L Shaped Gaming Desk with LED Lights & Power Outlets

Model: B0DP93W7FW

Introduction

Thank you for purchasing the advwin L Shaped Gaming Desk. This manual provides detailed instructions for assembly, operation, and maintenance of your new desk. Designed for both gaming and productivity, this versatile desk features integrated LED lights, built-in power outlets, USB ports, and ample storage solutions to enhance your workspace.

Figure 1: Overview of the advwin L Shaped Gaming Desk setup.

Safety Information

- Read all instructions carefully before assembly and use.
- Keep all small parts and packaging materials away from children.
- Ensure all connections are secure before placing items on the desk.
- Do not overload the desk beyond its recommended weight capacity.
- Avoid exposing the desk to excessive moisture or direct sunlight.
- Use only the provided power cord and adapter for the LED lights and power outlets.

Package Contents

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Part	Description	Quantity
Desk Panels	Main desktop surfaces (L-shaped sections)	Varies by configuration

Part	Description	Quantity

LED Light Strip	RGB LED strip with controller	1
Assembly Hardware	Screws, bolts, nuts, Allen wrench, screwdriver	Set
Adjustable Leg Pads	For stability on uneven floors	Set

Setup and Assembly

Follow these steps carefully to assemble your advwin L Shaped Gaming Desk. It is recommended to have two people for assembly.

Step 1: Prepare the Workspace

Clear an open area for assembly. Lay out all components and hardware. Keep the assembly manual handy for reference.

Step 2: Assemble the Desk Frame

Begin by connecting the main support beams and legs. Ensure all screws are finger-tight before fully tightening them with the provided tools. The U-shaped leg design provides enhanced stability.

Figure 2: Illustration of the sturdy metal frame and U-shaped leg design.

Step 3: Attach Desktop Panels

Carefully place the desktop panels onto the assembled frame. Secure them using the designated screws. Ensure the L-shape orientation matches your desired setup (left or right corner).

Figure 3: Assembling the L-shaped desktop panels.

Step 4: Install Storage Shelf and Pegboard

Mount the upper storage shelf and the pegboard to the designated areas on the desk frame. Attach the 10 pegboard hooks as desired for organizing accessories. Install the non-woven storage bag on the side.

Figure 4: Attaching the storage shelf, pegboard, and storage bag.

Step 5: Integrate Power Outlets and LED Lights

Install the built-in power outlet unit into its designated slot on the desktop. Affix the LED light strip along the underside or edge of the desk as per the instructions provided with the LED kit. Connect the LED controller.

Step 6: Adjust Leg Pads

Once the desk is fully assembled, adjust the leg pads at the bottom of each leg to ensure the desk is level and stable on your floor.

Optional Configuration: 240cm Long Double Table

This desk can be reconfigured into a 240cm long double table by arranging the L-shaped sections in a straight line. This provides a larger linear workspace. The bookshelf can be placed on either the left or right side in this configuration.

Figure 5: The desk configured as a 240cm long double table.

Operating Instructions

Using the Built-in Power Outlets and USB Ports

The desk is equipped with a convenient power station featuring 2 standard AC outlets (240V/12A) and 2 USB charging ports (5V/2A). Simply plug the desk's main power cord into a wall outlet. You can then plug your computer, monitor, smartphone, and other devices directly into the desk's integrated outlets.

Controlling the LED Lights

The integrated RGB LED lighting system can be controlled via physical buttons on the LED controller or through a dedicated smartphone application. Refer to the separate LED light strip manual for detailed instructions on app pairing and advanced features.

- **Color Adjustment:** Choose from 60,000 colors to match your preference.
- **Brightness Adjustment:** Adjust the intensity of the lights.
- **Scene Modes:** Select from 29 preset lighting modes for different ambiances.
- **Music Sync:** Lights can synchronize with music for an immersive experience.
- **Timing Function:** Set schedules for the lights to turn on/off automatically.

Figure 8: The gaming desk with LED lights activated, creating an immersive atmosphere.

Maintenance

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Dusting:** Regularly dust the desk and LED light strip to maintain optimal performance and appearance.
- **Hardware Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- **Cable Management:** Utilize cable ties or clips to manage power cords and device cables, preventing tangles and reducing clutter.

Troubleshooting

Problem	Possible Cause	Solution
Desk is wobbly/unstable.	Uneven floor; loose screws.	Adjust the leg pads at the bottom of the desk. Tighten all assembly screws.
LED lights are not turning on.	Power cord not plugged in; loose connection to controller; faulty LED strip.	Ensure the desk's main power cord is securely plugged into a working outlet. Check the connection between the LED strip and its controller. If issues persist, contact customer support.
Power outlets/USB ports not working.	Desk's main power cord not plugged in; circuit breaker tripped.	Verify the desk's main power cord is plugged in. Check your home's circuit breaker. Test with another device.
Parts missing during assembly.	Packaging error.	Refer to the "Package Contents" section and contact customer support with the specific missing part details.
