4). The desk will automatically move to the saved position.

5.3 Benefits of an Active Workstation

Regularly switching between sitting and standing positions can contribute to improved posture, reduced strain, and increased efficiency throughout your workday.

Figure 5.3: Benefits of using an active standing desk.

6. MAINTENANCE

- Regularly clean the desktop surface with a soft, damp cloth. Avoid abrasive cleaners.
- Check all screws and connections periodically to ensure they are tight and secure.
- Inspect power cords for any signs of damage. Replace immediately if damaged.
- Keep the motor and moving parts free from dust and debris.

7. TROUBLESHOOTING

If you encounter any issues with your VIVO Electric Standing Desk, please refer to the comprehensive troubleshooting section in your Assembly Manual. Common issues may include:

- Desk not responding to controls: Check power connections and ensure the motor cables are securely plugged in.
- Uneven height adjustment: Perform a calibration as described in the Assembly Manual.
- Error codes on display: Consult the Assembly Manual for specific error code meanings and solutions.

If problems persist, contact VIVO customer support for assistance.

8. SPECIFICATIONS

Feature	Specification
Brand	VIVO
Model Number	DESK-KIT-1W8B
Desk Design	Computer Desk
Product Dimensions (D x W x H)	29.5"D x 82.7"W x 29.2"H
Color	Black Top / White Frame
Base Material	Alloy Steel
