SETUP

1. Initial Charging

Before first use, it is recommended to fully charge your device. If the battery is completely depleted, charge it for at least 30 minutes before attempting to power it on. For optimal battery life, charge the device for approximately three hours each time. Ensure the charging environment is dry. Avoid leaving the charger plugged into the socket for extended periods after the device is fully charged.

2. SIM Card Installation

The Jopuzia G25 Ultra supports Dual SIM functionality. To install your SIM card(s), use the provided SIM ejector tool to open the SIM tray. Insert your SIM card(s) into the tray, ensuring proper orientation, then reinsert the tray into the device.

Important: Verify that your SIM card's network standard is supported by this phone. The device supports 2G GSM 850/900/1800/1900 MHz, 3G WCDMA 850/1900/2100 MHz, 4G FDD/TDD 124578 20 28A 28B 40, and 5G networks. If you experience no signal after SIM card insertion, please check your network provider's compatibility with these standards.

3. Powering On/Off

To power on the device, press and hold the Power button located on the side until the screen illuminates. To power off, press and hold the Power button, then select "Power off" from the options that appear on the screen.

OPERATING INSTRUCTIONS

Display and Navigation

The G25 Ultra features a 7.3-inch FHD+ display with a 3120 x 1440 resolution and a 120Hz refresh rate, providing a smooth and immersive visual experience. Navigate the Android 14 operating system using touch gestures. The device also supports Face ID for secure and convenient unlocking.

Camera Usage

Your smartphone is equipped with a professional-grade imaging system, including a 108-megapixel ultra-clear main camera, a 64-megapixel portrait-enhanced front camera, and a 64-megapixel ultra-wide-angle lens.

1. Open the Camera application from your home screen or app drawer.
2. Select your desired mode (Photo, Video, Portrait, Wide-angle, etc.).
3. Tap the screen to focus on your subject.
4. Press the Shutter button to capture a photo or start/stop video recording.

Using the S-Pen Stylus

The included S-Pen stylus enhances interaction with your device, allowing for precise input, drawing, and note-taking. Simply remove the S-Pen from its slot (if integrated) or use it directly on the screen. The device will automatically detect the stylus.

Connectivity

The G25 Ultra supports various connectivity options including 5G, Bluetooth, USB, and Wi-Fi. To manage these settings, navigate to the 'Settings' app on your device.

Your browser does not support the video tag.

MAINTENANCE

Battery Care

The G25 Ultra is equipped with a 7000mAh Lithium Ion battery. To maximize battery lifespan and performance:

- Avoid overcharging: Do not leave the charger plugged in for excessively long periods after the battery is full.
- Maintain a dry charging environment.
- Regular charging cycles: Charging for approximately three hours each time helps prolong battery life.
- If the battery is completely drained, charge it for at least 30 minutes before attempting to power on the device.

Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. You can usually find this option in the 'Settings' menu under 'System' or 'About phone'.

TROUBLESHOOTING

No Signal After SIM Card Insertion

If your SIM card is inserted but you experience no signal, it may indicate that the phone does not support your specific network standard. Please verify the network standards supported by the G25 Ultra (2G GSM 850/900/1800/1900 MHZ, 3G WCDMA 850/1900/2100 MHZ, 4G FDD/TDD 124578 20 28A 28B 40, 5G) against your carrier's specifications.

Phone Cannot Be Turned On

If your phone does not turn on, it may not be sufficiently charged. Connect the device to its charger and allow it to charge for at least 30 minutes before attempting to power it on again.

General Issues

For any other questions or issues not covered in this manual, please contact customer support directly through Amazon.
