

## DUFU F3643

# DUFU Corner Shower Caddy Tension Pole F3643 Instruction Manual

Model: F3643

## INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your DUFU 4-Tier Adjustable Floor to Ceiling Corner Shower Caddy Tension Pole. Please read these instructions carefully before installation and use to ensure proper function and longevity of the product.

The DUFU Corner Shower Caddy is designed to organize shower essentials efficiently. It features a tension pole design for secure, drill-free installation and adjustable shelves to accommodate various bottle sizes.

## SETUP AND INSTALLATION

The DUFU Corner Shower Caddy is designed for easy, tool-free assembly. No drilling or screws are required.

### Package Contents:

- Tension Pole Sections
- 4 x Corner Baskets
- Adjustable Clips
- Removable Hooks
- Non-slip Caps (pre-installed on pole ends)

## Installation Steps:

1. **Connect Pole Sections:** Assemble the pole sections by twisting them together. Ensure the internal spring mechanism is correctly aligned. The pole is adjustable to fit heights between 33 and 127 inches, suitable for standard ceilings, low ceilings, or bathtub/washbasin areas.

2. **Install Baskets:** Attach the adjustable clips to the pole at your desired heights. Slide the corner baskets onto these clips. The snap-on design allows for quick and easy adjustment of basket positions.

Image: Detail of the 2-second snap-on adjustment mechanism.

3. **Position the Pole:** Hold the top end of the assembled pole near the ceiling in the desired corner. Ensure the non-

slip cap is securely against the ceiling.

4. **Secure the Pole:** Position the bottom end of the pole firmly on the floor or bathtub edge. The strong internal spring will create tension, securing the caddy in place. The non-slip caps on both ends increase contact area and prevent damage to surfaces.

## OPERATION

Once installed, the DUFU Corner Shower Caddy provides organized storage for your shower essentials.

### Using the Shelves:

- Each basket is designed to support up to 20 lbs (approximately 9 kg).
- Adjust the spacing between shelves to accommodate taller bottles such as shampoo, conditioner, and shower gel.
- The baskets feature a drainage design to prevent water accumulation, promoting hygiene and quick drying of items.

### Using Accessories:

- **Removable Hooks:** Utilize the included hooks to hang razors, loofahs, washcloths, or other small items. These hooks can be positioned on any basket.
- **Towel Bar:** One of the baskets includes an integrated towel bar, suitable for hanging hand towels or washcloths.

## MAINTENANCE

To ensure the longevity and appearance of your DUFU Corner Shower Caddy, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe down the caddy with a soft cloth and mild soap or a non-abrasive bathroom cleaner. Rinse thoroughly with water.
- **Rust Prevention:** The caddy is constructed from stainless steel with an advanced coating process to resist rust. Avoid using harsh chemicals or abrasive cleaning tools that could damage the protective coating.

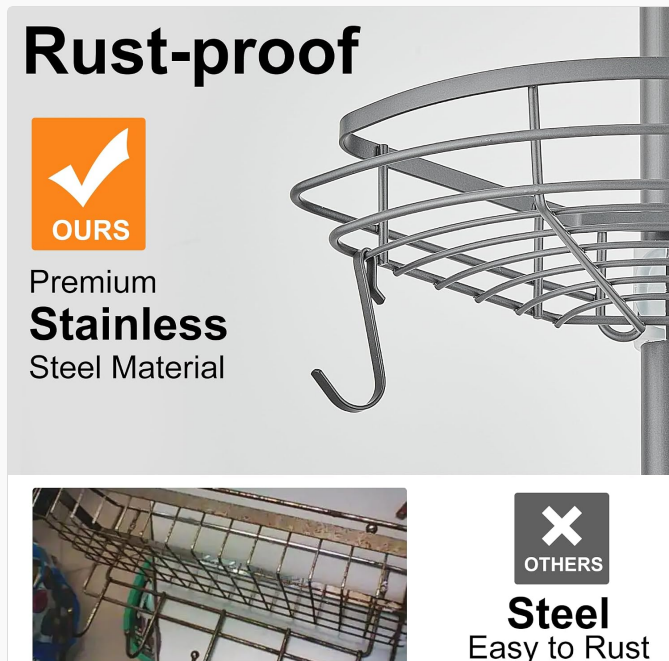

Image: Rust-proof material comparison.

- **Inspection:** Periodically check the tension pole and basket clips to ensure they remain secure. Re-adjust if necessary.

## TROUBLESHOOTING

### Common Issues and Solutions:

- **Caddy feels unstable:**
  - Ensure the pole sections are fully tightened.
  - Verify that the top and bottom non-slip caps are making full contact with the ceiling and floor/tub surface.
  - Confirm the internal spring is properly engaged and providing sufficient tension.
- **Items falling from shelves:**
  - Ensure items are placed securely within the basket boundaries.
  - For very small or unstable bottles, consider placing them in a small container within the basket for added stability.
- **Difficulty adjusting shelf height:**
  - Ensure the adjustable clips are fully disengaged before attempting to slide them.
  - Clean any residue or buildup on the pole that might hinder smooth movement of the clips.
