

## SUPERONE B0DP5ZX57Y

# SUPERONE Bluetooth 5.3 Car Adapter and Charger

Model: B0DP5ZX57Y

Brand: SUPERONE

## INTRODUCTION

This manual provides detailed instructions for the SUPERONE Bluetooth 5.3 Car Adapter and Charger. This device integrates an FM transmitter, Bluetooth connectivity, and a multi-port car charger with retractable cables, designed to enhance your in-car audio and charging experience. Please read this manual thoroughly before use to ensure proper operation and safety.

## PRODUCT FEATURES

- **Compact Design:** Approximately 30% smaller than comparable FM transmitters.
- **Bluetooth 5.3:** Provides faster, more stable connections with reduced sound quality loss and improved noise suppression.
- **69W 4-Port Charging:** Includes a PD 30W USB-C retractable cable, a 12W Apple retractable cable, a 15W USB-C port, and a 12W USB-A port.
- **Retractable Cables:** Two integrated cables (USB-C and Apple compatible) extend up to 80cm (31.5 inches) and retract for tidy storage.
- **FM Transmitter:** Broadcasts audio from your device to your car's FM radio.
- **Hands-Free Calling:** Supports clear, uninterrupted calls with CVC technology for noise and wind suppression.
- **Music Playback:** Supports WMA, MP3, WAV, APE, FLAC music formats via Bluetooth or USB flash drive.
- **Voltage Display:** Shows current car battery voltage.
- **Safety Protections:** Equipped with over-current, over-voltage, over-heat, and short-circuit protection.

## PACKAGE CONTENTS

The product package includes:

- 1 x SUPERONE Bluetooth 5.3 Car Adapter and Charger

## PRODUCT OVERVIEW

The SUPERONE car adapter is designed for convenience and functionality. Below is an image illustrating its key components and compact size.

This image displays the SUPERONE car adapter installed in a vehicle's power socket. The digital screen shows the current car battery voltage (12.6V). Two retractable charging cables, one USB-C and one for Apple devices, are extended from the unit, ready for use. The device also features a USB-A port and a USB-C port for additional charging.

# 2024 NEWEST Car Charger

This image illustrates the compact design of the SUPERONE car charger. It is depicted as being held between two stylized hands, emphasizing its small form factor. Text on the image indicates it is '30% smaller than other 4-IN-1 car chargers', highlighting its space-saving advantage.

## SETUP INSTRUCTIONS

1. **Insert into Car Power Outlet:** Plug the SUPERONE car adapter firmly into your vehicle's 12V/24V cigarette lighter socket. The device will power on automatically, and the LED display will show the car battery voltage.
2. **Set FM Frequency:**

- Tune your car's FM radio to an unused, clear frequency (one with no static or broadcasting).
- Press the 'FM' button on the SUPERONE adapter. Use the 'Previous' and 'Next' track buttons to adjust the device's FM frequency to match your car radio's frequency.
- Ensure both frequencies match for optimal audio transmission.

This image provides a visual guide for setting up the FM transmitter function. Step 1 shows a car radio tuned to an FM frequency (106.8 MHz). Step 2 shows the SUPERONE device displaying the same FM frequency. Step 3 shows a smartphone's Bluetooth settings screen, indicating successful pairing with the device ('PT-42').

### 3. Bluetooth Pairing:

- On your smartphone, enable Bluetooth and search for available devices.
- Select 'PT-42' from the list to pair. A voice prompt will confirm successful connection.
- After the first successful pairing, the device will automatically connect to your phone when powered on.

# WHY CHOOSE OURS?

**SUPERONE**

**69W**  
Super Fast Charging

**5.3**  
Stable & Faster

**Built-in retractable cables**

**HIFI**  
HI-FI Stereo Music

**Other**

35W High Power

5.0 Bluetooth

A close-up, stylized image of a microchip labeled 'Bluetooth 5.3'. Accompanying text highlights the benefits of this technology: '200% Fast Connection', '200% Stable Transmission', and '100% Noise Suppression', indicating enhanced performance for wireless connectivity.

## OPERATING INSTRUCTIONS

### Music Playback

- **Via Bluetooth:** Once paired, open your music application on your phone. Audio will transmit to your car's stereo via the set FM frequency. Use the 'Previous' and 'Next' track buttons on the adapter to control playback.
- **Via USB Flash Drive:** Insert a USB flash drive containing WMA, MP3, WAV, APE, or FLAC audio files into the designated USB port. The device will automatically detect and play music from the drive.

## Hands-Free Calling

When a call comes in while connected via Bluetooth:

- Press the 'Answer' button (usually indicated by a phone icon) on the adapter to accept the call.
- Press the 'End' button to hang up.
- Press and hold the 'End' button to reject an incoming call.

