SETUP AND ASSEMBLY

Assembly is straightforward and typically takes less than an hour. All necessary tools are included. It is recommended to assemble the desk on a soft, clean surface to prevent scratches.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Verify against the package contents list.
2. **Assemble Frame:** Attach the horizontal support bars to the vertical leg frames using the provided screws and Allen wrench. Ensure all connections are secure but do not overtighten initially.
3. **Attach Desktop:** Place the desktop panel upside down on a soft surface. Align the assembled frame with the pre-drilled holes on the underside of the desktop. Secure the desktop to the frame using the appropriate screws.
4. **Install Leg Pads:** Screw the adjustable leg pads into the bottom of each leg.
5. **Attach Accessories:** Install the removable storage bag by hooking it onto the side of the desk frame. Attach the iron headphone hooks to the designated holes on the frame. The storage bag and hooks can be placed on either side of the desk.
6. **Final Tightening and Leveling:** Once all components are in place, carefully stand the desk upright. Gently rock the desk to identify any wobbles. Adjust the leg pads as needed to ensure the desk is perfectly level and stable. Fully tighten all screws.

MAINTENANCE

- **Cleaning:** Wipe the desktop surface with a soft, damp cloth. For stubborn marks, use a mild detergent and dry immediately. Avoid abrasive cleaners or harsh chemicals.
- **Frame Care:** Clean the metal frame with a damp cloth. The powder-coated finish is durable but can be scratched by sharp objects.
- **Storage Bag:** The fabric storage bag can be spot cleaned or hand washed with mild soap and water if necessary. Ensure it is completely dry before reattaching.
- **Regular Checks:** Periodically inspect all screws and connections. Tighten any loose fasteners to maintain the desk's stability and structural integrity.
