

Bigme B1051C-Keyboard

Bigme B1051 Series Keyboard Case User Manual

Model: B1051C-Keyboard

INTRODUCTION

This user manual provides detailed instructions for the Bigme B1051 Series Keyboard Case, designed specifically for Bigme B1051 Series Electronic Ink Read/Write Tablets. This 2-in-1 accessory combines a protective case with a wireless keyboard and trackpad, enhancing the functionality and portability of your tablet.

Please read this manual thoroughly before using the product to ensure proper operation and to maximize its lifespan.

PRODUCT FEATURES

- **Compatibility:** Exclusively designed for Bigme B1051 Series E-ink Reader Tablets.
- **Adjustable Multi-Angle Stand:** Features multiple built-in grooves for various horizontal viewing angles and a separate flip design for optimal comfort.
- **Stain Resistant Case:** Easy to clean, resistant to ink, coffee, and food stains, maintaining a smooth and clean appearance.
- **Enlarged Keycaps and Trackpad:** Provides a more comfortable typing experience with increased touch area.
- **Shortcut Keys:** Dedicated keys for controlling the B1051 series E-ink reader, including sound level, screen brightness, song switching, and screenshot functions.
- **Direct Connection:** No Bluetooth connection or charging required. Connects directly via a unique magnetic adsorption interface.
- **Secure Protection:** Sturdy yet lightweight design protects your B1051 Series E-Ink Reader from scuffs and scratches.

PACKAGE CONTENTS

Please verify that all items are present in the package:

- 1 x Bigme B1051 Series Keyboard Case
- 1 x Keycap Puller

Note: The Bigme B1051 Series E-ink Reader Tablet is sold separately and is not included with this keyboard case.

SETUP

Attaching the Keyboard Case

The Bigme B1051 Series Keyboard Case utilizes a unique magnetic adsorption interface for connection to your Bigme B1051 Series E-ink Reader Tablet. Follow these steps for proper attachment:

- Step 1: Prepare the Tablet and Case.** Place your Bigme B1051 Series E-ink Reader Tablet and the keyboard case on a flat, stable surface. Ensure both are clean and free of debris.
- Step 2: Align the Connection Ports.** Carefully align the magnetic connection pins on the keyboard case with the corresponding port on the Bigme B1051 Series E-ink Reader Tablet. The tablet's adsorption sensor port should meet the keyboard's port.
- Step 3: Secure the Connection.** Gently bring the tablet and keyboard case together. The magnets will automatically snap them into place, establishing the connection. You should feel a secure attachment.

Image: Visual guide for attaching the Bigme B1051 Series Keyboard Case to the tablet. It illustrates three steps: preparing the devices, aligning the magnetic connectors, and the final connected state.

Once connected, the keyboard will be immediately functional without the need for Bluetooth pairing or external power.

OPERATING INSTRUCTIONS

Using the Keyboard and Trackpad

The keyboard provides a full QWERTY layout with enlarged keycaps for comfortable typing. The integrated trackpad allows for precise cursor control, similar to a laptop.

Image: Detailed view of the keyboard layout, showing the enlarged keycaps and the spacious trackpad. The top row of keys displays various function icons.

Shortcut Keys Functionality

The keyboard features a dedicated row of shortcut keys (function keys) that provide quick access to common tablet functions. Refer to the diagram below for a detailed explanation of each key:

