IFANNY 10396-HU

Instruction Manual for IFANNY Low Bunk Bed

Model: 10396-HU

PRODUCT OVERVIEW

The IFANNY Low Bunk Bed is designed for space-saving and safety, ideal for children's rooms. This twin-over-twin bunk bed features a low-profile design, making it suitable for rooms with lower ceilings and reducing the risk of falls. Constructed from solid pine wood, it offers stability and durability without the need for a box spring.

Key features include full-length guardrails on the top bunk for enhanced safety and a built-in 2-step wide ladder for easy and secure access. Its compact design maximizes floor space, providing a comfortable sleeping area for two children.

SETUP AND ASSEMBLY

This bunk bed requires assembly. Please ensure all components are present before beginning. It is recommended to assemble the bed with at least two adults for safety and ease.

Before You Begin:

- Unpack all parts and hardware. Lay them out on a soft, clean surface to prevent scratches.
- Verify all parts against the included parts list in your physical instruction manual.
- Gather necessary tools. Typically, a Phillips head screwdriver and an Allen wrench (often included) are required.
- Clear a sufficient area for assembly.

Assembly Steps:

1. Begin by assembling the headboards and footboards for both the upper and lower bunks.
2. Attach the side rails to the assembled headboards and footboards, ensuring all connections are secure but not fully tightened yet.
3. Install the wooden slats for both the upper and lower bed frames. Ensure they are evenly spaced and securely fastened.
4. Attach the integrated 2-step ladder to the designated side of the bunk bed.
5. Secure the full-length guardrails to the upper bunk.
6. Once all components are in place, gradually tighten all screws and bolts. Do not overtighten.
7. Perform a final check to ensure all connections are firm and the bed is stable.

OPERATING INSTRUCTIONS AND SAFETY GUIDELINES

To ensure safe and proper use of your IFANNY Low Bunk Bed, please adhere to the following guidelines:

- **Weight Capacity:** Do not exceed the maximum weight capacity of 350 lbs for the upper bed and 200 lbs for the ladder.
- **Mattress Thickness:** Use only mattresses with a maximum thickness of 6 inches for both bunks to ensure the effectiveness of the guardrails.
- **Guardrails:** The upper bunk is equipped with full-length guardrails. Ensure they are always securely in place. Do not remove or modify them.
- **Ladder Use:** Always use the integrated 2-step ladder for climbing to and from the upper bunk. Do not use chairs or other furniture.
- **No Horseplay:** Prohibit jumping on the bed or engaging in rough play on or around the bunk bed.
- **Ventilation:** Ensure adequate ventilation around the bed, especially if placed against a wall, to prevent moisture buildup.
- **Lighting:** Consider placing a nightlight near the ladder for safe nighttime access.

- **Age Recommendation:** The upper bunk is not suitable for children under 6 years of age.

MAINTENANCE

Regular maintenance will help prolong the life and ensure the safety of your bunk bed.

- **Cleaning:** Wipe the bed frame with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the wood finish.
- **Hardware Check:** Periodically check all bolts, screws, and connections to ensure they are tight. Retighten if necessary, but do not overtighten.
- **Structural Integrity:** Inspect the wooden slats and frame for any signs of cracks, splinters, or damage. Replace any damaged parts immediately.
- **Environmental Conditions:** Avoid placing the bed in direct sunlight or near heat sources, which can cause wood to warp or crack. Maintain a stable room temperature and humidity.

TROUBLESHOOTING

If you encounter any issues with your bunk bed, refer to the following common troubleshooting tips:

- **Squeaking Noises:**

Cause: Loose bolts or connections.

Solution: Systematically check and tighten all assembly hardware. Ensure slats are properly seated and secured.

- **Instability/Wobbling:**

Cause: Uneven assembly or loose connections.

Solution: Disassemble and reassemble the affected sections, ensuring all parts are aligned correctly and tightened evenly. Verify the bed is on a level surface.

- **Ladder Feels Loose:**

Cause: Ladder attachment bolts are loose.

Solution: Tighten the bolts securing the ladder to the bed frame. Do not use the ladder if it feels unstable.

- **Damaged Parts:**

Cause: Wear and tear or accidental damage.

Solution: Do not attempt to repair significantly damaged structural components. Contact customer support for replacement parts.

WARRANTY AND SUPPORT

Your IFANNY Low Bunk Bed is designed for durability and safety. For any questions, concerns, or assistance with assembly or parts, please contact IFANNY customer support.

- **Returns:** This product is eligible for 30-day easy returns. Please refer to your purchase platform's return policy for details.
- **Protection Plans:** Extended protection plans may be available for purchase. Check the product listing or your purchase details for options such as 2-Year or 3-Year Protection Plans.
- **Manufacturer Support:** For direct support regarding manufacturing defects or missing parts, please reach out to IFANNY through the contact information provided with your purchase or via their official brand store.

Note: Always refer to the specific warranty terms and conditions provided at the time of purchase, as they may vary.
