2. SAFETY INSTRUCTIONS

- **Power Supply:** Use only the provided power adapter. Ensure the voltage matches your local power supply. Unplug the instrument during lightning storms or when unused for long periods.

- **Ventilation:** Do not block any ventilation openings. Ensure adequate airflow around the instrument to prevent overheating.

- **Water & Moisture:** Do not expose the instrument to rain, moisture, or excessive humidity. Keep liquids away from the piano.

- **Heat Sources:** Keep away from heat sources such as radiators, heat registers, stoves, or other apparatus that produce heat.

- **Cleaning:** Clean only with a dry cloth. Avoid using liquid cleaners or aerosols.

- **Handling:** Handle with care. Avoid dropping or subjecting the instrument to strong impacts.

3. PACKAGE CONTENTS

Verify that all items are present in the package before assembly:

- Donner OURA S100 Digital Piano Unit

- Piano Legs (2 pieces)
- Triple Pedal Unit
- Power Adapter
- Sheet Music Stand
- Assembly Screws

4. SETUP

Follow these steps to assemble your Donner OURA S100 Digital Piano:

1. Carefully unbox all components and place them on a soft, flat surface to prevent scratches.
2. Attach the two piano legs to the underside of the main piano unit using the provided screws. Ensure they are securely fastened.
3. Connect the triple pedal unit cable to the designated port on the underside of the piano.
4. Insert the power adapter into the DC input port on the back of the piano and plug it into a power outlet.
5. Attach the sheet music stand by screwing it into the designated holes on the top surface of the piano.

5. OPERATING INSTRUCTIONS

Power On/Off

Press the power button located on the left side of the keyboard to turn the piano on or off. The power indicator light will illuminate when the piano is on. The piano features an auto-off function to conserve power if left idle for an extended period.

Volume Control

Adjust the master volume using the rotary knob on the left side of the keyboard. Turn clockwise to increase volume and counter-clockwise to decrease.

Key Features & Touch Sensitivity

The OURA S100 features an 88-key graded hammer weighted keyboard, simulating the feel of an acoustic grand piano. The touch sensitivity allows for dynamic expression; playing keys with more pressure produces louder sounds, while lighter touches result in softer tones.

Voice/Tone Selection

The piano boasts 15 high-quality tones, including top-notch acoustic piano samples, guitar, bass, and organ. Refer to the user manual for specific key combinations to select different voices.

Exclusive Donner Demo Tracks

Explore the 3 built-in original MIDI demo songs, showcasing various musical styles. These demos are designed to highlight the instrument's sound capabilities.

7. CONNECTIVITY

The Donner OURA S100 offers versatile connectivity options:

- **MIDI USB:** Connect to computers or other MIDI devices for recording, music production, or educational software.
- **AUX IN/OUT:** Use AUX IN to connect external audio sources (e.g., MP3 player) and play along. Use AUX OUT to connect to external speakers or audio interfaces.
- **Sustain Pedal Socket:** For connecting the included triple pedal unit or an optional single sustain pedal.
- **Headphone Jacks (6.35mm):** Two headphone jacks are provided for private practice or duet sessions without disturbing others.

8. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your digital piano:

- **Cleaning:** Use a soft, dry cloth to wipe down the keys and surfaces. For stubborn dirt, slightly dampen the cloth with water and mild soap, then wipe dry immediately. Avoid abrasive cleaners.
- **Storage:** Store the piano in a cool, dry place away from direct sunlight, extreme temperatures, and high

humidity.

- **Protection:** When not in use, consider covering the piano with a dust cover to protect it from dust and debris.

9. TROUBLESHOOTING

If you encounter any issues, refer to the common problems and solutions below:

Problem	Possible Cause	Solution
No Sound / Distorted Sound	Volume too low; cables not connected properly; LOCAL OFF function enabled.	Increase volume; check all cable connections (power, pedals, AUX); disable LOCAL OFF function if using internal speakers.
Bluetooth Connection Issues	Bluetooth not enabled; device out of range; interference.	Ensure Bluetooth is enabled on piano and device; move device closer; minimize interference from other electronic devices.
Keys feel unresponsive	Dust or debris under keys; internal issue.	Gently clean around keys; if problem persists, contact customer support.
