# JEKCA Cheetah 01S Animal Plastic Building Blocks Instruction Manual

This manual provides detailed instructions for assembling, maintaining, and troubleshooting your JEKCA Cheetah 01S Animal Plastic Building Blocks model.

## INTRODUCTION

The JEKCA Cheetah 01S is a 3D animal building block kit designed for enthusiasts aged 14 and above. Utilizing a patented interlocking technology, these brick sculptures can be constructed sturdily without the need for glue. This manual will guide you through the assembly process and provide essential information for care and maintenance.

## PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present in your package:

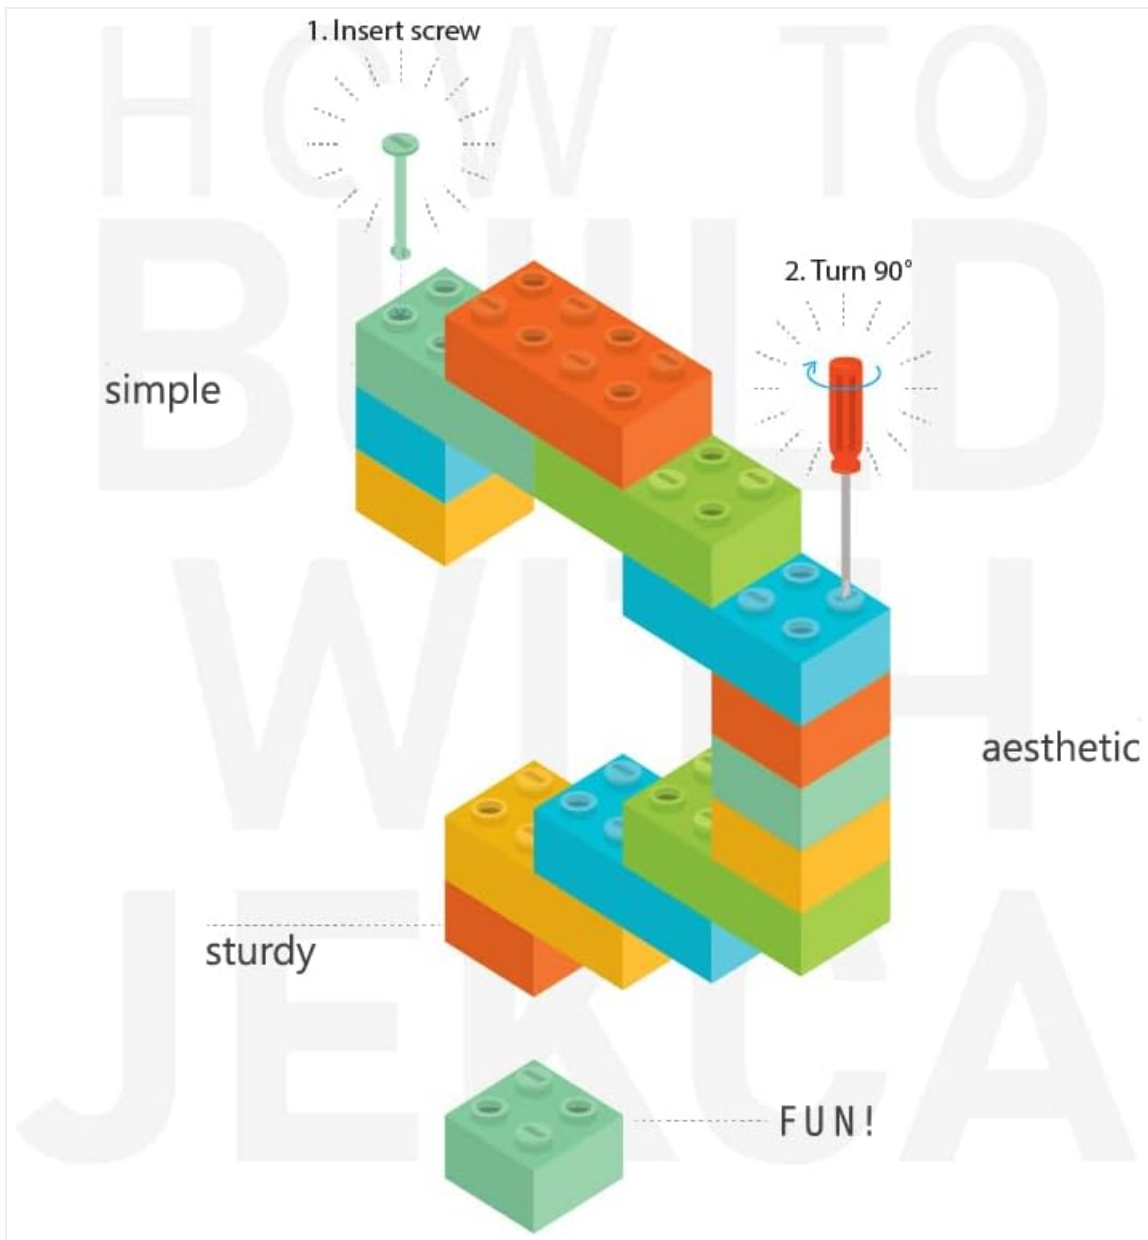

- Instruction Manual
- Building Bricks (over 7840 pieces)
- Pins
- Pin Driver
- Quick Guide

## SAFETY INFORMATION

This product contains small parts. It is recommended for individuals aged 14 years and above. Keep small parts away from young children to prevent choking hazards.

## SETUP AND ASSEMBLY

The JEKCA Cheetah 01S model utilizes a unique brick-through interlocking system for sturdy construction. Follow the detailed step-by-step manual included in your package for precise assembly. The general process involves inserting pins and turning them 90 degrees to lock the bricks together.

**Figure 1:** Illustration demonstrating the JEKCA brick-through interlocking system. Pins are inserted into the bricks and then turned 90 degrees with the provided pin driver to secure them, ensuring a sturdy connection.

For a visual demonstration of the JEKCA building process and the interlocking system, please refer to the video below:

Begin by sorting your bricks by color and shape to facilitate the building process. Follow the sequence outlined in the included manual carefully. Each step is designed to build the structure layer by layer, ensuring stability and accuracy.

## OPERATING AND DISPLAY

Once assembled, your JEKCA Cheetah 01S sculpture is designed to be a sturdy display piece. Due to the interlocking system, the model is not easily broken apart, making it suitable for static display in various environments.

While the model is robust, avoid excessive force or dropping to prevent potential damage to the bricks or the overall structure. It is not intended as a toy for rough play.

## MAINTENANCE

To maintain the appearance of your JEKCA Cheetah 01S model, regular dusting with a soft, dry cloth or a soft brush is recommended. For more thorough cleaning, a slightly damp cloth can be used, but avoid excessive moisture or harsh cleaning agents, as these may damage the plastic or affect the color of the bricks.

Store the model away from direct sunlight and extreme temperatures to prevent discoloration or warping of the plastic components over time.

## TROUBLESHOOTING

- **Bricks not fitting:** Ensure you are using the correct bricks for each step as indicated in the instruction manual. Verify that the pins are correctly aligned before attempting to lock them.
- **Model instability:** If a section of your model feels unstable, re-check the connections in that area. Ensure all pins are fully inserted and turned 90 degrees to lock the bricks securely. Refer to the step-by-step manual to confirm correct placement.
- **Missing parts:** In the event of missing bricks or pins, please contact JEKCA customer support with details of the missing components and your purchase information.
