## 5. MAINTENANCE

Proper care will extend the life and appearance of your bed frame:

- **Cleaning:** Wipe the bed frame surfaces with a dry cloth. For the velvet upholstery, use a soft brush or vacuum with an upholstery attachment to remove dust. Spot clean with a mild fabric cleaner if necessary, testing on an inconspicuous area first.
- **Hardware:** Periodically check all bolts and screws to ensure they are tight. Re-tighten as needed to maintain stability.
- **LED Lights:** Avoid direct contact with water or harsh chemicals. If the lights malfunction, refer to the troubleshooting section.
- **Drawers:** Keep the drawer tracks and wheels free of debris for smooth operation.

## 6. TROUBLESHOOTING

Issue	Possible Cause	Solution
LED lights not working	Loose connection, power outage, remote battery dead, app issue.	Check all power connections. Ensure the power adapter is plugged in. Replace remote batteries. Restart the mobile app.
Bed frame is wobbly or noisy	Loose hardware, uneven floor, incorrect assembly.	Tighten all bolts and screws. Ensure the bed is on a level surface. Review assembly instructions.
Storage drawers do not slide smoothly	Debris in casters, overloaded drawer, misaligned.	Clean casters and tracks. Reduce drawer load. Ensure drawers are correctly aligned.
Charging station not working	Power cable disconnected, device not compatible, power outlet issue.	Check the power cable connection to the headboard and wall outlet. Test with a different device. Ensure the wall outlet is functional.
