DICTAC LB-09

DICTAC Twin Over Twin Bunk Bed Instruction Manual

Model: LB-09 | Brand: DICTAC

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your DICTAC Twin Over Twin Bunk Bed. This versatile metal bunk bed features a convertible design, allowing the lower bunk to transform into a desk and seating area. It also includes integrated LED lights and a charging station for enhanced functionality. Please read this manual thoroughly before assembly and use to ensure safe and proper operation.

2. SAFETY INFORMATION

Your safety is paramount. Adhere to all safety guidelines during assembly and use.

- **Guardrails:** The upper bunk is equipped with full-length and heightened guardrails (12-13.11 inches high) to provide maximum security and prevent accidental falls. Ensure the top of the mattress is at least 5 inches (127mm) from the edge of the guardrail.
- **Weight Limit:** Both the upper and lower berths are designed to support up to 400 lbs (181 kg) each. Do not exceed this weight limit.
- **Anti-Tipping Device:** Utilize the provided sturdy metal anti-tip nails to firmly fix the loft bed to the wall. This prevents the bed from tipping over, enhancing stability and safety.
- **Mattress Thickness:** Recommended mattress thickness for the upper bed is 4-6 inches, and for the lower bed is 6-

10 inches.

- **Ladder Safety:** The easy-to-climb stairs come with practical soft ladder pads to provide cushioning for your feet and reduce discomfort.
- **No Box Spring Needed:** The bed frame features closely packed metal slats for mattress support. A box spring is not required.

3. COMPONENTS LIST

Before beginning assembly, ensure all components listed below are present and undamaged. Refer to the included installation manual for detailed part identification.

- Metal Bed Frame Components (various beams, posts, slats)
- Convertible Desk/Bench Board
- LED Light Strip
- Charging Station (2 USB ports, 2 AC outlets)
- Bedside Caddy with 2 Hooks
- Metal Decorative Mesh with 6 Hooks
- Ladder with Soft Ladder Pads
- Anti-Tipping Device Hardware
- Assembly Tools (Hex key, screws, nuts, etc.)
- Installation Manual

Note: Bench Pad Cushion are not Included in the Package

4. SETUP AND ASSEMBLY

Assembly typically requires two individuals and takes approximately 2-3 hours. All parts are clearly labeled. Follow the step-by-step instructions provided in the included installation manual.

4.1. General Assembly Tips

- Lay out all components on a soft, clean surface to prevent scratches.
- Do not fully tighten screws until all components for a section are loosely assembled. This allows for minor adjustments.
- Ensure all connections are secure before moving or using the bed.

4.2. Convertible Lower Bunk Assembly

The lower bunk can be configured as a twin-size bed or converted into a study desk with two seats. The middle board is movable to facilitate this transformation.