This image shows a man driving and engaging in a hands-free phone call, facilitated by the SUPERONE car adapter. Speech bubbles indicate a conversation ('Hello!', 'I'll be there soon'). The device itself is visible, with icons for answering, ending, and rejecting calls, demonstrating its hands-free calling functionality.

## Charging Devices

The adapter offers multiple charging options:

- **Retractable PD 30W USB-C Cable:** Pull out the USB-C cable to charge compatible Android devices or other USB-C devices at up to 30W.
- **Retractable 12W Apple Cable:** Pull out the Apple-compatible cable to charge iPhones or other Apple devices at up to 12W.
- **15W USB-C Port:** Use your own USB-C cable to charge devices via this port.
- **12W USB-A Port:** Use your own USB-A cable to charge devices via this port.

# Latest Bluetooth 5.3 Chip

**200%**  
Fast Connection

**200%**  
Stable Transmission

**100%**  
Noise Suppression

This image showcases the SUPERONE car charger's multi-device charging capability. It is depicted charging two smartphones and a tablet simultaneously. Labels point to the various charging ports: PD 30W USB-C, 12W Apple retractable cable, 15W USB-C, and 12W USB-A, illustrating its 69W super-fast charging capacity.

A man seated in a car is shown extending one of the retractable charging cables from the SUPERONE car adapter. The cable is fully extended, with an overlay indicating a maximum length of 'Max 80cm/31.5in'. This image demonstrates the convenience and reach of the retractable cable feature.

## TROUBLESHOOTING

### **No Power / Device Not Turning On:**

Ensure the adapter is fully inserted into the car's power outlet. Check if the car's power outlet is functioning (e.g., by testing with another device). Some vehicles require the ignition to be on for the power outlet to be active.

**Static Noise / Poor Audio Quality:**

Adjust the FM frequency on both the adapter and your car radio to a different, clear, unused frequency. Avoid frequencies used by local radio stations. Ensure the adapter is not placed near other electronic devices that might cause interference. If possible, try plugging the adapter into a different power outlet in the car (e.g., a rear outlet if available) as suggested by some users.

**Bluetooth Connection Issues:**

Ensure Bluetooth is enabled on your smartphone. Delete 'PT-42' from your phone's paired devices list and attempt to re-pair. Restart both your phone and the car adapter (by unplugging and re-plugging it). Ensure no other Bluetooth devices are interfering with the connection.

**Low Volume:**

Increase the volume on both your smartphone and your car's stereo system. Some users report that the volume for calls might be lower; adjust accordingly or use your phone directly for calls if necessary.

**Charging Not Working:**

Check if the cables are fully extended and properly connected to your devices. Ensure your device is compatible with the charging port (e.g., USB-C for USB-C port). Verify that the car adapter is receiving power.

**SPECIFICATIONS**

Feature	Specification
Brand	SUPERONE
Bluetooth Version	5.3
Total USB Ports	4 (2 retractable cables, 2 fixed ports)
Total Wattage	69W
Retractable Cable 1	PD 30W USB-C
Retractable Cable 2	12W Apple Compatible
Fixed Port 1	15W USB-C
Fixed Port 2	12W USB-A
Cable Length (Retractable)	Up to 80cm (31.5 inches)
Supported Music Formats	WMA, MP3, WAV, APE, FLAC
Power Source	Corded Electric (Car 12V/24V)
Item Weight	5.9 ounces (0.17 Kilograms)
Dimensions	6.77 x 2.68 x 1.5 inches

**SAFETY INFORMATION**

- Do not disassemble or modify the device.
- Keep out of reach of children.
- Avoid exposure to extreme temperatures, direct sunlight, or moisture.

- Do not operate the device if it has been damaged.
- Ensure proper ventilation around the device during use.
- Unplug the device from the car's power outlet when not in use for extended periods.

## WARRANTY AND SUPPORT

SUPERONE offers an **18-Month Free Replacement** policy for this product. If you encounter any compatibility issues or defects, please contact SUPERONE customer service for assistance.

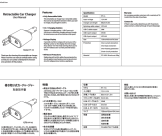

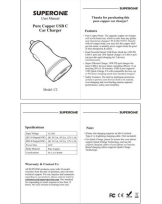

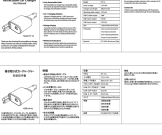

Customer support is available **7 days a week, 24 hours a day** to help resolve any problems you may experience.

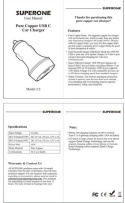

For support, please refer to the contact information provided with your purchase or visit the official SUPERONE website.
