# FUDTYSVC Dishwasher Funnel Replacement Part

## User Manual

### 1. INTRODUCTION

This manual provides essential information for the installation, usage, and maintenance of your FUDTYSVC Dishwasher Funnel Replacement Part. This product is designed to replace the original funnel in compatible Mi-de-a dishwasher models, ensuring proper function and longevity of your appliance.

### 2. COMPATIBILITY

This replacement funnel is specifically designed for Mi-de-a Dishwasher models:

- RX600
- WQP6-3201-CN
- WQP6-3208-CN
- X3-T
- P60

**Important:** Please verify your dishwasher's model number carefully before installation to ensure proper fit and function. Incompatible parts can lead to improper operation or damage.

### 3. PRODUCT FEATURES

- Precision tested before leaving the factory to ensure quality.
- Constructed from high-quality materials for durability and fine workmanship.
- 100% brand new and designed for long-lasting performance.
- Direct replacement part for specified Mi-de-a dishwasher models.

### 4. SETUP AND INSTALLATION

Before beginning installation, ensure your dishwasher is turned off and disconnected from the power supply for safety.

1. **Locate the Existing Funnel:** Open your dishwasher door and identify the location of the funnel that needs replacement. This is typically part of the detergent dispenser or a related component.
2. **Remove the Old Funnel:** Carefully detach the old funnel. This may involve twisting, unlatching, or unscrewing depending on your specific dishwasher model. Refer to your dishwasher's original manual if you encounter difficulty.
3. **Prepare the New Funnel:** Unpack the FUDTYSVC replacement funnel. Inspect it for any visible damage from shipping.
4. **Install the New Funnel:** Align the new funnel with the opening or connection point. Gently push, twist, or secure it into place until it is firmly seated. Ensure all clips or locking mechanisms are engaged.
5. **Test Fit:** Once installed, gently tug on the funnel to ensure it is securely attached and does not wobble.
6. **Reconnect Power:** Close the dishwasher door, reconnect the power supply, and turn on the appliance.

Figure 3: Bottom view of the FUDTYSVC Dishwasher Funnel, showing the outlet and attachment points.

## 5. USAGE

The funnel is an integral part of your dishwasher's detergent dispensing system. Once installed, it facilitates the proper flow of detergent or other additives into the wash cycle. No specific user interaction is required with the funnel itself during normal dishwasher operation, beyond ensuring it is correctly installed.

## 6. MAINTENANCE AND CARE

To ensure the longevity and proper function of your replacement funnel:

- **Regular Inspection:** Periodically inspect the funnel for any signs of wear, cracks, or blockages.
- **Cleaning:** If residue or buildup occurs, gently clean the funnel with a soft brush and mild dish soap. Rinse thoroughly with water.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these can damage the material of the funnel.

## 7. TROUBLESHOOTING

If you encounter issues after installing the replacement funnel, consider the following:

- **Improper Fit:** Double-check that the funnel is compatible with your exact dishwasher model (RX600, WQP6-3201-CN, WQP6-3208-CN, X3-T, P60). An incorrect model number is the most common cause of fit issues.
- **Loose Installation:** Ensure the funnel is securely seated and all attachment points are engaged. A loose funnel may not dispense detergent correctly.
- **Detergent Dispensing Issues:** If detergent is not dispensing, confirm the funnel is clear of obstructions and correctly aligned with the dispenser mechanism.

For further assistance, please contact the seller or a qualified appliance technician.

## 8. SPECIFICATIONS

Attribute	Value
Brand	FUDTYSVC
Model Number	daishengbaihuo524gs
Compatible Models	Mi-de-a RX600, WQP6-3201-CN, WQP6-3208-CN, X3-T, P60
