TREVI Lemon Lime 28 Servings

TREVI™ Sugar Free Electrolytes

LEMON LIME HYDRATION POWDER PACKETS - USER MANUAL

Product Overview

The TREVI™ Sugar Free Electrolytes drink mix is designed to enhance daily hydration with a blend of vitamins, minerals, and electrolytes. This Lemon Lime flavored powder comes in convenient individual packets, offering a refreshing taste without added sugar or artificial dyes. Each serving is formulated to support optimal hydration and overall well-being.

Image: A single TREVI Lemon Lime electrolyte packet positioned centrally, surrounded by vibrant green lime slices and yellow lemon slices on a bright green background.

Each packet contains essential electrolytes such as Sodium, Potassium, and Magnesium, along with Vitamin C and Pink Himalayan Salt. The formula is sugar-free, non-GMO, allergen-free, vegan, and contains no artificial preservatives or coloring.

6 Key Electrolytes

Designed for hydration, muscle recovery, and sustained energy.

Image: A visual representation highlighting the 6 key electrolytes present in TREVITM: Magnesium (Mg), Sodium (Na), Phosphorus (P), Potassium (K), Chloride (Cl), and Calcium (Ca), with a TREVITM packet in the center.

Setup and Preparation

To prepare your TREVITM electrolyte drink, follow these simple steps:

1. **Tear:** Open one individual stick packet.
2. **Pour:** Empty the powder into a glass or bottle of water.
3. **Mix:** Stir or shake until the powder is fully dissolved.
4. **Hydrate:** Enjoy your enhanced hydration.

Adjust the water volume to achieve your preferred flavor intensity:

- **16 oz of water:** For a bold, sweet flavor.
- **24 oz of water:** For a balanced flavor (sweet spot).
- **32 oz of water:** For a subtle flavor.
- **40 oz of water:** For a very subtle flavor.

Product Specifications

Attribute	Detail
Product Dimensions	1 x 0.2 x 4.5 inches (per stick)
Item Weight	0.15 ounces (per stick)
Unit Count	4.35 Ounce (total)
Item Form	Powder
Flavor	Lemon Lime
Number of Items	28
Special Ingredients	Natural Flavors, Pink Himalayan Salt
Product Benefits	Hydrating
Package Information	Stick Pack
Manufacturer	TREVI

Troubleshooting

- Powder not dissolving completely:** Ensure you are using cold water. Stir or shake vigorously for at least 30 seconds. If using a bottle, ensure the cap is securely fastened before shaking.
- Flavor too strong:** Increase the amount of water used per packet. Refer to the "Setup and Preparation" section for recommended water volumes to achieve a more subtle flavor.
- Flavor too weak:** Ensure you are using the recommended amount of water (16 oz for bold flavor). If you prefer a stronger taste, you may use slightly less water, but be mindful of the concentration.
- Experiencing digestive discomfort:** While TREVI™ is generally well-tolerated, some individuals may be sensitive to certain ingredients. If discomfort occurs, try reducing the serving size or consulting a healthcare professional.

Safety and Legal Information

Legal Disclaimer: Statements regarding dietary supplements have not been evaluated by the Food and Drug Administration (FDA) and are not intended to diagnose, treat, cure, or prevent any disease or health condition. Always consult with a healthcare professional before starting any new supplement regimen, especially if you have pre-existing health conditions or are pregnant or nursing.

Keep out of reach of children. Store in a cool, dry place.

Support and Contact
