

CUKTECH B0DP43FW6Q

CUKTECH 65W USB C Charger and 20000mAh Power Bank Combo User Manual

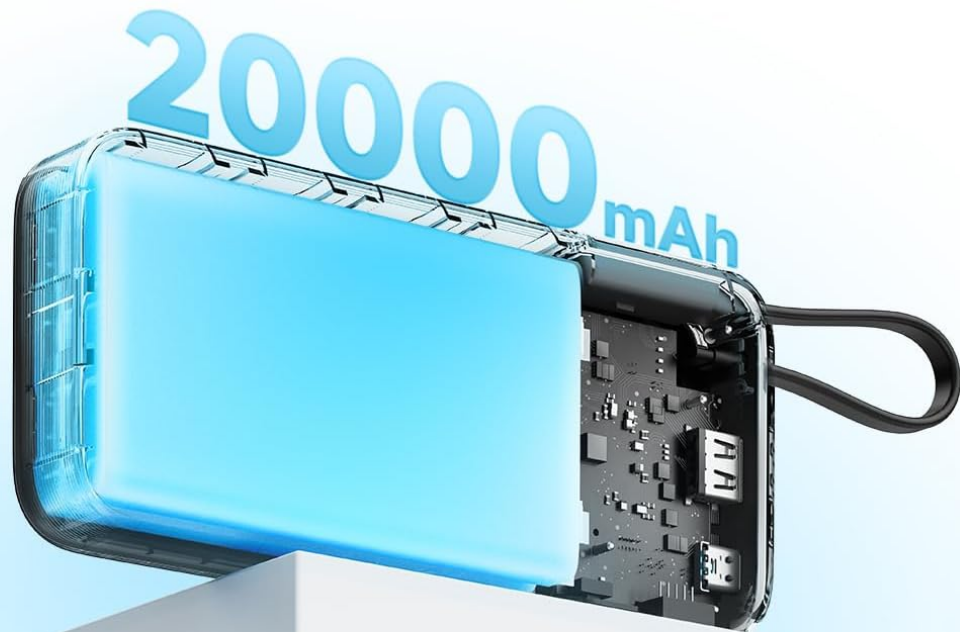

1. PRODUCT OVERVIEW

The CUKTECH 65W USB C Charger and 20000mAh Power Bank Combo provides a versatile charging solution for a wide range of electronic devices. This product integrates a powerful wall charger with a high-capacity portable power bank, designed for both home and on-the-go use.

Key Features:

- **65W USB-C Charger:** Provides fast charging for devices including smartphones, tablets, and laptops. An iPhone 14 Pro Max can reach approximately 55% charge in 30 minutes.
- **Triple-Port Output:** Features two USB-C ports and one USB-A port, allowing simultaneous charging of up to three devices with a total output of 65W.
- **20000mAh Power Bank:** High capacity portable charger capable of providing multiple charges for mobile devices. For example, it can charge an iPhone 15 approximately 4.1 times, a Samsung Galaxy S24 Ultra about 2.9 times, and an iPad Air approximately 1.9 times.
- **45W MAX Power Bank Output:** Supports rapid 45W MAX output for fast charging compatible devices like the iPhone 16/15 Pro Max, MacBook Air, and Samsung Galaxy S24 Ultra. A Samsung Galaxy S24 Ultra can be charged to approximately 50% in 20 minutes.
- **Integrated USB-C Cable:** The power bank includes a built-in USB-C charging cable for convenience and durability, which also functions as a carrying strap.

Multi-Protocol Fast Charging

Charge Your Devices Up in Just **30 Minutes**

Support Samsung Super Fast Charge 2.0

				
58% ≈ 2.8 × Charges iPhone 16 Pro Max	60% ≈ 3.4 × Charges iPhone 16	68% ≈ 2.6 × Charges Samsung S25 Ultra	35% ≈ 1.9 × Charges iPad Air (2022)	42% ≈ 1.2 × Charges MacBook Air (A2337)

2. GETTING STARTED

2.1 Package Contents

- CUKTECH 65W USB C Charger and 20000mAh Power Bank Combo
- User Manual

2.2 Initial Charging of the Power Bank

Before first use, fully charge the 20000mAh power bank. This ensures optimal performance and battery longevity.

1. Connect the integrated USB-C cable from the power bank to the USB-C input port on the 65W charger.
2. Plug the 65W charger into a standard wall outlet.
3. The power bank's indicator lights will illuminate to show charging status. Charge until all indicator lights

are solid, indicating a full charge.

