## LIK CUT S501

# LIK CUT S501 Vinyl Cutter Machine User Manual

Model: S501 | Brand: LIKCUT

## 1. PRODUCT OVERVIEW

---

The LIKCUT S501 is a smart, compact vinyl cutter machine designed for a wide range of vinyl and paper crafts. It functions as a portable plotter and sticker maker, suitable for various DIY projects, party supplies, and general crafting needs.

### Key Features

- **Stable, Reliable Connectivity:** Features Bluetooth 5.0 and USB 2.0 options for quick and uninterrupted connection.
- **Fast Cuts to Long Runs:** Capable of cutting at speeds up to 3.2 inches per second. The durable blade can cut over 4,610 meters of material.
- **Built-in Front Cover Storage:** The front cover doubles as a convenient storage space for tools and materials, helping to keep your workspace organized.
- **Extensive Library of Designs:** Access over 1 million designs and more than 1,200 fonts through the Likcut Design Store, offering limitless creative possibilities.
- **Cutting & Drawing:** Supports both cutting and drawing functions with dual modes and adjustable pressure settings. Compatible with over 50 material types.

## 2. WHAT'S IN THE BOX

---

Please ensure all the following components are included in your package:

- 1 LIKCUT S501 Cutting Machine
- 1 Power Adapter
- 1 USB C Cable
- Vinyl Bundle (starter materials)

### 3. SETUP

#### Unpacking

Carefully remove all components from the packaging. Verify that all items listed in the "What's in the Box" section are present and undamaged.

#### Connecting the Machine

1. Connect the power adapter to the machine's power port and then to a standard electrical outlet.
2. Connect the machine to your device (computer or mobile) using either the provided USB C cable or via Bluetooth 5.0. The machine typically establishes a connection within 3 seconds.
3. Download and install the official LIKCUT Design Store application on your computer or mobile device (available for iOS and Android).

## 4. OPERATION

---

### Loading Materials

The LIKUT S501 is compatible with a variety of materials, including vinyl, paper, and cardstock.

#### For Matless Cutting (Vinyl)

1. Ensure the vinyl material is properly aligned and inserted into the machine's feed slot.
2. The machine can cut extra-long vinyl up to 6.5 feet without a cutting mat.

**88MM/S** High-Speed Cutting  
(3.2"/s)

Cutting Up to  
**4610.4M** Per Blade  
(15,125ft)

Image: A LIKUT S501 machine actively cutting a long roll of white vinyl, demonstrating its matless cutting capability for extended projects.

#### **For Mat-Based Cutting (Paper, Cardstock)**

1. Place your material onto the standard grip cutting mat (4.5" x 6.5").
2. Align the mat with the machine's feed guides and insert it into the machine.

# Beginner-Friendly Crafting Set

## Using the Likcut Design Store App

The companion app provides access to a vast library of designs and fonts to enhance your projects.

1. Open the Likcut Design Store app on your connected device.
2. Select or create your desired design within the app interface.
3. Adjust settings such as material type, cutting pressure, and size to match your project requirements.
4. Send the design to the machine for cutting or drawing.

## Cutting and Drawing Functions

The S501 supports both precise cutting and detailed drawing. To switch between functions, replace the cutting blade with the watercolor pen in the cutting carriage.

# Turn Ideas Into Output

Video: This official seller video demonstrates various creative applications of the LIKUT S501 vinyl cutter, including making personalized wedding invitations, place cards, and custom fabric bags. It showcases the machine's precision cutting and drawing capabilities for diverse crafting projects.

## 5. MAINTENANCE

### Cleaning the Machine

Regularly clean the cutting carriage, rollers, and surrounding areas to ensure optimal performance and prevent material jams. Use a soft, dry, lint-free cloth. Avoid using abrasive cleaners or solvents.

### Blade Replacement

Replace the cutting blade when you notice a decrease in cut quality, such as ragged edges or incomplete cuts. New

blades are available from authorized LIKCUT retailers.

## Storage

Utilize the built-in front cover storage compartment to keep your tools and accessories neatly organized and protected when the machine is not in use.

## 6. TROUBLESHOOTING

### Common Issues and Solutions

- **Machine not connecting:** Ensure Bluetooth is enabled on your device or the USB cable is securely connected. Restart both the machine and your device.
- **Poor cut quality:** Check if the blade is dull and needs replacement. Verify that the correct material settings (pressure, speed) are selected in the app. Ensure the material is properly loaded and flat on the mat (if using one).

- **Material jamming:** Make sure the material is not wrinkled or bent before loading. Ensure the cutting mat is clean and has appropriate grip.
- **App issues:** Update the Likcut Design Store app to the latest version. Restart the app or reinstall if problems persist.

For further assistance, refer to the online support resources or contact LIKCUT customer service.

## 7. SPECIFICATIONS

Feature	Detail
Brand	LIKCUT
Model	S501
Material	Plastic
Color	Beige
Active Surface Area	180 square inches
