- **Volume Down (-):** Short press to decrease volume. Long press to go to the previous track.
- **Mode Button (M):** Short press to toggle Active Noise Cancellation (ANC) on/off or switch between ANC modes.
- **3.5mm AUX Port:** For wired audio connection using the included AUX cable.
- **USB-C Charging Port:** For charging the headphones using the included Type-C cable.
- **LED Indicator:** Displays power, pairing, and charging status.
- **Microphone:** For clear call quality.
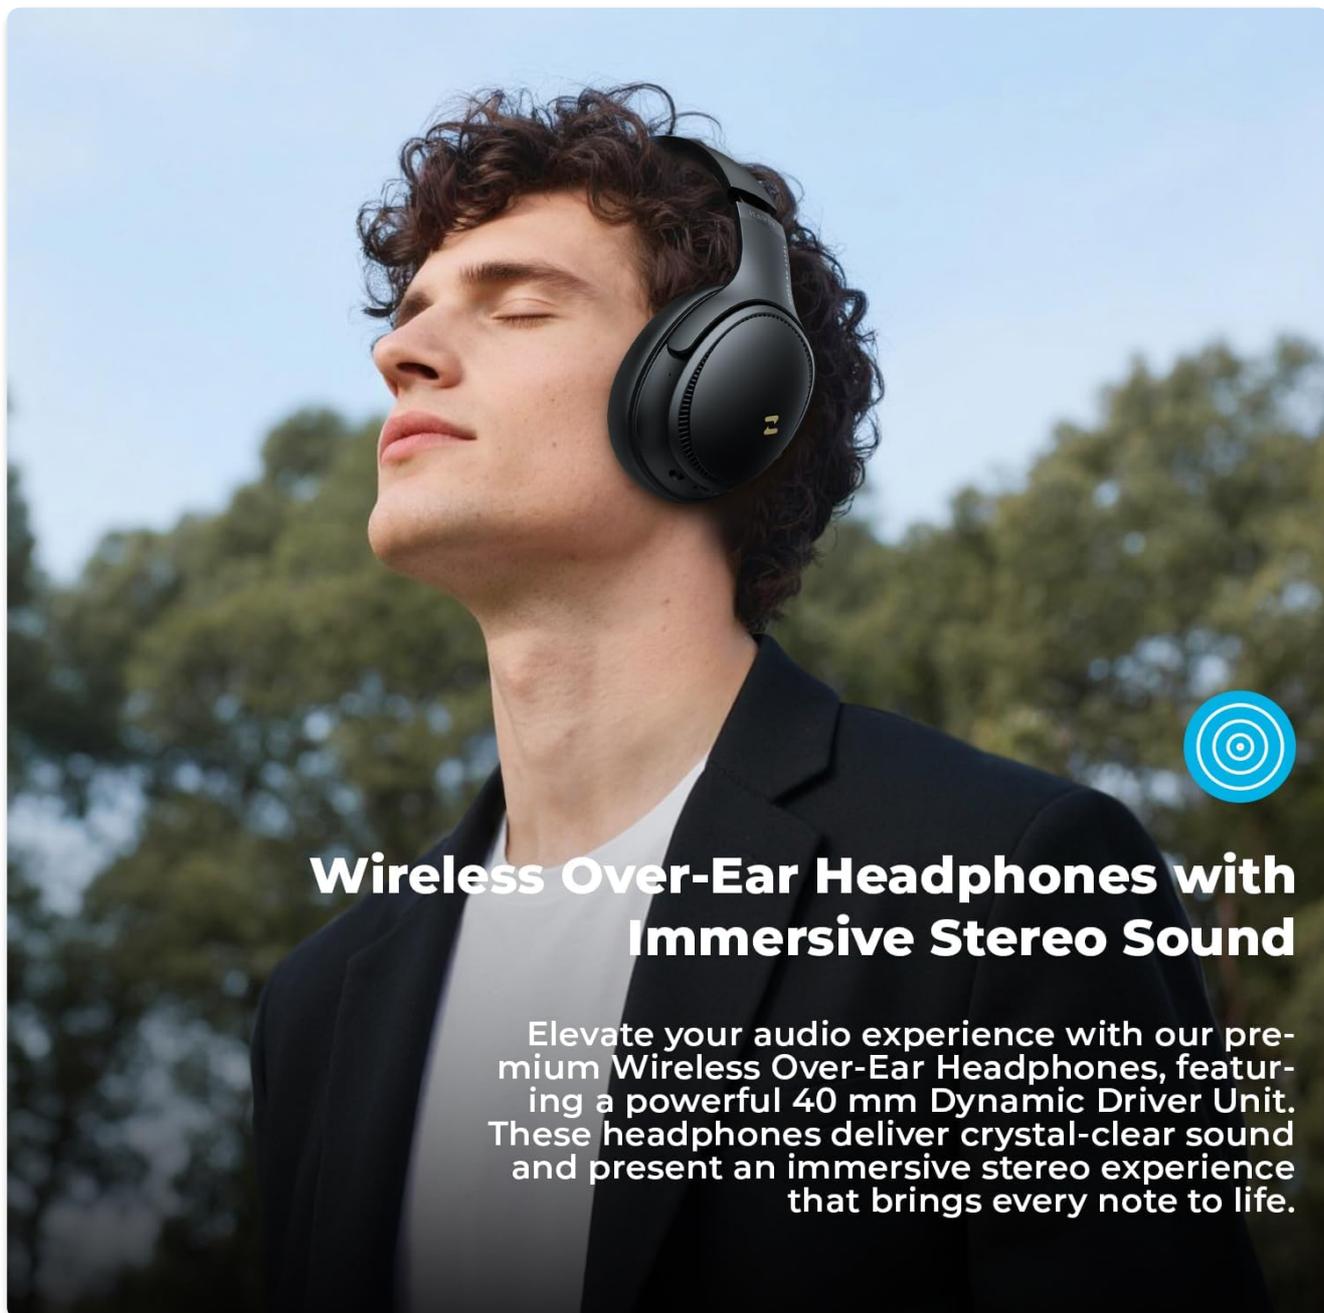