45W MAX Fast Charging

Power at Hand, Anytime, Anywhere

Image 2.1: The power bank supports 45W MAX fast charging, which also applies to its self-charging capability.

3. OPERATION INSTRUCTIONS

3.1 Using the 65W USB-C Charger

The 65W charger can be used independently to charge devices directly from a wall outlet.

1. Unfold the AC prongs and plug the charger into a wall outlet.
2. Connect your device's charging cable to one of the charger's output ports (2x USB-C, 1x USB-A).
3. Connect the other end of the cable to your device. Charging will begin automatically.

65W High-Speed Charging for Laptops

Enduring fast charging with no overheating or power reduction

*USB-C1 single-port charging

Image 3.1: The 65W charger provides high-speed charging for laptops and other compatible devices.

3.2 Using the 20000mAh Power Bank

The power bank provides portable power for your devices when a wall outlet is not available.

1. Ensure the power bank is sufficiently charged.
2. For devices with a USB-C port, use the integrated USB-C cable or connect your own USB-C cable to one of the power bank's USB-C output ports.
3. For devices requiring a USB-A connection, use your own USB-A cable with the power bank's USB-A output port.
4. Connect the cable to your device. Charging will commence.

USB-C Cable with Dual-Sided Fast Charging

Tuck into the Slot and Pull for Simple Storage

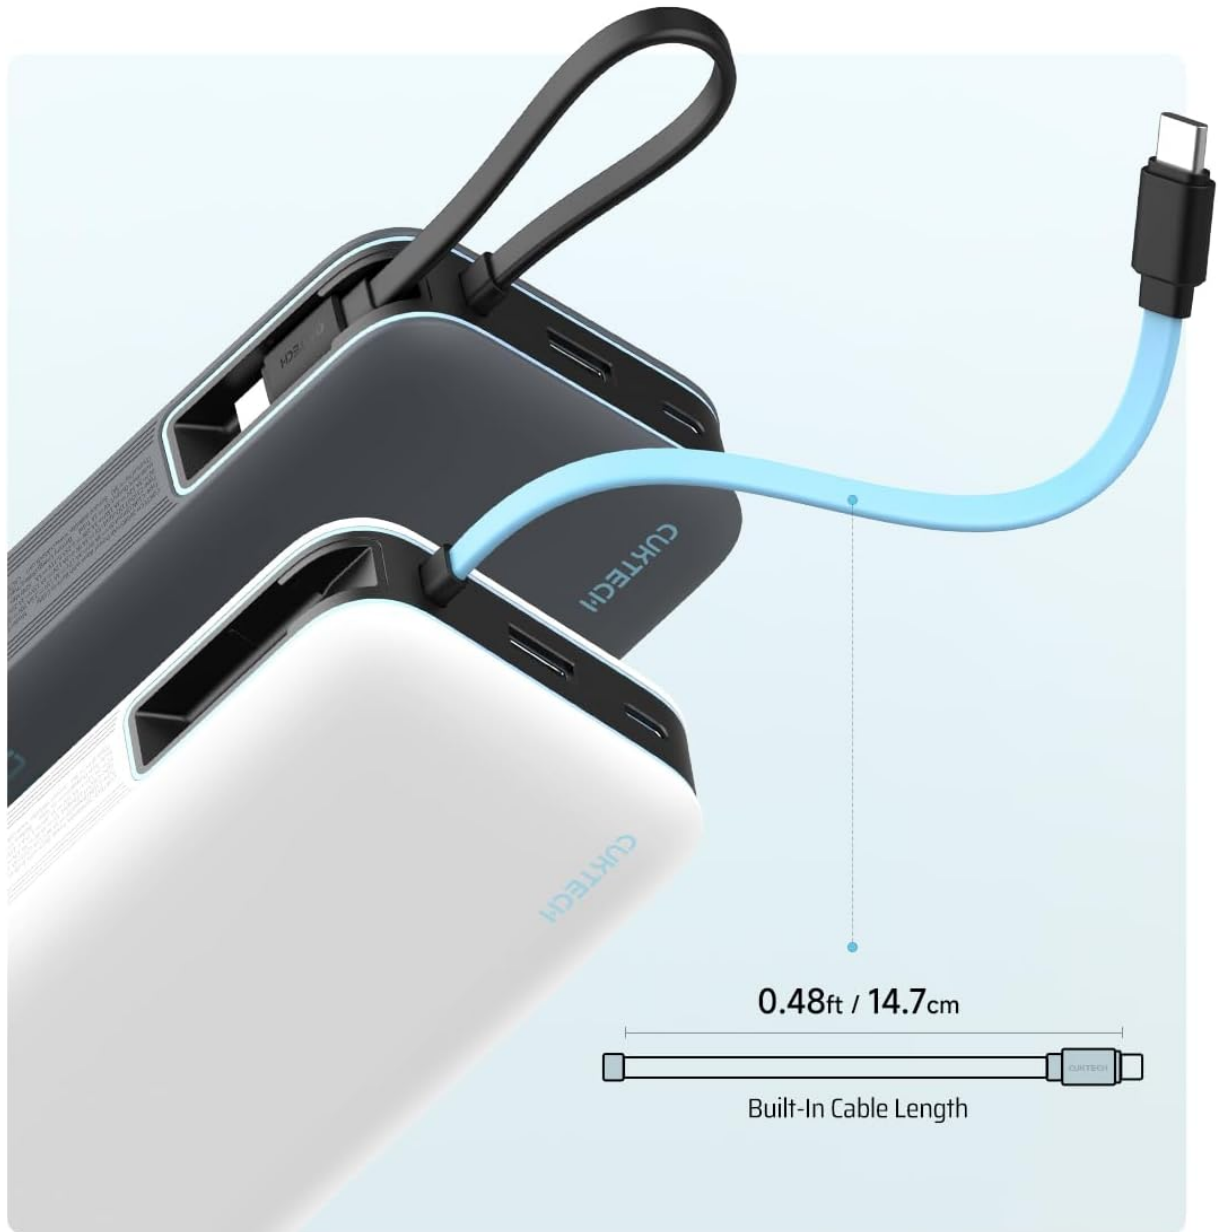

Image 3.2: The power bank features a convenient built-in USB-C cable for easy charging and portability.

3.3 Charging Multiple Devices

Both the charger and power bank can charge multiple devices simultaneously. The total output wattage will be distributed among the connected devices.

- When using the 65W charger, connect up to three devices to its available ports.
- When using the 20000mAh power bank, connect up to three devices to its available ports (including the built-in cable).

Universal Compatibility

Image 3.3: The CUKTECH combo offers universal compatibility, charging a wide range of devices from phones to laptops.

4. CARE AND MAINTENANCE

- Keep the device dry. Do not expose it to moisture or liquids.
- Clean the device with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- Avoid dropping or subjecting the device to strong impacts.
