# Indonesian Clay Pot, Lavender Design, 0.6 Liter

MODEL: 1701403380 | BRAND: GENERIC

## 1. Introduction

Thank you for choosing the Generic Indonesian Clay Pot, Model 1701403380. This beautifully crafted pot, featuring a delicate lavender design, is ideal for serving various beverages. This manual provides essential information for the proper setup, operation, and maintenance of your new clay pot to ensure its longevity and optimal use.

Please read these instructions carefully before first use and retain them for future reference.

## 2. Setup

Before using your new clay pot, follow these steps:

- Unpacking:** Carefully remove the clay pot from its packaging. Inspect it for any signs of damage during transit. If any damage is found, do not use the product and contact customer support.
- Initial Cleaning:** Wash the pot thoroughly with warm water and a mild dish soap. Rinse it completely to remove any soap residue. Allow it to air dry or dry with a soft cloth.
- First Use Preparation:** For optimal performance and to prevent cracking, it is recommended to season the clay pot before its first use. Fill the pot with water and let it sit for a few hours, or overnight, to allow the clay to absorb moisture.

### 3. Operating Instructions

---

This clay pot is designed for serving beverages such as tea, coffee, or other liquids. It is not intended for direct stovetop or oven use unless specifically stated by the manufacturer.

- **Filling the Pot:** Carefully pour your prepared beverage into the pot. The pot has a capacity of 0.6 liters.
- **Serving:** Use the handle to pour the beverage. Ensure a firm grip, especially when the pot is full.
- **Temperature Considerations:** While clay pots can retain heat, avoid sudden temperature changes, which can cause cracking. Do not pour boiling water into a cold pot or cold water into a hot pot immediately. Allow the pot to gradually adjust to temperature changes.

### 4. Maintenance

---

Proper care will extend the life and beauty of your clay pot.

- **Cleaning:** After each use, wash the pot with warm water and a mild, non-abrasive dish soap. Avoid using harsh scrubbers or metallic sponges, which can scratch the surface.
- **Drying:** Ensure the pot is completely dry before storing to prevent mold or mildew growth. Air drying is recommended.
- **Storage:** Store the clay pot in a dry, well-ventilated area. Avoid stacking heavy items on top of it to prevent breakage.
- **Stain Removal:** For stubborn stains, a paste of baking soda and water can be gently applied and left for a short period before rinsing.

## 5. Troubleshooting

Problem	Possible Cause	Solution
Cracking	Sudden temperature changes (thermal shock).	Avoid pouring very hot liquids into a cold pot or vice versa. Allow the pot to adjust to temperature gradually. Ensure proper seasoning before first use.
Stains/Discoloration	Residue from beverages, especially tea or coffee.	Clean immediately after use. For stubborn stains, use a baking soda paste. Avoid abrasive cleaners.
Unpleasant Odor	Improper drying or storage, leading to mold/mildew.	Ensure the pot is completely dry before storing. Store in a well-ventilated area. Re-wash thoroughly and air dry.
