3. GETTING STARTED (SETUP)

3.1 Battery and SIM Card Installation

The Speedtalk SIM card is pre-installed in the phone for your convenience. Before first use, you must install the battery and remove any insulation paper.

1. Carefully remove the rear cover of the phone.
2. Locate the battery compartment. If there is a small piece of insulation paper on the battery contacts, gently tear it off.
3. Insert the 1450mAh battery into the compartment, ensuring the gold contacts align with the phone's terminals.
4. Replace the rear cover, pressing firmly until it clicks into place.

SOS Emergency Button

3.2 Charging the Phone

Your Mostthink flip phone comes with a convenient charging dock. For initial use, fully charge the phone.

1. Connect the power adapter to the charging dock.
2. Place the phone into the charging dock. Ensure it is seated correctly and the charging indicator light on the dock illuminates.
3. Alternatively, you can connect the USB-C charging cable directly to the phone's charging port.

A full charge provides up to 5 hours of talk time and approximately 7 days of standby time.

3.3 SIM Card Activation

The included Speedtalk SIM card is pre-installed. To activate your service plan, visit the Speedtalk Mobile activation website:

<https://activate.speedtalkmobile.com/>

Please tear off the insulation paper before use.

4. OPERATING YOUR PHONE

4.1 Display and Keypad

The phone features a 2.4-inch HD main display and a 1.77-inch external colorful HD screen. Both screens display large fonts and icons for easy viewing. The keypad consists of large, easy-to-press buttons with clear numbering.

BIG FONTS AND BIG BUTTONS

Image: The Mosthink flip phone in an open position, showcasing its large internal display and user-friendly keypad.

The speaking keypad feature, which announces each button press, is off by default. You can enable it in the phone's settings for enhanced accessibility.

4.2 Making and Receiving Calls

To make a call, simply dial the number using the large keypad and press the green call button. To answer an incoming call, press the green call button. To end a call, press the red end call button.

The phone features a powerful speaker for clear sound and loud ringtones, ensuring calls are easily heard. It is also Hearing Aid Compatible (M4/T4), providing clear call quality free of interference for hearing aid users.

4.3 Sending and Receiving Text Messages

The phone supports basic text messaging. Use the dedicated message button on the keypad to access your inbox, outbox, and compose new messages. The large fonts make reading messages straightforward.

4.4 SOS Emergency Button

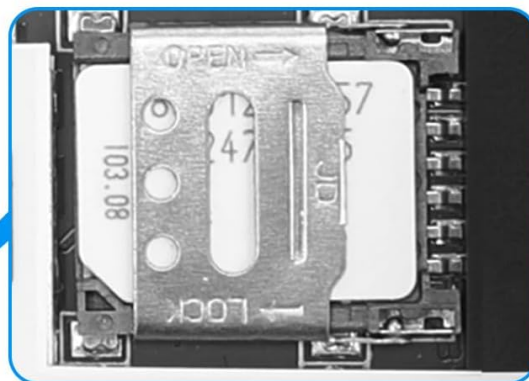

For added safety, the phone includes a simple SOS button located on the back. This feature is designed to provide quick assistance in emergencies.

SIM Card Has Been Installed In The Phone

Running on Nation's Most Reliable Wireless Network

Variety of plans for seniors starting at 5 USD a month

- ✓ No Contracts
- ✓ No Credit Checks
- ✓ No Activation Fee
- ✓ Keep your Existing Phone Number

How to make the phone works?

- 1 Select your Device on Amazon
- 2 Activate the SpeedTalk Phone Plan
- 3 SIM card installed & Ready to GO

7. TROUBLESHOOTING

If you encounter any issues with your Mosthink flip phone, please consider the following common solutions:

- **Phone not turning on:** Ensure the battery is correctly installed and fully charged. Check if the insulation paper has been removed from the battery contacts.
- **No network signal:** Verify that the SIM card is properly inserted. Confirm that your carrier is supported by the phone (Speedtalk, T-Mobile, or their MVNOs). Check your service plan status with your carrier.
- **Cannot make/receive calls:** Ensure you have sufficient credit or an active plan with your carrier. Check network signal strength.
- **Sound issues:** Adjust the volume using the side buttons. Ensure the speaker is not obstructed.
- **SOS button not working:** Verify that emergency contacts are correctly set up in the phone's settings.

For further assistance, please refer to the detailed user manual included in the box or contact Mosthink customer support.

8. WARRANTY AND SUPPORT

The Mosthink 4G Unlocked Flip Cell Phone is CERTIFIED SAFE with FCC and IC with UL certification on accessories. For specific warranty information and customer support, please refer to the warranty card included with your product or visit the official Mosthink website.