- Periodically recharge the power bank if it is not used for extended periods to maintain battery health.

5. TROUBLESHOOTING

Issue	Possible Cause	Solution
Device not charging from charger.	Charger not plugged in correctly; cable faulty; device incompatible.	Ensure charger is firmly plugged into outlet. Try a different cable. Verify device compatibility.
Power bank not charging device.	Power bank battery depleted; cable faulty; device incompatible.	Recharge the power bank. Try a different cable. Verify device compatibility.
Slow charging speed.	Cable not supporting fast charging; multiple devices connected; device not supporting fast charging.	Use a high-quality, fast-charging compatible cable. Disconnect other devices to maximize power to one. Ensure your device supports fast charging protocols.
Power bank not recharging.	Charging cable faulty; wall adapter faulty; power bank internal issue.	Try a different USB-C cable and wall adapter. If issue persists, contact customer support.

6. PRODUCT SPECIFICATIONS

Feature	Detail
Model	B0DP43FW6Q
Power Bank Capacity	20,000mAh
Charger Output (Max)	65W (Total)
Power Bank Output (Max)	45W (Single Port)
Ports	2x USB-C, 1x USB-A (on charger and power bank)
Built-in Cable	USB-C (supports 45W MAX)
Weight (Approx.)	17.6 oz (1.1 lb)

Similar in Weight to a Bottle of Water!

20,000mAh capacity, power without bulk

Image 6.1: The power bank's weight is comparable to a standard bottle of water, highlighting its portability.

7. IMPORTANT SAFETY INFORMATION

- Do not disassemble, modify, or repair the device.
- Avoid exposure to extreme temperatures (above 45°C/113°F or below 0°C/32°F).
- Do not expose to fire or immerse in water.
- Keep out of reach of children.
- Use only original or certified cables and adapters.
- If the device swells, emits an odor, or becomes excessively hot, discontinue use immediately and contact customer support.
- Dispose of the product responsibly according to local regulations for electronic waste.

8. WARRANTY AND SUPPORT

CUKTECH products are designed for reliability and performance. For warranty information or technical support, please refer to the official CUKTECH website or contact their customer service department. Please retain your proof of purchase for warranty claims.