Wireless Over-Ear Headphones with Immersive Stereo Sound

Elevate your audio experience with our premium Wireless Over-Ear Headphones, featuring a powerful 40 mm Dynamic Driver Unit. These headphones deliver crystal-clear sound and present an immersive stereo experience that brings every note to life.

Image: Detailed view of the left earcup, highlighting the power, volume, and mode buttons, along with the AUX and USB-C ports.

SETUP

1. Charging the Headphones

Before first use, fully charge your headphones. A full charge takes approximately 2.5 hours.

- Connect the Type-C charging cable to the USB-C port on the headphone's left earcup.
- Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
- The LED indicator will show a red light during charging and turn off when fully charged.

LONG LISTING FAST CHARGING

44 H	50 H	2.5 H
ANC ON	ANC OFF	Charge

2. Bluetooth Pairing

Pair your headphones with your Bluetooth-enabled device (smartphone, tablet, computer).

1. Ensure the headphones are powered off.
2. Long press the Power Button (MFB) for approximately 3-5 seconds until the LED indicator flashes red and blue alternately. This indicates pairing mode.
3. On your device, enable Bluetooth and search for available devices.
4. Select "HAVIT H630BT PRO" from the list of found devices.
5. Once connected, the LED indicator will show a steady blue light. You will also hear an audible confirmation.

The headphones support Bluetooth 5.3 for stable and fast pairing.

Custom EQ via HAVIT LIFE App

Enhance your audio experience by customizing sound settings through the HAVIT LIFE App.

- Download the "HAVIT LIFE" App from your device's app store.
- Connect your headphones to the app via Bluetooth.
- Access 7 EQ Modes to adjust bass, midrange, and treble levels according to your preference.
- Explore 3 Noise Cancellation Modes for tailored noise control.

CUSTOMIZED AUDIO

Use the HAVIT LIFE APP to adjust your EQ settings and immerse yourself.

7 EQ MODES

3 NOISE CANCELLATION MODES

Wired Mode

For situations where Bluetooth is not available or preferred, use the included 3.5mm AUX audio cable.

- Plug one end of the 3.5mm AUX cable into the headphone's AUX port.
- Plug the other end into the audio output jack of your device.
- In wired mode, the headphones will function passively, and some electronic features like ANC may not be available or require power.

Wireless & Wired Connectivity

Multiple Modes
(Wireless Bluetooth 5.3 / 3.5mm Analog Input)

Image: Havit headphones connected to a laptop via the 3.5mm AUX cable, demonstrating wired connectivity.

MAINTENANCE

Proper care ensures the longevity and performance of your headphones.

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the headphones in a cool, dry place. The foldable design allows for compact storage.
- **Avoid Moisture:** Do not expose the headphones to water or excessive moisture.
- **Temperature:** Avoid extreme temperatures, both hot and cold, as they can damage the battery and internal components.
- **Earmuffs:** The protein leather earmuffs are designed for comfort. Avoid sharp objects that could puncture or tear them.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully.
Cannot pair via Bluetooth.	Headphones not in pairing mode; Bluetooth disabled on device; device too far.	Ensure headphones are in pairing mode (flashing red/blue). Enable Bluetooth on your device. Move headphones closer to the device (within 10 meters). Forget previous pairings on your device and try again.

Problem	Possible Cause	Solution
No sound or low volume.	Volume too low on headphones or device; incorrect audio output selected; headphones not properly connected.	Increase volume on both headphones and connected device. Check if the headphones are selected as the audio output on your device. Re-pair Bluetooth or re-insert AUX cable.
ANC not working effectively.	ANC mode not activated; improper fit.	Press the Mode Button (M) to ensure ANC is active. Adjust headphones for a snug fit over your ears.
Poor call quality.	Microphone obstruction; environmental noise.	Ensure the microphone is not covered. Move to a quieter environment if possible.
