Logitech M241

Logitech M241 Silent Bluetooth Mouse User Manual

Model: M241

Introduction

This manual provides detailed instructions for setting up, operating, and maintaining your Logitech M241 Silent Bluetooth Mouse. The M241 is a compact, portable wireless mouse designed for quiet and efficient use across various operating systems.

Figure 1: Front view of the Logitech M241 Silent Bluetooth Mouse. The mouse is graphite-colored with a scroll wheel and two main buttons visible.

What's in the Box

Verify that all items are present in the packaging:

- Logitech M241 Silent Bluetooth Mouse
- 1 AA battery (pre-installed)
- User documentation

Setup

1. Battery Installation

The Logitech M241 mouse comes with one AA battery pre-installed. If you need to replace the battery or ensure it is correctly seated, follow these steps:

1. Turn the mouse over.
2. Locate the battery compartment cover on the underside of the mouse.
3. Slide the cover open.

4. Insert or replace the AA battery, ensuring the positive (+) and negative (-) terminals align with the indicators inside the compartment.
5. Close the battery compartment cover securely.

Figure 2: Side view of the Logitech M241 mouse, illustrating its ergonomic shape and the general area where the battery compartment is located on the underside.

2. Bluetooth Pairing

The M241 mouse connects wirelessly via Bluetooth. No USB dongle is required. Follow these steps to pair your mouse with your device:

1. Ensure the mouse is powered on. The power switch is located on the underside of the mouse.
2. Press and hold the **Connect button** (usually located near the optical sensor on the underside) for a few seconds until the LED indicator on the mouse starts blinking rapidly. This indicates the mouse is in pairing mode.
3. On your computer or tablet, open the Bluetooth settings:
    - **Windows:** Go to **Settings** > **Devices** > **Bluetooth & other devices**. Ensure Bluetooth is turned on.
    - **macOS:** Go to **System Settings** > **Bluetooth**. Ensure Bluetooth is turned on.

- **ChromeOS:** Click the time on the shelf, then select **Bluetooth**. Ensure Bluetooth is turned on.
- **iPadOS/Android:** Go to **Settings** > **Bluetooth**. Ensure Bluetooth is turned on.

4. In the Bluetooth settings, your device will search for available Bluetooth devices. Select **"Logitech M241"** from the list of discovered devices.
5. Follow any on-screen prompts to complete the pairing process. The LED indicator on the mouse will turn solid for a few seconds and then turn off, indicating successful pairing.

The mouse is now ready for use.

Operating Instructions

The Logitech M241 mouse features standard mouse functionality with an emphasis on quiet operation and comfortable design.

- **Left Click:** Primary button for selecting items, opening links, etc.
- **Right Click:** Secondary button for context menus and additional options.
- **Scroll Wheel:** Roll up or down to scroll through documents and web pages. The scroll wheel also functions as a middle button when pressed.
- **SilentTouch Technology:** The M241 is designed to reduce clicking noise by 90% compared to standard mice, providing a quieter user experience without compromising click feel.
- **Ambidextrous Design:** The symmetrical shape of the mouse allows for comfortable use by both right-handed and left-handed users.
- **Smooth Tracking:** The optical sensor provides precise and responsive cursor control on various surfaces.

Maintenance

Cleaning the Mouse

To maintain optimal performance and hygiene, clean your mouse periodically:

- Turn off the mouse before cleaning.
- Use a soft, lint-free cloth lightly dampened with water or an approved electronic cleaning solution.
- Wipe the surface of the mouse gently.
- Avoid using harsh chemicals, abrasive cleaners, or submerging the mouse in liquid.
- Use a dry cotton swab to clean around the optical sensor and scroll wheel if necessary.

Battery Replacement

The M241 mouse has an approximate battery life of 18 months. When the battery is low, the LED indicator on the mouse may blink or stop illuminating. Replace the AA battery as described in the "Battery Installation" section under Setup.

Troubleshooting

Problem	Solution
Mouse does not connect or respond.	• Ensure the mouse is powered on. • Check the battery level and replace if necessary. • Ensure Bluetooth is enabled on your device. • Re-pair the mouse with your device (refer to "Bluetooth Pairing" section). • Move the mouse closer to your device to ensure it is within the 10m/33ft range. • Try connecting to a different Bluetooth-enabled device to rule out device-specific issues.
Erratic cursor movement.	• Clean the optical sensor on the underside of the mouse. • Ensure you are using the mouse on a suitable surface. Avoid highly reflective or transparent surfaces. • Check for any obstructions between the mouse and your device. • Replace the battery.
Mouse clicks are not silent.	The M241 features SilentTouch Technology for reduced click noise. If you experience unusually loud clicks, ensure the mouse is clean and free from debris. If the issue persists, contact customer support.

Specifications

Feature	Detail
Brand	Logitech
Model Name	M241
