CORBOBO SM809

SOLAKAKA SM809 MMO Gaming Mouse User Manual

Model: SM809 | Brand: CORBOBO

INTRODUCTION

The SOLAKAKA SM809 MMO Gaming Mouse is a high-precision wired mouse designed for both gaming and productivity. Featuring a PAW3311 optical sensor, customizable DPI settings up to 22800, 16 programmable buttons, interchangeable side plates, and dynamic RGB lighting, it offers a versatile and ergonomic experience for PC users.

WHAT'S IN THE BOX

- MMO wired mouse x 1
- Right side plate x 1
- Left side plate x 1
- Product manual x 1

SETUP GUIDE

Connecting Your Mouse

The SM809 wired mouse features an integrated 1.8-meter braided cable with a USB interface. Simply plug the USB connector into an available USB port on your computer. The mouse is plug-and-play, meaning it should be recognized by your system automatically without additional drivers for basic functionality.

Software Installation (Windows Only)

For full customization of programmable buttons, DPI settings, and RGB lighting effects, you need to install the dedicated software

driver. This software is compatible only with Windows operating systems.

1. Download the software from the official URL: bit.ly/m/corbobo
2. Select "SM809 MMO GAMING MOUSE" from the options.
3. Before installation, it is recommended to temporarily turn off your computer's anti-virus software to prevent conflicts.
4. Follow the on-screen instructions to complete the installation.

OPERATING YOUR MOUSE

DPI Adjustment

The SM809 features a high-precision PAW3311 optical sensor. The DPI (Dots Per Inch) can be adjusted from 100 to 24000 DPI via the software, with 8 adjustable DPI levels pre-set (1000/1600/2400/3200/4800/6400/12000/22800). This allows for precise control in various applications, from fine operations to high-speed movements.

8 ADJUSTABLE DPI LEVELS

Programmable Buttons and Macros

The mouse features 16 programmable buttons, allowing for extensive customization. Each button can be remapped and assigned complex macro functions through the software. This is ideal for both gaming (e.g., executing complex combos with a single button) and daily office tasks (e.g., assigning common shortcuts).

Ergonomic Design

The mouse features a lightweight honeycomb design and an ergonomic shape that accommodates both palm and claw grip styles, particularly suitable for larger hands. This design aims to reduce wrist strain during extended use, ensuring comfort and durability with reinforced internal structure and smooth Teflon feet pads.

ERGONOMIC GAMER MOUSE COMFORTABLE AND DURABLE

1. The mouse curve fits perfectly with the hand shape, making it easier to grip

2. Side platel provides support for the thumb and ring finger, reducing the burden on the hand

3. Ultra-lightweight honeycomb design It is comfortable in the hand, efficient and easy to use, bringing more freshness and excitement to gamer.

MAINTENANCE

To ensure the longevity and optimal performance of your SOLAKAKA SM809 mouse, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the mouse surface with a soft, dry cloth. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid harsh chemicals or abrasive materials.
- **Sensor Care:** Keep the optical sensor on the bottom of the mouse clean and free of dust or debris to maintain tracking accuracy. Use a cotton swab or compressed air if necessary.
- **Cable Management:** Avoid sharp bends or excessive pulling on the braided USB cable to prevent internal damage. Use cable ties or clips to manage excess cable length and keep your desk tidy.
- **Storage:** When not in use for extended periods, store the mouse in a clean, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your SM809 mouse, refer to the following common troubleshooting steps:

- **Mouse Not Responding:**

- Ensure the USB cable is securely plugged into a working USB port on your computer.
- Try plugging the mouse into a different USB port.
- Restart your computer.

- **Tracking Issues / Erratic Cursor Movement:**

- Clean the optical sensor on the bottom of the mouse.
- Ensure you are using the mouse on a suitable surface (e.g., a mouse pad). Avoid highly reflective or transparent surfaces.

- **Software Not Installing / Functioning Correctly:**

- Temporarily disable your anti-virus software before attempting to install the mouse driver.
- Ensure your Windows operating system is up to date.
- Download the latest software version from the official website.

- **Programmable Buttons Not Working:**

- Verify that the mouse software is running and that your custom profiles are active.
- Ensure that the button assignments are correctly configured and saved within the software.