Twin size Loft Bed -Two Modes to Free Switch

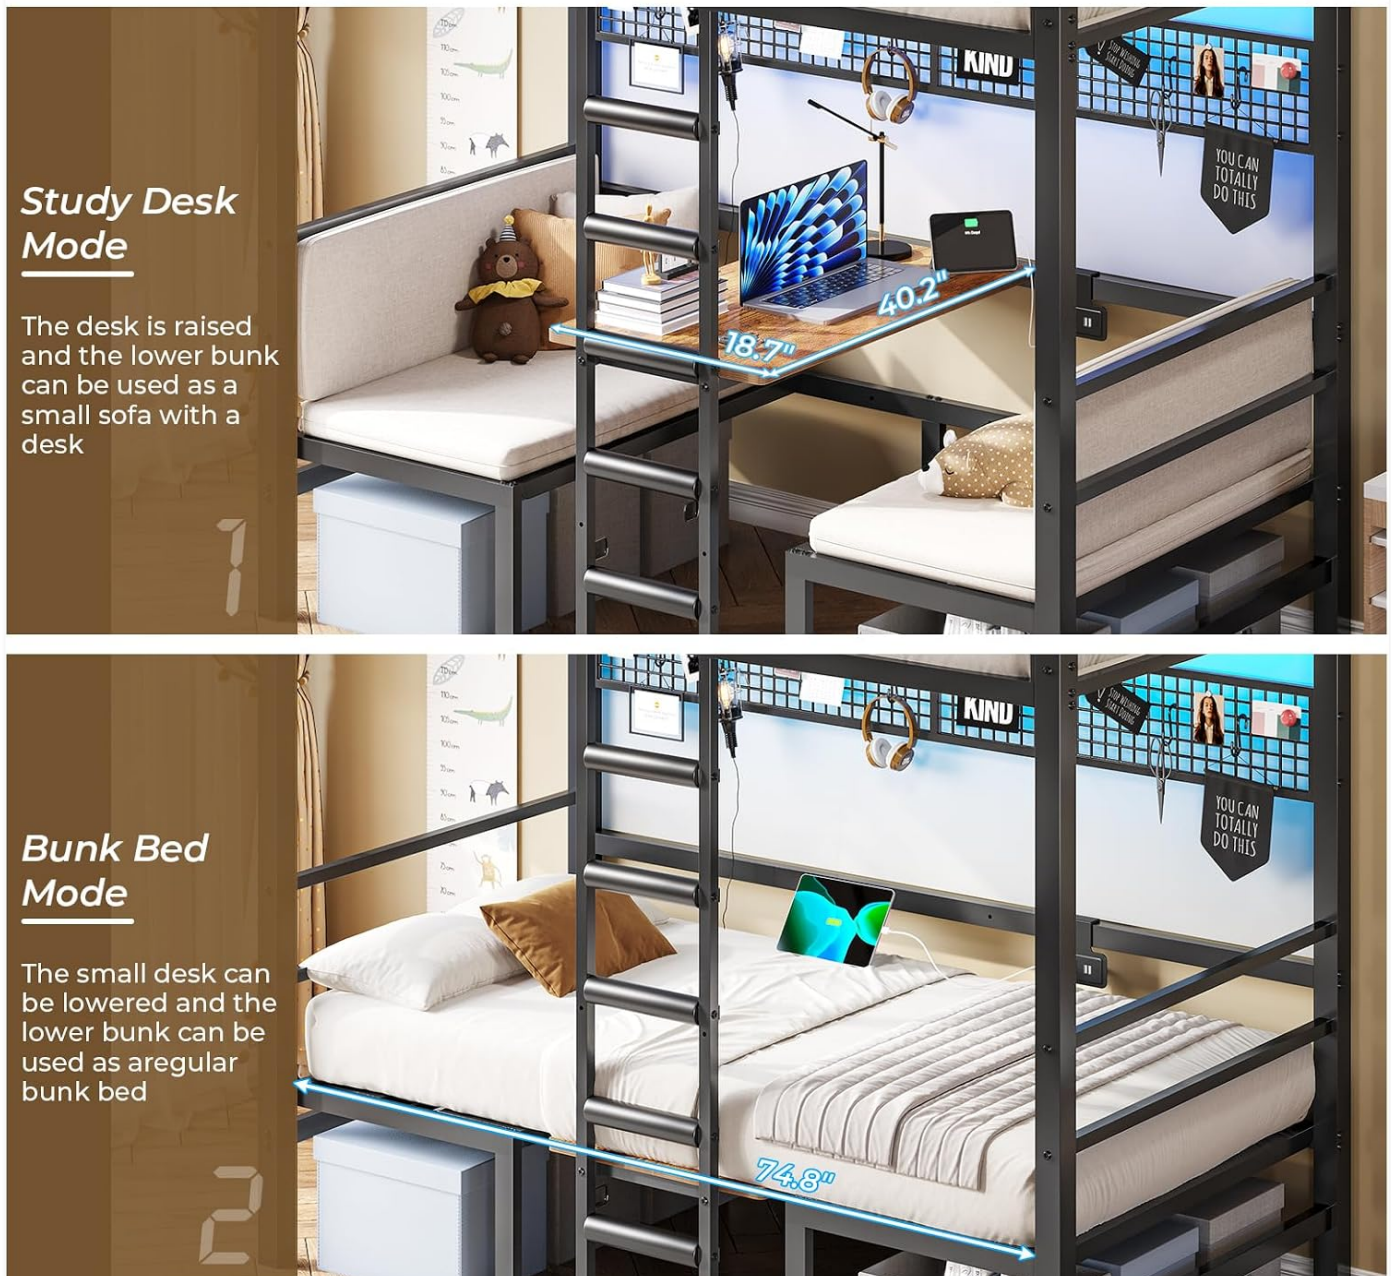

Figure 4.1: Visual representation of the bed's two primary configurations: Study Desk Mode, where the lower bunk transforms into a desk with seating, and Bunk Bed Mode, maintaining a traditional twin over twin setup.

4.3. Accessory Installation

- **Charging Station:** The hanging power strip includes 2 USB ports and 2 AC outlets. It can be moved along the frame for convenient access.
- **Bedside Caddy:** Attach the removable Oxford fabric caddy with its two hooks to the upper bunk's guardrail for easy storage of small items like phones, tablets, and glasses.
- **Metal Decorative Mesh:** The metal mesh with 6 hooks can be used as a photo wall or for hanging various items.

5. OPERATING INSTRUCTIONS

5.1. Converting the Lower Bunk

To switch between the twin bed and desk/seating configuration, adjust the position of the middle board. This transformation is designed to be straightforward, allowing you to optimize your space as needed.

5.2. LED Lights Operation

The integrated RGB LED lights offer over 60,000 colors and various modes. Control the lights using the provided line controller or via a dedicated mobile application.

- **Color Adjustment:** Directly adjust light colors.
- **Brightness:** Customize the brightness level.
- **Dynamic Modes:** Select from various dynamic lighting patterns.
- **Music Sync Mode:** Lights can synchronize with music.
- **Mic Mode:** Lights respond to sound picked up by a microphone.
- **Timing Modes:** Set schedules for the lights to turn on/off.

Figure 5.1: The bunk bed illuminated by RGB LED lights, demonstrating the wide range of color options and control features available via app or line controller.

5.3. Charging Station Use

