

PET MARVEL USNDSCB001-C1

PET MARVEL Self-Cleaning Litter Box User Manual

Model: USNDSCB001-C1

Brand: PET MARVEL

1. INTRODUCTION

Thank you for choosing the PET MARVEL Self-Cleaning Litter Box. This automatic litter box is designed to simplify pet care with its intelligent features, spacious design, and enhanced safety mechanisms. Please read this manual thoroughly before use to ensure proper operation and maintenance.

2. SAFETY INFORMATION

Your PET MARVEL C1 litter box is equipped with a **Fourfold Safety Mechanism** to ensure your cat's well-being:

- **Infrared Sensor:** Detects your cat's presence.
- **Weight Sensor:** Monitors weight changes, pausing operation if a cat enters.
- **Remote Alarm:** Provides alerts for issues.
- **Accident Protection System:** Automatically pauses when your cat approaches or if there's a weight change.

Important Notes:

- Suitable for cats weighing **3.3 to 22 lbs.**
- Not recommended for pets under **3 months** of age.
- The main unit base, which contains electronic components, should **not** be washed with water. Please wipe it with a damp cloth.

KEEP YOUR COMPANION SAFE

4 Gravity Sensor

The device stops working when the cat enters the litter box

Distance Detector

The machine will immediately stop operating if a cat is detected within a 40 cm range in front of the machine

4. SETUP INSTRUCTIONS

Follow these steps to set up your PET MARVEL Self-Cleaning Litter Box. For a visual guide, please refer to the assembly video below.

4.1. Initial Assembly

1. Unpack all components and ensure they are complete and intact.
2. Install the cleanser box into the roller slot.
3. Open the waste drawer located at the bottom front of the unit.
4. Place the special garbage bag into the card slot of the waste drawer, ensuring it is properly secured.
5. Close the waste drawer.

Video: A detailed guide on assembling and cleaning the PET MARVEL C1 Litter Box, demonstrating how to install components and prepare the unit for use.

4.2. Adding Litter

The PET MARVEL C1 is compatible with various types of clumping cat litter, including bentonite, mineral, and mixed litters. Ensure the litter level is between the MIN and MAX lines indicated inside the drum.

CAT LITTER FREEDOM

Suitable For all Clumping Cat Litter

5. OPERATING INSTRUCTIONS

5.1. Power On/Off

Connect the power adapter to the litter box and a power outlet. The device will power on automatically.

5.2. APP Control & Monitoring

Download the official PET MARVEL app to connect your litter box via 2.4G Wi-Fi. The app allows you to:

- Track your cat's bathroom habits and usage times.
- Monitor your cat's health data.
- Receive real-time alerts for low litter levels or malfunctions.

Note: The APP does not currently support HarmonyOS NEXT.

SMART APP CONTROL & REAL-TIME MONITORING

Free Choice of Cleaning Modes and Track Your Cat's Health Data Wherever You Are
(Support 2.4GHz WIFI&BLE connectivity)

Not available for HarmonyOS NEXT systems

5.3. Cleaning Modes

The litter box automatically cleans after your cat uses it. You can also initiate cleaning manually:

- **Automatic Cleaning:** The device will automatically clean after your cat exits.
- **Manual Cleaning:** Press the 'Clean/Dump' button on the unit or use the 'Clean now' option in the app.
- **Dumping Litter:** To empty all litter, ensure the door frame is removed, then press the 'Clean/Dump' button for 5 seconds or use the 'Empty litter' option in the app.

6. MAINTENANCE

Regular cleaning ensures optimal performance and hygiene. The C1's open-top design and structured components minimize hard-to-reach areas, making cleaning quick and hassle-free.

6.1. Waste Disposal

The sealed drawstring bags help contain odors and make waste disposal simple. Pull the waste drawer out, seal the bag, and dispose of it.

Image: The waste drawer being pulled out, revealing the sealed waste bag for easy disposal.

6.2. Deep Cleaning

For thorough cleaning, the unit can be disassembled. Refer to the assembly video in Section 4.1 for detailed steps on how to remove and reassemble parts for cleaning.

1. Remove the top cover and the inner drum.
2. Remove the internal grate.
3. Wash the removable parts (inner drum, grate, waste drawer) with water and mild soap.
4. Dry all parts completely before reassembly.
5. Wipe the main unit base with a damp cloth. Do not submerge the base in water.

7. TROUBLESHOOTING

If you encounter any issues with your PET MARVEL Self-Cleaning Litter Box, please refer to the common problems and solutions below:

| Problem | Possible Cause | Solution |
|------------------------------------|---|---|
| Device not cleaning automatically. | Cat still inside or near the unit; weight sensor triggered. | Ensure cat has completely exited the unit. Check for obstructions around sensors. |

| Problem | Possible Cause | Solution |
|------------------------------|--|---|
| App connectivity issues. | Incorrect Wi-Fi password; 2.4G Wi-Fi not enabled; router too far. | Verify Wi-Fi credentials. Ensure router is broadcasting 2.4Ghz. Move unit closer to router. Restart device and app. |
| Litter not sifting properly. | Litter type not compatible; too much/too little litter; waste drawer full. | Use clumping litter. Adjust litter level between MIN/MAX lines. Empty waste drawer. |
| Odor issues. | Waste drawer not sealed; cleanser box needs replacement. | Ensure waste bag is properly sealed and drawer is fully closed. Replace cleanser box as needed. |

If the problem persists, please contact customer support.
