2. SETUP GUIDE

2.1. Unboxing and Initial Inspection

Carefully unbox your Redmi Note 14 5G. Verify that all components listed below are present and undamaged:

- Handset
- 45W Charger
- Type C USB Cable
- SIM Eject Tool
- Protective Case
- Quick Start Guide
- Warranty Card

2.2. SIM Card Installation

The Redmi Note 14 5G supports Dual Nano SIM cards.

1. Locate the SIM card tray on the side of the device.
2. Insert the SIM eject tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano SIM card(s) into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully reinsert the SIM tray into the phone until it clicks into place.

2.3. Initial Power On and Setup

Press and hold the power button until the Redmi logo appears. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, and Google account login.

2.4. Fingerprint Recognition Setup

The device features an in-display fingerprint sensor for enhanced security.

1. Navigate to **Settings > Security > Fingerprint Unlock**.
2. Follow the prompts to register your fingerprint by repeatedly placing your finger on the designated area of the screen.

3. Ensure your finger is clean and dry for optimal recognition.

3.4. Connectivity

The Redmi Note 14 5G supports 5G cellular technology, Bluetooth, USB Type-C, and Wi-Fi for various connectivity needs.

- **Wi-Fi:** Connect to wireless networks for internet access.
- **Bluetooth:** Pair with headphones, speakers, and other compatible devices.
- **USB Type-C:** Use for charging, data transfer, and connecting to computers.
- **5G:** Access high-speed mobile data networks (requires compatible SIM and network coverage).

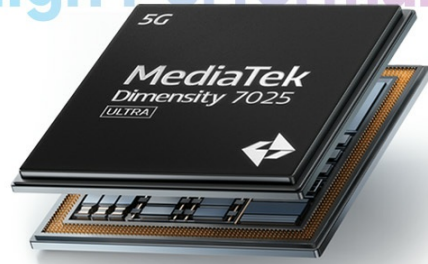

3.5. Operating System

The device runs on Android 14 with Xiaomi's HyperOS, providing a user-friendly interface and access to a wide range of applications.

4.2. Software Updates

Regular software updates are provided to enhance device performance, security, and introduce new features. It is recommended to keep your device updated to the latest software version. The device is supported with 2 years of OS updates and 4 years of security updates.

1. Go to **Settings > About phone > System update**.
2. Check for available updates and follow the on-screen instructions to install them.

4.3. Cleaning Your Device

To clean your device, power it off and gently wipe the screen and body with a soft, lint-free cloth. Avoid using harsh chemicals or abrasive materials that could damage the screen or finish.

5. TROUBLESHOOTING

This section addresses common issues you might encounter with your Redmi Note 14 5G.

5.1. Device Not Powering On

- Ensure the battery is charged. Connect the device to the 45W charger and wait a few minutes before attempting to power it on again.
- Press and hold the power button for at least 10-15 seconds to perform a forced restart.

5.2. Battery Drains Quickly

- Check background app usage in **Settings > Battery > Battery usage** and close unnecessary applications.
- Reduce screen brightness or enable power-saving modes.
- Disable features like GPS, Bluetooth, or Wi-Fi when not in use.

5.3. Device Lags or Freezes

- Close unused applications running in the background.
- Clear cache for frequently used apps in **Settings > Apps > [App Name] > Storage > Clear cache**.
- Restart the device.
- Ensure sufficient storage space is available.

5.4. Fingerprint Sensor Issues

- Ensure your finger and the screen are clean and dry.
- Re-register your fingerprint if recognition is consistently poor.

5.5. Overheating

- Avoid using the device in direct sunlight or hot environments.
- Close resource-intensive applications or games if the device becomes excessively warm.
- Ensure the device is not covered while charging or in heavy use.