The removable charging station provides convenient access to power for your electronic devices. Simply plug in your devices to the 2 USB ports or 2 AC outlets. The station can be repositioned along the desk area for optimal access.

6. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your bunk bed.

- **Cleaning:** Wipe down metal surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Hardware Check:** Periodically check all screws, bolts, and connections to ensure they remain tight. Retighten as necessary to maintain stability and prevent wobbling.
- **Ladder Pads:** Inspect ladder pads for wear and tear. Replace if significantly damaged to ensure continued comfort

and safety.

- **LED Lights:** Ensure the LED light strip and charging station are free from dust and debris. Do not attempt to repair electrical components yourself.

7. TROUBLESHOOTING

If you encounter issues with your DICTAC bunk bed, refer to the following common solutions:

- **Wobbling:**

- Ensure all bolts and screws are fully tightened.
- Verify that the bed is placed on a level surface.
- Confirm the anti-tipping device is securely installed to the wall.

- **Missing/Defective Parts:**

If you find any parts missing or defective upon arrival, please contact DICTAC customer service immediately. Do not attempt to force assembly with incorrect or damaged parts.

- **LED Lights Not Working:**

- Check if the power adapter is securely plugged into a working outlet.
- Ensure all connections to the LED strip and controller are firm.
- If using the app, verify Bluetooth connection and app functionality.

- **Charging Station Not Functioning:**

- Confirm the charging station's power cord is fully inserted into a live outlet.
- Test the outlet with another device to ensure it is working.

8. SPECIFICATIONS

Brand	DICTAC
