## Sealy Sunrise Alarm Clock

# Sealy Sunrise Alarm Clock Wake-Up Light User Manual

Model: Sunrise Alarm Clock | Brand: Sealy

## INTRODUCTION

This user manual provides comprehensive instructions for the Sealy Sunrise Alarm Clock Wake-Up Light. It covers setup, operation, maintenance, and troubleshooting to ensure you get the most out of your device. This innovative alarm clock combines a gentle sunrise simulation with multicolor mood lighting, a USB charging port, and a temperature display to enhance your daily routine.

## KEY FEATURES

- **Sunrise Simulation:** Gradually brightens to mimic a natural sunrise, promoting a gentle wake-up.
- **7 Multicolor LED Mood Lights:** Offers a spectrum of colors to create various ambiances.
- **3 Brightness Levels:** Adjustable illumination for different times of day or night.
- **Tap-to-Snooze & Dual Alarm:** Set two independent alarms and easily snooze with a tap.
- **LED Display with Temperature Reader:** Clear display showing time, date, and room temperature.
- **USB Charging Port:** Conveniently charge mobile devices.

Video: An official product video demonstrating the features of the Sealy Sunrise Alarm Clock, including sunrise simulation, adjustable brightness, tap-to-snooze, seamless charging, and multicolor mood lights.

## WHAT'S INCLUDED

- Sealy Sunrise Alarm Clock Unit
- USB-C Power Cable
- User Manual (this document)

## SETUP GUIDE

- 
1. **Unpack:** Carefully remove all components from the packaging.
  2. **Power Connection:** Connect the provided USB-C cable to the "INPUT 5V" port on the back of the alarm clock. Plug the other end into a compatible USB power adapter (not included) and then into a wall outlet.
  3. **Initial Power On:** The clock display will illuminate.
  4. **Set Time:** Press the **SET** button to enter time setting mode. Use the **UP** and **DOWN** buttons to adjust the hour, then press **SET** to confirm and move to minutes. Repeat for minutes.
  5. **Set Date:** After setting the time, continue pressing **SET** to cycle through date settings (Year, Month, Day) and adjust using **UP** and **DOWN**.

## OPERATING INSTRUCTIONS

---

### Setting Alarms

1. **Access Alarm Setting:** Press the **ALARM ON/OFF** button once to select Alarm 1. Press again for Alarm 2.
2. **Set Alarm Time:** While the desired alarm is selected, press and hold the **SET** button. The hour will flash. Use **UP** and **DOWN** to adjust, then press **SET** to confirm and move to minutes.
3. **Select Alarm Sound:** After setting the time, use **UP** and **DOWN** to choose from available alarm sounds.
4. **Adjust Alarm Volume:** Use **UP** and **DOWN** to set the alarm volume.
5. **Activate Alarm:** Press **ALARM ON/OFF** to toggle the alarm on or off. An alarm icon will appear on the display when active.

### Sunrise Simulation

The sunrise simulation feature gradually increases light intensity 10-60 minutes before your set alarm time, mimicking a natural sunrise. This helps to gently wake you up. The duration of the simulation can be adjusted in the alarm settings.

### Mood Lighting

To activate the mood lighting, press the light bulb icon on the remote control or the corresponding button on the device. Cycle through the 7 available colors by pressing the button repeatedly. To adjust brightness, use the brightness control buttons on the device or remote.

### Tap-to-Snooze

When the alarm sounds, gently tap the top of the alarm clock to activate the snooze function. The alarm will pause for 9 minutes and then sound again. This can be repeated multiple times.

### USB Charging Port

The alarm clock features a USB charging port (OUTPUT 5V 1A) on the back. Connect your mobile device's charging cable to this port to charge your device overnight or during the day.

### Temperature Display

The integrated LED display shows the current room temperature in Fahrenheit. This feature provides real-time environmental information.

## MAINTENANCE

---

- **Cleaning:** Wipe the surface of the alarm clock with a soft, dry cloth. Do not use abrasive cleaners or solvents.

- **Storage:** If storing for an extended period, disconnect the power cable and store the device in a cool, dry place.
- **Avoid Water:** Do not immerse the device in water or expose it to excessive moisture.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Clock display is off.	No power connection.	Ensure the USB-C cable is securely connected and the power adapter is plugged into a working outlet.
Alarm does not sound.	Alarm not activated or volume too low.	Check if the alarm icon is displayed. Increase alarm volume.
Sunrise simulation not working.	Feature not enabled or incorrect alarm time.	Verify sunrise simulation is enabled in alarm settings and the alarm time is correctly set.
USB charging is slow or not working.	Device requires more power than supplied (1A).	Ensure your device is compatible with 5V 1A charging. Use the original charging cable for your device.

## SPECIFICATIONS

Feature	Detail
Brand	Sealy
Style	Alarm Clock
Color	White
Product Dimensions	3"D x 7"W x 7"H
Item Weight	1.2 Pounds
Light Source Type	LED
Number of Light Sources	7 (Multicolor Mood Lights)
Power Source	USB-C Cable
Voltage	5 Volts (DC)
USB Output	5V 1A
Special Features	Sunrise Simulation, Temperature Display, Tap-to-Snooze, USB Charging Port