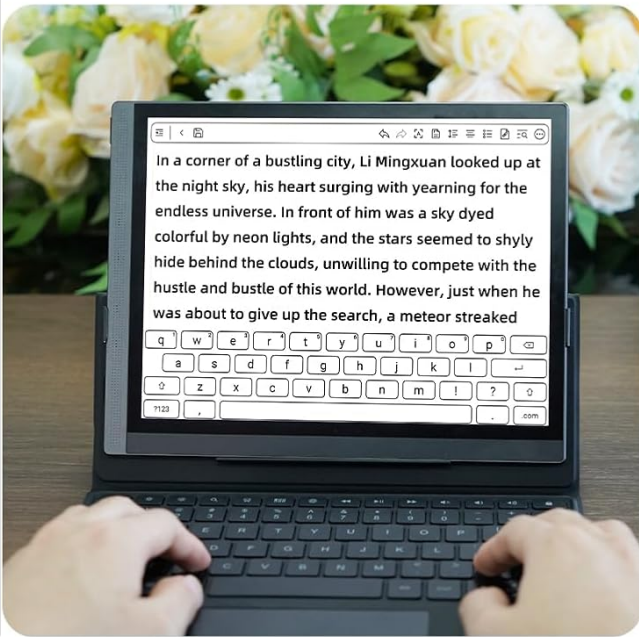

Image: A visual representation of the keyboard's top row function keys, with labels indicating their respective actions such as return to main interface, brightness adjustment, search, multitasking, input method switch, media controls (play/pause, previous/next song, mute, volume up/down), screenshot, and screen saver.

- **Return to Main Interface:** Navigates back to the tablet's home screen.
- **Foresight Brightness (Plus/Minus):** Adjusts the screen's front light brightness.
- **Search:** Opens the search function.
- **Multitasking:** Displays recently opened applications.
- **Input Method/Language Switch:** Toggles between different input methods or languages.
- **Previous Song:** Skips to the previous track in media playback.
- **Play/Pause:** Toggles media playback.
- **Next Song:** Skips to the next track in media playback.
- **Mute:** Mutes or unmutes audio.
- **Volume (Minus/Plus):** Adjusts the audio volume down or up.
- **Screenshot:** Captures a screenshot of the current screen.
- **Screen Saver:** Activates the screen saver or puts the tablet to sleep.

Adjusting the Viewing Angle

The case features a multi-angle stand design, allowing you to adjust your tablet to various comfortable viewing positions for reading, working, or watching videos.

Fully Adjustable Stand

Choose the angle that works best for you

Image: The keyboard case shown from the side, illustrating how the tablet can be propped up at different angles using the built-in grooves and flip design.

Simply fold the case along the designated grooves to achieve your desired angle. The sturdy design ensures stability in all supported positions.

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your Bigme B1051 Series Keyboard Case, follow these maintenance guidelines:

- **Cleaning the Case:** The case is designed to be stain-resistant. For spills or stains, gently wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.
- **Cleaning the Keyboard:** Use a soft, lint-free cloth to wipe the keycaps and trackpad. For dust or debris

between keys, a can of compressed air can be used. If necessary, the included keycap puller can be used to carefully remove keycaps for deeper cleaning, but exercise caution to avoid damage.

- **Storage:** When not in use, store the keyboard case and tablet in a clean, dry environment away from extreme temperatures and direct sunlight.
- **Handling:** While the case provides robust protection, avoid dropping the device or subjecting it to excessive force, which could damage both the case and your tablet.

TROUBLESHOOTING

If you encounter any issues with your Bigme B1051 Series Keyboard Case, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Keyboard/Trackpad not responding.	Improper connection between tablet and keyboard case.	Ensure the tablet is securely attached to the keyboard case and the magnetic connection pins are fully engaged. Detach and reattach the tablet to ensure a proper connection.
Keys are sticky or unresponsive.	Debris or dirt under the keycaps.	Clean the keyboard surface with a soft cloth. Use compressed air to remove debris from under the keys. If necessary, carefully use the keycap puller to clean individual keys.
Case does not hold tablet securely.	Tablet not properly seated in the case.	Ensure the tablet is correctly aligned and fully seated within the case's frame. Verify that the magnetic connection is strong.
Shortcut keys not working.	Software issue on tablet or temporary glitch.	Restart your Bigme B1051 Series E-ink Reader Tablet. Ensure your tablet's operating system is up to date.

If the problem persists after trying these solutions, please contact Bigme customer support for further assistance.
