INTRODUCTION

The Simply Smart Home Gallery 10.1" HD WiFi Digital Picture Frame allows you to instantly share and display your cherished photos and videos with family and friends. Featuring a touch screen, easy setup, and the free PhotoShare app, this frame is designed for seamless memory sharing. Its brilliant HD display with auto brightness and rotation ensures optimal viewing in any orientation. This manual provides detailed instructions for setting up, operating, and maintaining your digital picture frame.

SETUP GUIDE

Follow these steps to quickly set up your Gallery Digital Picture Frame.

1. Unboxing and Initial Power-On

Carefully unbox your digital picture frame. Connect the provided power adapter to the frame and a power outlet. The frame will automatically power on. You can also use the power button located on the top of the frame.

3. Initial On-Screen Setup

Upon first power-on, the touch screen will guide you through essential settings:

- **Language Selection:** Choose your preferred language.
- **Time Zone and Date/Time:** Set the correct time zone, date, and time.
- **Wi-Fi Connection:** Connect the frame to your home Wi-Fi network. This is crucial for sending and receiving photos/videos.
- **Frame Name:** Assign a name to your frame (e.g., "Living Room Frame").

4. PhotoShare App Download and Connection

Download the free PhotoShare app on your smartphone or tablet from the App Store (iOS) or Google Play Store (Android). Once installed, open the app and follow the on-screen instructions to connect it to your digital picture frame using a unique code displayed on the frame.

2. Interacting with the Touch Screen

The 10.1" HD touch screen allows for intuitive control:

- **Swiping:** Swipe left or right to navigate through photos and videos.
- **Tapping:** Tap a photo to reveal options like adjusting placement, adding emojis, or removing captions.
- **Adjusting Photos:** If a photo doesn't fit the screen perfectly, you can adjust its placement directly on the frame.
- **Adding Reactions:** Send emojis to photos to let the sender know your thoughts.

3. Slideshow and Display Settings

Customize your viewing experience through the settings menu:

- **Slideshow Timer:** Adjust how long each photo is displayed.
- **Fill Frame:** Choose whether photos fill the entire screen or display with colored gradient bars.
- **Frame Background:** Select background options (blurred, black, colored gradient).
- **Show Captions/Weather:** Toggle display of captions, current time, and weather.
- **Video Playback:** Configure video autoplay settings.

MAINTENANCE

To ensure the longevity and optimal performance of your digital picture frame, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the screen and frame. Avoid abrasive cleaners or sprays directly on the screen.
- **Power Cycle:** If the frame becomes unresponsive, unplug it from the power source, wait 10 seconds, and then plug it back in.
- **Software Updates:** Ensure your PhotoShare app and frame firmware are always updated to the latest version for optimal performance and new features.

TROUBLESHOOTING

If you encounter any issues with your digital picture frame, refer to the common problems and solutions below:

- **Frame Not Connecting to Wi-Fi:** Ensure your Wi-Fi password is correct and the frame is within range of your router. Try restarting both the frame and your router.
- **Photos Not Appearing:** Verify that the PhotoShare app is connected to the correct frame. Check your internet connection. Ensure photos are uploaded successfully in the app.
- **Screen Unresponsive:** Perform a power cycle (unplug and replug) the frame. If the issue persists, contact customer support.
- **Frame Freezing/Crashing:** Ensure the frame's firmware is up to date. If the problem continues, try a factory reset (refer to settings for this option) or contact support.
