## 6. Maintenance

To ensure the longevity and appearance of your BTHFST Loft Bed, follow these maintenance tips:

- Regularly wipe down metal and MDF surfaces with a soft, damp cloth. Avoid harsh chemicals.
- Check all bolts and screws periodically and tighten if necessary to maintain structural integrity.
- Keep the charging station area clean and free of dust to prevent overheating.
- For fabric drawers, spot clean with a mild detergent and allow to air dry.

## 7. Troubleshooting

If you encounter any issues with your loft bed, please refer to the following common solutions:

- **Wobbly Frame:** Ensure all bolts and screws are securely tightened. Verify that the anti-tipping device is properly installed and anchored to the wall.
- **Missing or Damaged Parts:** If you find any missing or damaged parts during installation, please contact customer service immediately.

- **LED Lights Not Working:** Check power connections and ensure the remote control batteries are functional. Refer to the LED light kit's specific instructions for further troubleshooting.
- **Charging Station Not Functioning:** Ensure the power cord is securely plugged into a working wall outlet. Test with different devices to rule out device-specific issues.
