Bellemave Wooden Twin Size Double Loft Bed with Slide and Ladder Instruction Manual

Model: GX000242

INTRODUCTION

This manual provides detailed instructions for the assembly, safe use, and maintenance of your Bellemave Wooden Twin Size Double Loft Bed with Slide and Ladder. Please read all instructions carefully before assembly and use to ensure proper function and safety.

An overview of the Bellemave L-shaped twin loft bed, featuring two elevated twin beds, a slide, and a ladder, designed for children's bedrooms.

SAFETY INFORMATION

- Always follow the assembly instructions carefully to prevent instability.
- Be aware of potential pinch points and sharp edges during assembly.
- Do not exceed the weight capacity of 154 pounds (70 kg) per loft bed.
- Supervise children at all times when using the slide or playing under the bed to prevent entrapment.
- Ensure the bed is placed on a flat, level surface.
- Regularly check all bolts and screws to ensure they are tight and secure.

SETUP AND ASSEMBLY

The Bellemave Wooden Twin Size Double Loft Bed requires assembly. Ensure all components are present and undamaged before beginning. This L-shaped design features two twin loft beds, a built-in ladder for access to the upper beds, and a slide for recreational use. Refer to the detailed step-by-step instructions and hardware provided in the product packaging for proper assembly.

It is recommended to assemble the bed with at least two adults. Do not use power tools for assembly

as this may overtighten screws and damage the wood.

This diagram provides precise measurements for the Bellemave L-shaped loft bed, including overall length (118.2 inches), width (77.8 inches), height (46.1 inches), and specific dimensions for the slide, ladder, and bed frames.

OPERATING INSTRUCTIONS

Using the Ladder

The integrated ladder provides access to both twin loft beds. Always use the ladder facing the bed, maintaining three points of contact (two hands and one foot, or two feet and one hand) while climbing or descending. Ensure the ladder is securely attached before use.

Using the Slide

The slide is designed for recreational use. Ensure the area around the slide exit is clear of obstructions and other children before use. Only one child should use the slide at a time. Always slide feet first and in a seated position.

Under-Bed Space

The generous space beneath the loft beds can be utilized for various purposes, such as storage, a play area, or a workstation. Ensure any items placed under the bed do not obstruct the ladder or slide access, and are safely secured to prevent tipping.

A detailed view highlighting the integrated ladder for bed access and the attached slide, showing their placement within the L-shaped structure.

MAINTENANCE

- **Cleaning:** To maintain the quality and appearance of your loft bed, regularly wipe all surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the wood finish.
- **Hardware Check:** Periodically (e.g., every 3-6 months) inspect all bolts, screws, and connections to ensure they are tight and secure. Loose hardware can compromise the bed's stability and safety. Tighten any loose fasteners by hand; do not overtighten.
- **Structural Integrity:** Regularly check for any signs of wear, damage, or splintering on the wooden components. If any damage is found, discontinue use and contact customer support for replacement parts or advice.

TROUBLESHOOTING

- **Bed Wobbles:** If the bed feels unstable or wobbles after assembly, re-check all assembly connections. Ensure all bolts and screws are securely tightened. Verify that the bed is placed on a flat, level surface. Uneven flooring can cause instability.
- **Missing or Damaged Parts:** If you discover any missing or damaged parts during assembly, do not proceed with assembly. Contact Bellemave customer service immediately for assistance and replacement parts.
- **Difficulty Assembling:** If you encounter difficulties during assembly, review the step-by-step instructions carefully. Ensure you are using the correct hardware for each step. If problems persist, contact customer support.

SPECIFICATIONS

Feature	Detail
Brand	Bellemave
Model Number	GX000242
UPC	197793846660
Size	Twin L-Shaped with Slide and Ladder
Product Dimensions	118.2"L x 77.8"W x 46.1"H
Material	Wood (Solid Pine Wood and MDF)
Color	White
