## 1. PRODUCT OVERVIEW

---

The WLIVE Full Metal Platform Bed Frame is designed for durability, stability, and ease of assembly. It

features a minimalist aesthetic, ample under-bed storage, and noise-reducing components to ensure a comfortable sleeping environment. This frame eliminates the need for a box spring.

### Key Features:

- **Sturdy Steel Construction:** Crafted from high-quality metal, supporting up to 3,500 pounds.
- **Noise-Free Design:** Includes felt strips to minimize creaking sounds.
- **Ample Under-Bed Storage:** Provides approximately 12.6 inches of clearance for storage.
- **Anti-Slip Gaskets:** Prevents mattress movement for a secure fit.
- **Easy Assembly:** All necessary tools and labeled components are included for straightforward setup.

## 2. SETUP AND ASSEMBLY

---

Before beginning assembly, ensure all parts are present and undamaged. Refer to the included instruction manual for detailed, step-by-step diagrams. It is recommended to assemble the bed frame with two people.

### Preparation:

- Unpack all components and lay them out on a clean, soft surface to prevent scratches.
- Identify each part using the labels provided.
- Ensure all hardware (screws, bolts, washers) and the included tools are accounted for.

### Assembly Steps (General Guidance):

1. Begin by assembling the main frame sections, connecting the side rails and end rails.
2. Attach the central support beams and legs, ensuring they are securely fastened.
3. Install the metal slats into the designated slots. Ensure the noise-reducing felt strips are properly positioned on the slats where applicable.
4. Secure any triangular reinforcements or support brackets as indicated in the manual.
5. Place the anti-slip gaskets on the frame where the mattress will rest to prevent movement.
6. Tighten all bolts and screws firmly, but do not overtighten.

### 3. OPERATING AND USAGE

Once assembled, the WLIVE Full Metal Platform Bed Frame is ready for use. It is designed to support a full-size mattress directly without the need for a box spring.

#### Daily Use:

- Place your full-size mattress directly onto the metal slats. The anti-slip gaskets will help keep the mattress in place.
- Utilize the 12.6 inches of under-bed clearance for convenient storage of boxes, bins, or other items,

helping to keep your bedroom tidy.

- The noise-reducing design ensures a quiet sleeping experience.

# ANTI-SLIP GASKETS

Non Slip Mattress Gaskets, Prevent Mattress Movement

Image: A comparison demonstrating how the anti-slip gaskets prevent mattress movement, ensuring stability.

## 4. MAINTENANCE

Regular maintenance will help prolong the life and performance of your WLIVE bed frame.

### Cleaning:

- Wipe the metal frame with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or polishes, as these can damage the powder-coated finish.
- Dry thoroughly after cleaning to prevent rust.

## Periodic Checks:

- Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary, but do not overtighten.
- Inspect the felt strips and anti-slip gaskets for wear and tear. Replace if they become damaged to maintain noise reduction and mattress stability.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your bed frame, please refer to the following common solutions. If the problem persists, contact customer support.

### Common Issues and Solutions:

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or incorrect assembly.	Ensure all bolts are securely tightened. Review assembly instructions to confirm all parts are correctly installed, especially triangular reinforcements.
Creaking or squeaking noises.	Loose connections or worn felt strips.	Tighten all bolts. Check if the noise-reducing felt strips are properly in place on the slats and frame.
Mattress slides on the frame.	Anti-slip gaskets not installed or damaged.	Verify that the anti-slip gaskets are correctly placed on the frame where the mattress rests. Replace if damaged.
Parts do not fit during assembly.	Incorrect orientation or manufacturing variation.	Double-check part labels and ensure correct orientation as per the instruction manual. If parts genuinely appear misaligned or defective, contact WLIVE customer support.

## 6. SPECIFICATIONS

---

Specification	Detail
Brand	WLIVE
Model Number	ACHJ003BL
Size	Full
Product Dimensions	75"L x 54"W x 15"H
Item Weight	38.5 pounds
Weight Capacity	Up to 3,500 pounds
Color	Black
Finish Type	Powder Coated
Included Components	Steel frame components, hardware, assembly tools

Specification	Detail
Assembly Required	Yes
Under-Bed Clearance	Approx. 12.6 inches
