2. **Unpacking:** Remove the outer packaging. You will find the chaise lounge wrapped in a vacuum-sealed bag.
3. **Expansion:** Carefully cut open the vacuum-sealed bag. The chaise lounge will begin to expand immediately.

7. TROUBLESHOOTING

- **Chaise Lounge Appears Wrinkled or Flat Upon Arrival:** This is normal due to vacuum compression. Allow 24-48 hours for full expansion. Gently tap and fluff the cushions to aid in the process.
- **Chaise Lounge Feels Too Firm:** The high-density foam provides excellent support and resilience. Over time, with regular use, the foam will adapt and soften slightly while maintaining its supportive qualities.
- **Fabric Color Variation:** Due to photography and monitor settings, the fabric color may appear slightly different in various lighting conditions.
