Maintenance

The Booyuer Flowers Bouquet Building Set is designed for lasting display and requires minimal maintenance.

- **Cleaning:** To remove dust, gently wipe the assembled bouquet with a soft, dry cloth. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss. Store in a cool, dry place away from direct sunlight to preserve color integrity.
- **Durability:** These building block flowers are designed to maintain their appearance over time, offering an "eternal blooming" decorative piece.

Troubleshooting

If you encounter any issues during assembly or with the product, please refer to the following common solutions:

- **Missing Pieces:** Carefully check all packaging materials and the building area. If pieces are genuinely missing, please contact customer support with details of the missing components.
- **Difficulty Connecting Blocks:** Ensure you are using the correct pieces for each step as indicated in the instruction manual. Apply firm, even pressure to connect blocks. If a block does not fit, do not force it, as this may cause damage. Re-examine the manual for the correct orientation.
- **Unstable Assembly:** Double-check all connections. Loose connections can lead to instability. Ensure each block is fully seated.
