# GeekMagic Wired Mini 3D Hologram Cube Display User Manual

Brand: Generic | Model: B0DP28LC6V

## INTRODUCTION

The GeekMagic Wired Mini 3D Hologram Cube Display is a versatile desktop device designed to provide real-time information and customizable visual experiences. This compact unit functions as a smart weather station, digital clock, and a customizable display for photos and GIF animations. Its transparent design allows for a clear view of the internal display, adding a modern aesthetic to any space. With WiFi connectivity, it can access network weather information, time, date, and indoor temperature, making it a practical and multi-functional addition to your home or office.

## SETUP

---

Follow these steps to set up your GeekMagic Mini 3D Hologram Cube Display:

- 1. Unboxing:** Carefully remove the device from its packaging. Ensure all components, including the display unit and power cable, are present.
- 2. Power Connection:** Connect the provided power cable to the device's power input port. Plug the other end into a standard power outlet. The device should power on automatically.
- 3. Initial Boot-up:** Allow a few moments for the device to boot up. The display will show initial setup prompts or a default screen.
- 4. WiFi Connection:** The device requires a WiFi connection to access real-time weather and time information. Follow the on-screen instructions to connect to your local WiFi network. This typically involves selecting your network from a list and entering the password. Refer to the device's internal software interface for specific WiFi setup steps.

## OPERATING INSTRUCTIONS

---

Once set up, the GeekMagic display offers various functions:

- **Time and Date Display:** The device automatically synchronizes with network time to display accurate time and date.
- **Weather Information:** After connecting to WiFi, the device will display real-time weather conditions, including temperature. Ensure your location settings are correctly configured within the device's software for accurate local weather.
- **Customizable Display:** The display supports showing personal photos and GIF animations. Refer to the device's internal menu or accompanying software/app (if applicable) for instructions on uploading and managing your media files.
- **Indoor Temperature:** In addition to external weather, the device can display the indoor temperature.

## MAINTENANCE

To ensure the longevity and optimal performance of your display:

- **Cleaning:** Use a soft, dry, lint-free cloth to gently wipe the display screen and the device's exterior. Avoid using abrasive cleaners, solvents, or aerosol sprays, as these can damage the surface.
- **Placement:** Place the device on a stable, flat surface away from direct sunlight, excessive heat, or moisture. Ensure adequate ventilation around the unit.
- **Power Off:** If the device will not be used for an extended period, unplug it from the power outlet.

## TROUBLESHOOTING

If you encounter issues with your GeekMagic display, refer to the following common problems and solutions:

- **Device Does Not Power On:**

- Ensure the power cable is securely connected to both the device and a working power outlet.

- Try plugging the device into a different outlet to rule out a faulty power source.

- **No WiFi Connection:**

- Verify that your WiFi router is on and functioning correctly.
- Check if the WiFi password entered on the device is correct.
- Move the device closer to your WiFi router to improve signal strength.
- Restart both the device and your WiFi router.

- **Incorrect Time/Weather Display:**

- Ensure the device is successfully connected to WiFi.
- Check the location settings within the device's software to ensure it's set to your correct region.

- **Display is Blank or Frozen:**

- Try restarting the device by unplugging it from the power source for 10 seconds and then plugging it back in.
- If the issue persists, consult the manufacturer's support resources.

## SPECIFICATIONS

---

Feature	Detail
Product Name	Creative gift desktop display
Product Size	3.5 x 3.1 x 3.8 cm (1.4 x 1.2 x 1.5 inches)
Material	Plastic
Color	Black (This variant), White, Transparent
Connectivity	WiFi
Functions	Digital Clock, Weather Station, Photo Album Display, GIF Animation
Manufacturer	Generic
ASIN	B0DP28LC6V
Country of Origin	China
