6. MAINTENANCE

- **Cleaning:** Wipe down wooden surfaces with a damp cloth. The removable sink can be washed with soap and water.
- **Drying:** Ensure all wooden parts are thoroughly dried after water play to prevent warping or mold.
- **Weather Protection:** While designed for outdoor use, prolonged exposure to harsh weather (heavy rain, direct sun, snow) can affect the wood. Consider using a protective cover or storing indoors during extreme conditions to extend product life.
- **Fastener Check:** Periodically check and tighten all screws and bolts to maintain structural integrity.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Parts do not align during assembly.	Minor manufacturing variations or incorrect orientation.	Double-check the assembly guide for correct part orientation. Gentle force or a drill may be needed to align holes. If issues persist, contact customer support.
Faucet not dispensing water.	Water reservoir empty or faucet valve is closed.	Ensure the reservoir is filled with water and the faucet handle is fully open. Check for any blockages.
Wood appears worn or damaged after outdoor use.	Prolonged exposure to elements without protection.	Regularly apply a wood sealant suitable for outdoor toys. Store indoors or use a protective cover during harsh weather.
