AOMIAO DV09

AOMIAO DV09 Smart Watch User Manual

Model: DV09

1. INTRODUCTION

This manual provides detailed instructions for the AOMIAO DV09 Smart Watch. Please read this manual thoroughly before using the device to ensure proper operation and to maximize its features. Keep this manual for future reference.

2. PACKAGE CONTENTS

Verify that all items are present in the package:

- AOMIAO DV09 Smart Watch (with one strap attached)
- Magnetic Charging Cable
- Additional Watch Strap (e.g., leather or silicone, depending on variant)
- User Manual (this document)

What's in the Box

3. PRODUCT OVERVIEW

The AOMIAO DV09 Smart Watch features a 1.46-inch HD display and a unique rotatable dial for intuitive navigation. It is designed for both daily wear and fitness tracking.

Image: The AOMIAO DV09 Smart Watch, showcasing its rotatable dial and overall design. An arrow indicates the rotation functionality. An inset image displays an incoming call notification on the watch face.

Key Components:

- **Rotatable Dial:** Allows for smooth menu browsing and app switching.
- **Touch Screen:** Primary interface for interaction.
- **Side Button:** Typically used for power on/off, screen wake, or returning to the home screen.
- **Sensors:** Located on the back for health monitoring.

4.2 Downloading the App

The AOMIAO DV09 Smart Watch uses the "Da Fit" application for full functionality and data synchronization. Scan the QR code below or search for "Da Fit" in your device's app store.

Stress Monitoring

Real-time tracking of stress levels helps you relieve stress, adjust your mood.

Image: A step-by-step guide on connecting the smart watch. It shows scanning a QR code to download the "Da Fit" app, enabling Bluetooth on the phone, opening the app to search for devices, and selecting "DV09" to connect. The QR code links to <http://plus.crrepa.com/app-download/dafit>.

4.3 Pairing the Watch

1. Ensure your smart watch is charged and powered on.
2. Enable Bluetooth on your smartphone.
3. Open the "Da Fit" app.
4. Follow the in-app instructions to search for and connect to your DV09 device.
5. Confirm the pairing request on both your phone and the watch.

5. OPERATING INSTRUCTIONS

5.1 Basic Navigation

- **Rotating Dial:** Rotate the physical dial to scroll through menus, switch watch faces, or navigate applications.
- **Touch Screen:** Swipe up, down, left, or right to access different functions and notifications. Tap to select items.
- **Side Button:** Press to wake the screen, return to the home screen, or power on/off (long press).

5.2 Bluetooth Calling and Message Alerts

Once paired with your smartphone, the DV09 Smart Watch supports Bluetooth calling and real-time message notifications.

- **Answering/Making Calls:** You can answer, make, and hang up calls directly from your watch.
- **Message Notifications:** Receive alerts for messages, emails, and social media apps (e.g., Facebook, WhatsApp) directly on your wrist.

5.3 Health Monitoring

The watch provides 24-hour health monitoring features. Access these functions via the watch menu or the "Da Fit" app.

- **Heart Rate Monitoring:** Tracks your heart rate in real-time.
- **Blood Oxygen (SpO2) Monitoring:** Measures blood oxygen saturation levels.
- **Sleep Monitoring:** Analyzes sleep cycles, including deep sleep, light sleep, and awake times.
- **Stress Monitoring:** Provides real-time tracking of stress levels.

Your Health, Monitored 24/7

Track heart rate, blood oxygen & more.

Image: The AOMIAO DV09 Smart Watch displaying various health metrics: heart rate (128 BPM), blood oxygen (98%), and blood pressure (125/86 mmHg). It also shows activity data like steps, calories, and distance.

Image: The AOMIAO DV09 Smart Watch displaying sleep monitoring data, showing total sleep duration and sleep stages (awake, REM, light, deep). A person is shown sleeping in the background, wearing the watch.

5.4 Sport Modes

The watch features over 123 built-in sport modes to track various physical activities. Select your desired sport mode from the watch menu to begin tracking.

- Records real-time exercise data including calories burned, time, and distance.
- View detailed exercise reports in the "Da Fit" app.

123+ Sport Modes

Track every move with precision.

5.5 Customizing Watch Faces

Personalize your watch with over 200 watch face options available through the "Da Fit" app. You can also create custom watch faces using your own photos.

Heart Rate Monitoring

24/7 real-time heart rate tracking, reducing the risk of cardiovascular diseases.

Image: A display of numerous watch face options for the AOMIAO DV09 Smart Watch, ranging from classic to modern designs. A smartphone screen on the left shows the "Da Fit" app interface for selecting and customizing watch faces.

6. MAINTENANCE

6.1 Cleaning the Watch

- Wipe the watch and straps regularly with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive materials.
- Ensure the charging contacts are clean and dry before charging.

6.2 Water Resistance

The AOMIAO DV09 Smart Watch is IP67 rated for water resistance.

- It can withstand splashes, rain, and brief immersion in water (up to 1 meter for 30 minutes).
- It is suitable for washing hands and showering.
- **Not recommended for swimming, diving, or hot water activities (e.g., saunas, hot tubs) as steam and high temperatures can compromise the seal.**

6.3 Battery Care

- Avoid fully discharging the battery frequently.
- Store the watch in a cool, dry place when not in use for extended periods.
- Use only the provided charging cable.

7. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. If it still doesn't turn on, try a long press of the side button.
- **Unable to pair with phone:**
 - Ensure Bluetooth is enabled on your phone.
 - Make sure the watch is within range of your phone.
 - Restart both the watch and your phone.
 - Check if the "Da Fit" app has necessary permissions.

- **Notifications not received:**

- Ensure the watch is connected to the app.
- Check notification settings within the "Da Fit" app and your phone's system settings.
- Make sure the app is running in the background.

- **Inaccurate health data/step count:**

- Ensure the watch is worn snugly on your wrist, not too loose or too tight.
- Clean the sensor area on the back of the watch.
- Note that smart watch health data is for reference and not for medical diagnosis.

- **Screen display issues:** If the display is unresponsive or frozen, try restarting the watch by long-pressing the side button.
