JOYSTROLL R8

JOYSTROLL R8 2-Seater Electric UTV Car Instruction Manual

Model: R8 | Brand: JOYSTROLL

Introduction

This manual provides essential information for the safe assembly, operation, and maintenance of your JOYSTROLL R8 2-Seater Electric UTV Car. Please read all instructions carefully before initial use and retain this manual for future reference. This product is designed for children aged 3 years and up.

Important Safety Information

WARNING:

- Always supervise children during operation of the vehicle.
- Ensure the battery is fully charged for at least 4-6 hours, but no more than 10 hours, before the first-time use. Overcharging can damage the battery.
- Always use the provided safety belts.
- Do not operate the vehicle near streets, swimming pools, or other hazardous areas.
- Maximum load capacity is 132 lbs (60 kg). Do not exceed this weight.
- Only use original JOYSTROLL replacement parts and chargers.
- Inspect the vehicle regularly for damage or loose parts.

Please fully charge the battery before use.

Package Contents

Upon opening the package, please verify that all components listed below are present and undamaged. If any items are missing or damaged, contact customer service immediately.

- JOYSTROLL R8 Kids UTV Car (main body and unassembled parts)
- Extra Shovel
- Parent Remote Control

- Instruction Manual (this document)
- Charger

Assembly Instructions

The JOYSTROLL R8 UTV Car requires adult assembly. Please follow the detailed step-by-step instructions and diagrams provided in the separate assembly guide included in your package. Ensure all parts are securely fastened before use. **Note:** Some users have reported the steering column bolt can be challenging to insert. Ensure proper alignment and apply gentle force if necessary. Refer to the assembly guide for specific details.

Initial Setup and Charging

1. After assembly, locate the charging port on the vehicle.
2. Connect the charger to the vehicle's charging port and then plug it into a standard wall outlet.
3. For the first use, charge the battery for a minimum of 4 hours and a maximum of 10 hours. Subsequent charges typically require 8-12 hours.
4. Do not overcharge the battery, as this can reduce its lifespan.
5. The vehicle features a battery indication system to monitor charge level.

Operating Your UTV Car

Vehicle Controls (Manual Operation)

- **Start Button:** Press to power on the vehicle. An engine sound will play.
- **Foot Pedal:** Press to accelerate. Release to brake.
- **Steering Wheel:** Turn left or right to steer the vehicle.
- **Speed Selection:** Use the speed switch (typically on the dashboard) to select between two manual speeds (1.86 to 4.35 mph).
- **Forward/Reverse Switch:** Select desired driving direction.
- **LED Lights:** The vehicle is equipped with functional LED headlights.

Parental Remote Control

The remote control allows parents to safely guide the vehicle, especially for younger children. It features an emergency brake function for immediate stopping.

- **Pairing:** Refer to the remote control section in your assembly guide for pairing instructions.
- **Directional Controls:** Use the joystick or directional buttons to steer and move the vehicle forward/backward.
- **Speed Selection:** The remote offers three variable speed levels.
- **Emergency Brake:** Press the 'P' button on the remote to activate the emergency brake, stopping the vehicle immediately.
- **Soft Start Technology:** Ensures a gradual acceleration and stopping for a smoother ride.

Entertainment Features

The UTV car includes a multifunction dashboard with various entertainment options:

- **Built-in Music & Stories:** Access pre-loaded audio content.
- **Wireless Connectivity:** Connect your device wirelessly to play custom audio.
- **USB Port:** Play music from a USB drive.
- **Volume Control:** Adjust audio levels as desired.

Trunk Bed and Shovel

The integrated pickup trunk bed and included shovel allow for interactive play, such as transporting small items or engaging in imaginative outdoor activities.

Care and Maintenance

- **Cleaning:** Wipe the vehicle with a soft, damp cloth. Do not use abrasive cleaners or solvents. Avoid direct water spray.
- **Battery Care:**
  - Recharge the battery after each use.
  - If storing for extended periods, charge the battery fully every 30 days to maintain its health.
  - Do not store the battery in extreme temperatures.
- **Storage:** Store the vehicle in a dry, covered area away from direct sunlight and moisture.

- **Inspection:** Periodically check all screws, nuts, and connections to ensure they are tight. Inspect tires for wear and tear.

Troubleshooting Guide

Problem	Possible Cause	Solution
Vehicle does not move.	Battery is low or not connected; power switch off; loose wiring.	Charge battery; ensure power switch is on; check all connections.
Vehicle moves slowly.	Low battery; overloaded vehicle; operating on rough terrain.	Recharge battery; reduce load; operate on smoother surfaces.
Remote control not working.	Remote batteries low; remote not paired with vehicle.	Replace remote batteries; re-pair remote according to instructions.
Unusual noise during operation.	Loose parts; debris in drivetrain.	Inspect for loose components and tighten; clear any obstructions.

If you encounter issues not listed here or if solutions do not resolve the problem, please contact JOYSTROLL customer service.

Warranty and Customer Support

JOYSTROLL is committed to providing quality products. For any questions, concerns, or assistance with your R8 Electric UTV Car, please contact our professional customer service team. Details regarding warranty coverage are typically provided with your purchase documentation.

Contact Information: Refer to your purchase receipt or the JOYSTROLL official website for the most current customer service contact details.

Important notice: Large packaging may result in minor bumps during delivery. Please inspect the contents upon receipt and promptly report any missing items for immediate assistance.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
