Scosche BTFM8-1

Scosche BTFM8 Bluetooth FM Transmitter User Manual

Model: BTFM8-1

INTRODUCTION

The Scosche BTFM8 Bluetooth FM Transmitter is designed to enhance your in-car audio experience by providing wireless music streaming, hands-free calling, and device charging capabilities. This device plugs into your vehicle's 12-volt cigarette lighter socket and transmits audio to your car's FM radio, allowing you to enjoy modern connectivity in vehicles without built-in Bluetooth.

PRODUCT OVERVIEW

The BTFM8 features an intuitive design with essential controls and charging ports for convenience.

SETUP

- 1. Power Connection:** Plug the Scosche BTFM8 into your vehicle's 12-volt cigarette lighter socket. The device will power on automatically.
- 2. FM Frequency Tuning:**
 - On the BTFM8, press the 'CH' button to enter FM tuning mode.
 - Use the arrow buttons (rewind/fast-forward) to select an unused FM frequency (one with no active radio station) on the device's display.
 - Tune your car's FM radio to the exact same frequency selected on the BTFM8.
 - Press the 'CH' button again to save the selected frequency.
- 3. Bluetooth Pairing:**
 - On your smartphone or other Bluetooth-enabled device, enable Bluetooth.
 - Search for available devices and select "Scosche BTFM" from the list.
 - Once paired, the Bluetooth icon on the BTFM8 display will stop flashing, indicating a successful connection.

4. **Optional AUX Connection:** If your car has an AUX input, you can connect the BTFM8 directly using the provided AUX cable for a wired connection, bypassing FM transmission.

OPERATING INSTRUCTIONS

Music Playback

- Once paired, music from your smartphone will stream wirelessly to your car's stereo via the selected FM frequency.
- Use the play/pause button on the BTFM8 to control music playback.
- Use the rewind/fast-forward buttons to skip tracks.
- Adjust the volume using the multi-functional knob on the BTFM8 or your car's stereo volume controls.

Hands-Free Calling

- When a call comes in, press the multi-functional button (phone/microphone icon) to answer the call.
- To end a call, press the multi-functional button again.
- The built-in microphone with echo cancellation ensures clear communication during calls.

Voice Commands

- The BTFM8 supports Siri and Google Assistant.
- Press and hold the multi-functional button to activate your smartphone's voice assistant.

Device Charging

- The BTFM8 features dual charging ports: one USB-C and one USB-A.
- These 12W ports allow for fast, simultaneous charging of multiple devices while driving.

MAINTENANCE

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid using harsh chemicals or abrasive cleaners.
- Ensure the 12-volt socket and charging ports are free from debris.

TROUBLESHOOTING

Issue	Possible Solution
No audio/Static interference	Ensure the BTFM8 and car radio are tuned to an unused FM frequency. Try different frequencies to find the clearest channel. Check Bluetooth connection.
Device not powering on	Verify the 12-volt cigarette lighter socket is functioning correctly. Check for proper insertion of the BTFM8.
Bluetooth not connecting	Ensure Bluetooth is enabled on your smartphone. Forget the device from your phone's Bluetooth settings and re-pair. Restart both devices.

Issue	Possible Solution
Charging not working	Check the charging cable and ensure it is properly connected to both the BTFM8 and your device. Verify the device is powered on.
