## MAINTENANCE AND CARE

---

### Cleaning the Lenses

Gently clean your lenses with the provided microfiber cloth. For more thorough cleaning, use an appropriate lens cleaner spray specifically designed for eyewear. **Do not use household cleaners**, as these may contain harsh chemicals that can damage or ruin the lens coatings.

### Frame Care

Wipe the frame with a soft, damp cloth to remove dirt or oils. Avoid exposing the sunglasses to extreme temperatures, such as leaving them in a hot car, as this can warp the frame material.

### Storage

When not in use, always store your QUAY Playback Sunglasses in their protective case to prevent scratches and damage.

## TROUBLESHOOTING

---

### Common Issues and Solutions

- **Sunglasses slipping:** Ensure the nose pads are properly positioned. If persistent, a professional optician may be able to adjust the frame for a better fit.
- **Lenses appear smudged after cleaning:** Ensure you are using a clean microfiber cloth and an appropriate lens cleaner. Avoid touching the lenses with your fingers.
- **Scratched lenses:** Unfortunately, scratches on lenses are often permanent. Always store your sunglasses in their protective case to prevent scratches.
