## INSOON SC005

# INSOON Winery Chateau House Building Set

Model: SC005

Brand: INSOON

## PRODUCT OVERVIEW

Welcome to the immersive world of winemaking with your new INSOON Winery Chateau House Building Set. This intricate 1826-piece construction model allows you to build a beautiful three-layer vineyard castle, complete with detailed interior and exterior elements. The first floor features an authentic vineyard scene with a grapevine arbor and traditional wine-making equipment. The second floor includes an elegant wine-tasting room with a terrace and storage area, while the top floor offers a peaceful retreat. This set is designed for enthusiasts aged 10 years and up, providing a rewarding and engaging building experience.

## IMPORTANT SAFETY INFORMATION

**WARNING: CHOKING HAZARD - Small Parts.** This building set contains small parts which may pose a choking hazard for children under 3 years of age. Adult supervision is recommended during assembly, especially for younger builders. Keep all small components away from infants and pets.

## WHAT'S IN THE BOX

Your INSOON Winery Chateau House Building Set includes all the necessary components for assembly:

- 1826 high-quality ABS building blocks.

- Detailed instruction manual (187 pages).
- 3 ceiling-embedded LED light panels with wiring.
- Battery box (requires 3 Nonstandard Batteries, not included).
- Assorted decorative elements (e.g., miniature animals, plants, furniture).

Figure 2: Overview of the set's contents, including building blocks, instruction manual, and light kit components.

## SETUP & ASSEMBLY

Follow the step-by-step instructions provided in the included manual for a smooth assembly process. The manual features clear, detailed pictures to guide you through each stage of construction.

### General Assembly Tips:

1. **Organize Pieces:** The pieces are sorted into numbered bags corresponding to different subunits. Open bags for each step as indicated in the manual to avoid mixing parts.

2. **Base Construction:** Some base/platform pieces may require a little extra pressure to connect securely. Ensure they are fully pressed together for a sturdy foundation.
3. **Layered Construction:** The model is built in three main layers. It is recommended to assemble each layer individually before stacking them.
4. **Light Kit Integration:** The LED light panels are integrated during the building process. Pay close attention to the manual's instructions for wiring and placement. It is often easier to attach decorative elements like leaves and ivy after the main structure of a tier is in place, especially around light wiring, to ensure proper fit and avoid obstruction.

Figure 3: The modular design allows for separate assembly of layers, such as the top floor shown here.

Figure 4: Careful assembly of roof sections ensures a complete and stable structure.

Figure 5: The completed upper section being placed onto the lower levels of the chateau.

## OPERATING INSTRUCTIONS: LED LIGHTS

The INSOON Winery Chateau House features integrated LED lighting to enhance its display. The light kit is powered by a battery box, which is typically installed in an accessible location within the model's base or lower level.

### Powering the Lights:

- Locate the battery box within the assembled model.

- Ensure 3 Nonstandard Batteries are correctly installed (observe polarity).
- Flip the switch on the battery box to the "ON" position to illuminate the chateau.
- Flip the switch to the "OFF" position when not in use to conserve battery life.

## MAINTENANCE

To ensure the longevity and appearance of your INSOON Winery Chateau House, follow these simple maintenance

guidelines:

- **Cleaning:** Gently dust the model regularly with a soft, dry cloth or a soft-bristled brush. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all pieces organized in sealed bags or containers to prevent loss and damage. Store in a cool, dry place away from direct sunlight to prevent color fading.
- **Battery Replacement:** Replace batteries in the light unit as needed. Always use new batteries of the specified type (3 Nonstandard Batteries) and dispose of old batteries responsibly.

## TROUBLESHOOTING

If you encounter any issues during assembly or operation, refer to the following common solutions:

Problem	Possible Cause	Solution
Pieces do not fit together tightly.	Incorrect piece orientation or insufficient pressure.	Ensure pieces are correctly aligned according to the manual. Apply firm, even pressure until pieces click into place. For base pieces, a gentle mallet (not included) may be used if necessary.
LED lights are not working.	Batteries are dead, incorrectly installed, or light wires are disconnected.	Check battery polarity and ensure batteries are new. Verify all light wires are securely connected to the battery box and that the light panels are properly seated. Ensure the switch on the battery box is in the "ON" position.
Missing pieces.	Packaging error or pieces overlooked during sorting.	Double-check all packaging and sorting bags. If pieces are genuinely missing, contact INSOON customer support with details of the missing part (refer to manual for part numbers).

For further assistance, please refer to the detailed instruction manual or contact INSOON customer support.

## SPECIFICATIONS

Feature	Detail
Model Number	SC005
Number of Pieces	1826 PCS
Assembled Dimensions (L x W x H)	10 x 9.5 x 9.8 inches (25.3 x 24 x 25 cm)
Material	High-quality ABS Plastic
Recommended Age	10 years and up

Feature	Detail
Lighting	Integrated LED light panels
Power Source for Lights	3 Nonstandard Batteries (not included)
Item Weight	4.99 pounds
Country of Origin	China

## WARRANTY & SUPPORT

INSOON is committed to providing high-quality products. While specific warranty details are not provided in this manual, for any product-related inquiries, missing parts, or technical support, please contact INSOON customer service through the retailer where you purchased the product or visit the official INSOON store online. Please have your model number (SC005) and purchase information ready when contacting support.

You can visit the INSOON Store for more information: [INSOON Official Store](#)
