6. MAINTENANCE

Regular cleaning and proper care will help maintain the appearance and longevity of your vanity.

Cleaning Instructions:

- **Countertop:** Clean the engineered marble countertop with a soft cloth and a mild, non-abrasive cleaner. Avoid harsh chemicals, acidic cleaners, or abrasive pads, as these can damage the surface. Wipe spills immediately.
- **Cabinet:** Wipe the dark walnut cabinet finish with a soft, damp cloth. Dry immediately to prevent water spots. Avoid using silicone-based cleaners or polishes.
- **Hardware:** The brushed gold hardware features Metal Protective Technology. Clean with a soft, dry cloth. Avoid abrasive cleaners to maintain its finish.
- **Sink:** Clean the ceramic sink with a mild soap and water solution. Rinse thoroughly and dry.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Doors/Drawers not closing smoothly	Hinges or slides require adjustment; debris in slides.	Check for obstructions. Adjust hinges using a screwdriver (refer to Figure 10 for hinge adjustment). Ensure vanity is level.
Vanity is wobbly	Uneven floor; vanity not properly leveled or secured.	Adjust the leveling feet at the bottom of the vanity until stable. Ensure the vanity is securely mounted to the wall.
Water leaks from sink/faucet	Loose plumbing connections; improper sealant application.	Check all plumbing connections for tightness. Ensure proper use of plumber's putty or silicone sealant during installation. Consult a professional plumber if necessary.
