3. PRODUCT OVERVIEW

The Monster Mission 100 headphones feature intuitive controls and a design focused on user comfort and audio quality.

3.1. Key Features

- **Immersive Pure Monster Sound:** Engineered for enhanced mid to high frequencies and powerful bass.
- **Lightweight and Comfortable Design:** Weighing only 5 oz with breathable ear cushions and an adjustable headband.
- **AI Call Noise Cancellation:** Built-in microphone intelligently filters ambient noise for clear calls.

- **40 Hours of Playtime:** Extended battery life for long listening sessions.
- **Multipoint Connection Bluetooth 5.4:** Seamlessly connect to multiple devices simultaneously.

3.2. Controls and Ports

All controls and ports are conveniently located on one earcup for easy access.

- **Power Button:** Press and hold for 3 seconds to turn on, 5 seconds to turn off. Single press for Play/Pause. Press and hold for 2 seconds to reject a call.
- **Volume Up (+):** Single press to increase volume. Press and hold for 2 seconds for previous track.
- **Volume Down (-):** Single press to decrease volume. Press and hold for 2 seconds for next track.
- **USB-C Port:** For charging the headphones.
- **3.5mm AUX Port:** For wired audio connection.
- **Indicator Light:** Displays power and connection status.

4. SETUP

4.1. Charging the Headphones

Before first use, fully charge your headphones.

1. Connect the USB-C charging cable to the charging port on the headphone earcup.
2. Connect the other end of the USB-C cable to a USB power adapter (not included) or a computer's USB port.
3. The indicator light will illuminate during charging and turn off when fully charged.
4. A full charge takes approximately 2 hours.

4.2. Powering On/Off

- **To Power On:** Press and hold the Power button for 3 seconds until the indicator light flashes.
- **To Power Off:** Press and hold the Power button for 5 seconds until the indicator light turns off.

4.3. Bluetooth Pairing

Pair your headphones with your Bluetooth-enabled device.

1. Ensure the headphones are powered off.

2. Press and hold the Power button for 5 seconds until the indicator light flashes rapidly, indicating pairing mode.
3. On your device, enable Bluetooth and search for available devices.
4. Select "Monster Mission 100" from the list.
5. Once connected, the indicator light will stop flashing and remain solid.

4.4. Multipoint Connection

The headphones can connect to two Bluetooth devices simultaneously.

1. Pair the headphones with the first device as described above.
2. Disable Bluetooth on the first device. The headphones will re-enter pairing mode.
3. Pair the headphones with the second device.
4. Re-enable Bluetooth on the first device. The headphones should automatically connect to both devices.

5. OPERATING INSTRUCTIONS

5.1. Audio Playback

- **Play/Pause:** Single press the Power button.
- **Volume Up:** Single press the '+' button.
- **Volume Down:** Single press the '-' button.
- **Next Track:** Press and hold the '-' button for 2 seconds.
- **Previous Track:** Press and hold the '+' button for 2 seconds.

5.2. Phone Calls

- **Answer/End Call:** Single press the Power button.
- **Reject Call:** Press and hold the Power button for 2 seconds.
- **Activate Voice Assistant:** (If supported by your device) Double-press the Power button.

5.3. Wired Mode (AUX)

Use the included 3.5mm AUX cable for a wired connection, useful when battery is low or for non-Bluetooth devices.

1. Connect one end of the 3.5mm AUX cable to the AUX port on the headphone earcup.
2. Connect the other end to the 3.5mm audio jack of your device.
3. In wired mode, Bluetooth functions are disabled, and controls on the headphones may be limited.

6. MAINTENANCE

Proper care will extend the life of your headphones.

- **Cleaning:** Wipe the headphones with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the headphones in a cool, dry place away from extreme temperatures and direct sunlight.
- **Water Resistance:** These headphones are *Not Water Resistant*. Avoid exposure to water, rain, or excessive moisture.
- **Battery Care:** To preserve battery life, charge the headphones regularly, even if not in frequent use. Avoid fully discharging the battery for extended periods.

7. TROUBLESHOOTING

If you encounter issues with your headphones, refer to the following common solutions:

Problem	Solution
Headphones won't turn on	Ensure the headphones are charged. Connect to a power source and try again.
Cannot pair with device	Ensure headphones are in pairing mode (rapidly flashing indicator light). Turn off and on Bluetooth on your device. Move headphones closer to the device.
No sound or low volume	Check headphone and device volume levels. Ensure headphones are properly connected via Bluetooth or AUX cable. Try restarting both devices.
Sound distortion	Move closer to your device to avoid interference. Ensure no obstacles are between the headphones and the device. Try playing different audio sources.

Problem	Solution
Calls are not clear	Ensure the microphone is not obstructed. Reduce background noise if possible.
