IMPORTANT SAFETY INFORMATION

To ensure safe operation and prevent damage, please observe the following:

- The desk has a maximum weight recommendation of **180 pounds**. Do not exceed this limit.
- Ensure all components are securely fastened before use.
- Keep children and pets away from the desk during height adjustments.
- Avoid placing liquids directly on the control panel or near electrical components.
- The desk features an anti-collision mechanism. However, always ensure a clear path during movement to prevent injury or damage.

SETUP AND ASSEMBLY

The DEVAISE Electric Standing Desk is designed for straightforward assembly with pre-drilled screw holes and clearly labeled parts. An average assembly time is approximately 15 minutes.

Assembly Steps Overview

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify all components are present against the parts list in the included manual.
2. **Assemble the Frame:** Attach the crossbar to the lifting columns using the provided screws and tools.
3. **Install Feet:** Secure the desk feet to the bottom of the lifting columns.
4. **Connect Drive Rod:** Insert and secure the drive rod between the two lifting columns to synchronize movement.
5. **Attach Desktop:** Carefully place the desktop onto the assembled frame, aligning the pre-drilled holes. Secure the desktop with the provided screws.
6. **Connect Control Panel and Power:** Attach the LED touchscreen control panel and connect all necessary power cables to the motor and power adapter.
7. **Final Touches:** Install the headphone hook and cable management grommets.

MAINTENANCE

Regular maintenance helps prolong the life and performance of your DEVAISE Electric Standing Desk:

- **Cleaning:** Wipe the desktop and frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Cable Management:** Periodically check and organize cables to prevent tangles and damage. Utilize the included headphone hook and cable grommets for a tidy setup.
- **Screw Tightness:** Occasionally check all screws and bolts to ensure they remain tight. Retighten if necessary.
- **Motor Inspection:** Ensure the motor and drive rod are free from obstructions and debris.

TROUBLESHOOTING

If you encounter any issues with your desk, please refer to the following common solutions:

- **Desk Not Moving:** Check if the power cable is securely plugged into both the desk and the wall outlet. Ensure the control panel cable is properly connected.
- **Uneven Movement:** Verify that the drive rod is correctly installed and fully extended. Ensure the desk is placed on a level surface.
- **Error Code on Display:** Refer to the detailed troubleshooting section in your printed manual for specific error code interpretations and solutions.
- **Anti-Collision Activated:** If the desk stops unexpectedly, check for any obstructions in its path. Remove the obstruction and try adjusting the height again.
