SETUP

- Power On:** Connect the AC power adapter to the DC Power Port on the frame and plug it into a wall outlet. The frame will automatically power on.
- Initial Configuration:** Follow the on-screen prompts to select your language, time zone, and connect to a Wi-Fi network. You will need your Wi-Fi network name (SSID) and password.
- Frameo App Installation:** Download the 'Frameo' app from the Google Play Store (for Android) or the Apple App Store (for iOS) on your smartphone or tablet.
- Pairing with Frameo App:** Once the frame is connected to Wi-Fi, it will display a unique Frame ID. Open the Frameo app on your device, create an account, and enter the Frame ID to pair your smartphone with the digital picture frame. This allows you to send photos and videos to the frame.

OPERATING INSTRUCTIONS

Sending Photos and Videos

The primary method for sharing content with your frame is through the Frameo app.

- Open the Frameo app on your paired smartphone.
- Select the photos or short video clips you wish to send.
- Choose your digital picture frame as the recipient. You can also add captions, messages, and emoji reactions.
- The content will be wirelessly transmitted to your frame and appear shortly.

Photo and Video Management

The frame offers various options for managing your displayed content:

- **Slideshow:** Photos and videos will automatically cycle through in a continuous slideshow.
- **Preview:** Tap the screen to view a preview of all stored media.
- **Hide/Display Images:** You can select specific images to hide or display from the slideshow.
- **Custom Photo Playing Order:** Arrange your photos in a preferred sequence.
- **Zoom and Rotate:** Use touch gestures on the screen to zoom into photos or manually rotate them.

Settings and Features

Access the frame's settings menu by swiping down from the top of the screen or tapping the gear icon.

- **Adjustable Brightness:** Modify the screen brightness to suit your environment.
- **Slideshow Speed Control:** Set the duration each photo is displayed during a slideshow.
- **Auto-Rotation:** The frame automatically adjusts its display orientation (portrait or landscape) based on how it is positioned.

- **Weather Forecast and Clock:** Display current weather information and time on the screen.

MAINTENANCE

- **Cleaning the Screen:** Use a soft, lint-free cloth to gently wipe the screen. For stubborn smudges, slightly dampen the cloth with water or a screen-cleaning solution. Avoid harsh chemicals.
- **Cleaning the Frame:** Wipe the frame's exterior with a dry, soft cloth.
- **Software Updates:** The frame may periodically receive software updates. Ensure your frame is connected to Wi-Fi to receive these updates, which improve performance and add new features. Follow on-screen prompts for installation.

TROUBLESHOOTING

- **Frame not powering on:** Ensure the power adapter is securely connected to both the frame and a working power outlet.
- **Cannot connect to Wi-Fi:** Verify your Wi-Fi password is correct. Ensure the frame is within range of your Wi-Fi router. Try restarting your router and the frame.

- **Photos not appearing:** Check if your smartphone is successfully paired with the frame via the Frameo app. Ensure photos were sent correctly from the app. Verify the frame has sufficient storage space.
- **Screen is unresponsive:** Try restarting the frame by holding the On/Off button. If the issue persists, use a thin object to press the Reset Button.
- **Images are blurry or distorted:** Ensure the image resolution is appropriate for the frame's display (1280x800 HD).
