YATINEY DS03UDBB

YATINEY TV Stand with LED Light and Power Outlets (Model DS03UDBB) - Instruction Manual

Your guide to assembly, operation, and care.

INTRODUCTION

Thank you for choosing the YATINEY TV Stand with LED Light and Power Outlets, Model DS03UDBB. This entertainment center is designed to accommodate TVs up to 45 inches and features integrated LED lighting, convenient power outlets, fabric drawers, and open shelving for media devices and storage. This manual provides detailed instructions for assembly, operation, and maintenance to ensure safe and optimal use of your new TV stand.

SAFETY INFORMATION

WARNING:

- Read all instructions carefully before assembly and use.
- Do not exceed the maximum weight limits: **110 lb (50 kg) for the top surface** and **44 lb (20 kg) for the mesh shelving**. Overloading can cause instability and damage.
- Be aware of sharp edges during assembly and handling.
- Ensure all connections for the power strip and LED lights are secure and correctly installed to prevent electrical hazards.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Place the TV stand on a flat, stable surface.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x YATINEY TV Stand (Model DS03UDBB)
- 1 x Accessory Package (includes hardware, tools, LED strip, and remote)
- 1 x Assembly Manual

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the YATINEY TV Stand is designed to be straightforward. Follow the detailed, illustrated manual included in your package. All parts are labeled for easy identification.

- Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches.
- Identify Parts:** Match each part to the corresponding labels in the assembly manual.
- Assemble Frame:** Begin by assembling the metal frame components according to the manual's diagrams. Ensure all

screws are tightened securely but do not overtighten until the entire frame is stable.

4. **Attach Shelves:** Install the engineered wood and mesh shelves into the frame.
5. **Install Fabric Drawers:** Insert the fabric drawers into their designated compartments.
6. **Mount Power Strip:** Secure the built-in power strip to the designated area on the top shelf.
7. **Apply LED Light Strip:** Adhere the LED light strip to the underside of the top shelf or other desired locations as shown in the manual. Ensure the strip is clean and dry before application.
8. **Final Tightening:** Once all components are in place, go back and fully tighten all screws.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Dusting:** Regularly dust the TV stand to prevent buildup, especially on the mesh shelves to maintain ventilation.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Electrical Components:** Ensure the power cord and LED light connections are free from damage. Do not attempt to repair damaged electrical components; contact a qualified technician.
- **Fabric Drawers:** The fabric drawers can be spot cleaned with a mild detergent and water. Allow to air dry completely.
