

Nathan James Jasper 3-Drawer Dresser 71802

Nathan James Jasper Mid Century Modern 3-Drawer Dresser User Manual

Model: Jasper 3-Drawer Dresser 71802

1. PRODUCT OVERVIEW

The Nathan James Jasper 3-Drawer Dresser is a versatile storage unit designed for various home environments, including bedrooms, nurseries, and living rooms. It features a warm pine finish, fluted drawer fronts, and gold hardware, offering a blend of mid-century modern aesthetics and practical functionality.

Image 1.1: The Jasper 3-Drawer Dresser in a bedroom setting, showcasing its design and warm finish.

Constructed with solid wood legs and sturdy MDF, this dresser is built for durability. Its compact size allows for placement in smaller spaces without compromising storage capacity. The drawers are designed to be spacious, accommodating clothes, accessories, and other household items.

Image 1.2: Diagram illustrating the dresser's frame features, including solid wood legs, fluted drawer fronts, soft-close drawers, and a 33 lbs. weight limit per drawer. Details highlighted include fluted design, rich wood grain, and drawer glide rails.

2. SAFETY INFORMATION

To ensure safe use and prevent injury, please adhere to the following guidelines:

- **Anti-Tip Device:** It is highly recommended to secure the dresser to a wall using an anti-tip device (not explicitly mentioned as included, but standard for dressers). This prevents accidental tipping, especially in households with children.
- **Weight Limits:** Do not exceed the specified weight limits. The total maximum capacity for the dresser is 154 lbs. The top surface capacity is 55 lbs. Each individual drawer has a capacity of 33 lbs.
- **Drawer Usage:** Avoid opening multiple drawers simultaneously, as this can destabilize the unit. This dresser features a built-in safety mechanism that limits the number of drawers that can be opened at once.
- **Placement:** Place the dresser on a level, stable surface.
- **Children:** Do not allow children to climb on or play with the dresser drawers.

3. PACKAGE CONTENTS

Upon unpacking, verify that all components are present and undamaged. While specific component lists may vary, typical contents for this dresser include:

- Pre-assembled dresser frame (top and sides)
- Drawer components (fronts, sides, backs, bottoms)
- Drawer glides and hardware
- Legs and associated mounting hardware
- Handles and screws
- Assembly instructions

Assembly Must-Haves (not included):

- Packaging carton (recommended as a working surface)
- Phillips-head screwdriver

4. ASSEMBLY INSTRUCTIONS

Assembly of the Jasper 3-Drawer Dresser is designed to be straightforward, typically taking approximately 100 minutes. Follow the detailed instructions provided in the package. Below are general steps:

1. **Prepare Workspace:** Clear a spacious area and lay out the packaging carton to protect both the dresser components and your floor.
2. **Unpack Components:** Carefully remove all parts from the packaging and identify them using the provided parts list.
3. **Assemble Base:** Attach the legs to the bottom frame of the dresser using the specified hardware.
4. **Assemble Drawers:** Construct each drawer by attaching the sides, back, and bottom to the drawer front. Install the drawer glides.
5. **Install Drawers:** Carefully slide the assembled drawers into the dresser frame, ensuring they align with the pre-installed glides.
6. **Attach Handles:** Secure the gold handles to the drawer fronts.
7. **Final Placement & Safety:** Move the dresser to its desired location. Install the anti-tip device to a wall stud for stability.

5. OPERATION

Using your Nathan James Jasper 3-Drawer Dresser is straightforward:

- **Opening Drawers:** Gently pull the gold handles to open the drawers. The drawers are equipped with soft-close mechanisms for smooth operation.
- **Closing Drawers:** Push the drawers firmly until they are fully closed. The soft-close feature will engage to ensure a quiet and complete closure.
- **Loading Drawers:** Distribute items evenly within the drawers. Do not overload drawers beyond the 33 lbs. capacity per drawer.
- **Top Surface:** The top surface can hold up to 55 lbs. for decorative items or other necessities. Ensure items are placed stably.

6. MAINTENANCE

Proper care will help maintain the appearance and longevity of your dresser:

- **Cleaning:** Wipe the dresser surfaces with a dry cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the wood finish.
- **Spills:** Immediately blot any spills with a clean, dry cloth to prevent staining or damage to the wood.

- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the wood finish.
- **Humidity:** Maintain a consistent humidity level in the room to prevent wood from warping or cracking.
- **Hardware:** Periodically check and tighten any loose hardware to ensure stability.

7. TROUBLESHOOTING

If you encounter any issues with your dresser, consider the following common solutions:

- **Drawers Not Closing Smoothly:** Check if the drawer glides are properly aligned and free of obstructions. Ensure no items inside the drawer are blocking its path. Verify that all screws on the glides are tightened.
- **Wobbling Dresser:** Confirm the dresser is placed on a level surface. Adjust any leveling feet if present. Ensure all assembly hardware is securely tightened.
- **Loose Handles:** Tighten the screws securing the handles from the inside of the drawer.
- **Minor Scratches/Dents:** For minor cosmetic damage, wood repair kits or markers designed for furniture can be used to touch up the finish.

If problems persist, please contact Nathan James customer support for assistance.
